SETUP

Follow these steps to prepare your TCL Classic 4058W for first use:

1. Inserting the SIM Card and Battery

1. Carefully open the back cover of the phone.
2. Locate the SIM card slot. Insert your AT&T 4G LTE compatible SIM card into the designated slot, ensuring the gold contacts face downwards and the notched corner aligns correctly.
3. If applicable, insert a microSD card into the memory card slot for expanded storage.
4. Insert the battery into its compartment, aligning the contacts.
5. Replace the back cover, pressing firmly until it clicks into place.

CONVENIENTLY ACCESSIBLE

Designed with you in mind with largely printed, easy-to-read keys and a simple yet friendly user interface, users will navigate menus and send messages easily and quickly.

EASY TO SEE, SIMPLE TO USE

See the keypad clearly and dial easily with the largely numbered keypad with tactile buttons for purposeful input.

YOU IN THE BEST LIGHT

Navigation is easy with the familiar design and a user-friendly interface filled with shortcuts to help you quickly access your favorite contacts, emails, or notifications, letting you spend more time on important items and less time searching through menus.

2. Charging the Phone

- Connect the charging cable to the phone's charging port.
- Plug the other end of the cable into a power adapter, then into a wall outlet.
- Allow the phone to charge fully before first use. The battery indicator on the screen will show charging status.

PRISTINE CALLS AND AUDIO

Enjoy an effortless connection with the TCL FLIP Go. Go hands-free with a powerful speaker or connect your favorite pair of headphones. Experience crystal clear calls with noise-canceling dual-microphones and HD Voice functionality on a reliable 4G LTE connection.

BE IMMERSSED IN THE CONVERSATION

Tackle calls in noisy environments with ease thanks to the high sensitivity receiver and dual-microphones with noise cancellation. Or connect your favorite headphones using the 3.5mm audio jack or Bluetooth.

ALL DAY POWER

Effortlessly hear all your calls with the loudspeaker powered by the enhanced power amplifier, or with the M4/T4 Hearing Aid compatibility.

3. Powering On/Off

- To power on, press and hold the Power/End Call button until the screen lights up.
- To power off, press and hold the Power/End Call button, then select "Power off" from the options.

OPERATING THE PHONE

Basic Functions

- **Making Calls:** Enter the phone number using the keypad and press the Green Call button.
- **Receiving Calls:** When the phone rings, press the Green Call button to answer. Press the Red End Call button to decline or end a call.
- **Sending Messages:** Navigate to the Messaging application, select "New Message," enter the recipient's number or select from contacts, type your message, and send.
- **Navigation:** Use the directional pad and the "OK" button to navigate through menus and select options. The large keypad includes dedicated shortcuts for common functions.

A DEPENDABLE COMPANION

Spend more time enjoying life and less time tethered to an outlet with the TCL FLIP GO. The long-lasting battery, snappy quad-core processor and 8GB of expandable internal storage deliver a reliable and trendy experience.

SIMPLY SNAPPY

Tap, text, play music, or email with ease thanks to the snappy performance of a quad-core processor.

TAKE ON THE DAY

Keep the conversation going with a removable 3500mAh battery that supports up to 14 hours of 4G LTE talk time.

SPACE FOR IT ALL

Save all your pictures and fun family videos with 8GB of internal storage, expandable up to 128GB with a microSD card.

Connectivity and Audio

- **4G LTE and HD Voice:** Enjoy clear call quality and fast data speeds thanks to 4G LTE connectivity and HD Voice functionality.
- **Bluetooth:** Connect to compatible Bluetooth devices such as headsets or other phones for file transfer (e.g., contacts).
- **Audio Output:** The phone includes a powerful speaker and supports headphones via a 3.5mm audio jack for private listening.

MAINTENANCE

Proper care ensures the longevity of your TCL Classic 4058W.

- **Battery Care:** To maximize battery life, avoid extreme temperatures. Charge the phone regularly, but avoid leaving it plugged in for extended periods after it's fully charged. The long-lasting battery is designed for extended use.
- **Cleaning:** Use a soft, dry, lint-free cloth to clean the phone's screen and body. Avoid using harsh chemicals or abrasive materials.
- **Storage:** The phone comes with 8GB of internal memory and supports expandable storage via a microSD card, allowing ample space for contacts, messages, and media.
- **Software Updates:** Periodically check for software updates to ensure optimal performance and security. Follow on-screen prompts if an update is available.

SIMPLY SMART

Enjoy the crystal-clear connection of the TCL FLIP Go complete with essential apps and services. 4G LTE connectivity combined with HD voice functionality lets you hear without straining and stay connected almost anywhere. Dual displays make it easy to quickly check for notifications or messages and view incoming calls. A long-lasting battery keeps you powered through your day and when taking on new adventures.

TWICE THE SCREENS, DOUBLE THE CONVENIENCE

Experience the benefits of two screens without all the fuss. The TCL FLIP Go makes it easy to check your notifications or see who is calling on the external 1.44" display, meanwhile in the internal 2.8" display, clear and easy to read for all your day-to-day use.

SEE IT HOW YOU WANT IT

Customize the 2.8" internal display exactly to your liking with adjustable font size, adjustable brightness, and the ability to invert the colors of the screen.

SIMPLE AND STRESS FREE

Stay on top of all your notifications with convenient access right from the home screen.

TROUBLESHOOTING

If you encounter issues with your TCL Classic 4058W, refer to the following common solutions:

- **Phone does not power on:** Ensure the battery is properly inserted and charged. Connect the charger and wait a few minutes before attempting to power on again.
- **Cannot make or receive calls:** Check if the SIM card is correctly inserted. Verify that you have network signal. Ensure your account is active with your wireless carrier (AT&T).
- **Poor call quality:** Move to an area with better network coverage. Ensure the speaker or earpiece is not obstructed.
- **Battery drains quickly:** Reduce screen brightness. Close unused applications. Limit background data usage.
- **Phone is unresponsive:** Try performing a soft reset by removing and reinserting the battery (if removable), then powering on.

If problems persist, contact TCL customer support or your wireless carrier for further assistance.
