# LUXEVA Biotin & Rosemary Mint Shampoo & Conditioner Set User Manual

Model: B0DR7DHP2T

## 1. Product Overview

The LUXEVA 3-in-1 Biotin & Rosemary Mint Shampoo & Conditioner Set is designed to support hair health, targeting concerns such as thinning, breakage, and lack of volume. This comprehensive system includes a hair growth shampoo, a hair growth conditioner, and a rosemary mint hair oil serum, formulated with botanical ingredients to promote a healthy scalp environment and strengthen hair strands.

Image 1: The LUXEVA 3-in-1 Biotin & Rosemary Mint Shampoo, Conditioner, and Serum Set, including full-size bottles and travel-size minis, presented in a gift box.

## 2. Preparation for Use

Before using the LUXEVA Biotin & Rosemary Mint Hair Growth system, ensure your hair is thoroughly wet. No special assembly or setup is required for these products. Simply uncap or unlock the pump dispensers.

- **Shampoo:** Ensure hair is completely wet before application.

- **Conditioner:** Apply to wet hair after shampooing.
- **Hair Oil Serum:** Can be applied to damp or dry hair, depending on desired use (pre-wash treatment or leave-in).

## 3. Operating Instructions: 3-Step Hair Regrowth Ritual

Follow these steps for optimal results with your LUXEVA Biotin & Rosemary Mint Hair Growth system:

### Step 1: Cleanse & Stimulate (Shampoo)

Apply a generous amount of LUXEVA Biotin & Rosemary Mint Hair Growth Shampoo to wet hair. Gently massage into the scalp, working into a rich lather. Focus on stimulating the scalp to cleanse away buildup and activate hair follicles. Rinse thoroughly with warm water. Repeat if necessary.

Image 2: A woman applying shampoo, demonstrating the cleansing and stimulating action on the scalp.

### Step 2: Strengthen & Repair (Conditioner)

After shampooing, apply LUXEVA Biotin & Rosemary Mint Hair Growth Conditioner, focusing on the mid-lengths and ends of your hair. Leave on for 2-3 minutes to allow the ingredients to penetrate and reinforce hair strands, reducing breakage and shedding. Rinse thoroughly with cool water to seal the hair cuticle.

Image 3: A woman rinsing her hair, representing the strengthening and protecting phase of the ritual.

### Step 3: Thicken & Regrow (Hair Oil Serum)

Apply a few drops of LUXEVA Rosemary Mint Hair Oil Serum directly to the scalp, particularly on areas of concern for thinning. Gently massage with fingertips to reactivate dormant follicles and stimulate regrowth. This serum can be used daily on damp or dry hair. For an intensive treatment, apply before washing and leave on for at least 30 minutes.

Image 4: A woman examining her hair in a mirror, symbolizing the thickening and regrowth phase.

## 4. Maintenance and Storage

- **Product Storage:** Store all products in a cool, dry place away from direct sunlight. Ensure caps are tightly closed after each use to maintain product integrity.
- **Hair Care:** For best results, use the LUXEVA 3-in-1 system consistently. Avoid excessive heat styling and harsh chemical treatments which can counteract the benefits of the hair growth system.
- **Travel Minis:** The included travel-size shampoo and conditioner are ideal for maintaining your hair care routine while traveling.

## 5. Troubleshooting

| Issue | Possible Cause / Solution |
|---|---|
| **Scalp Irritation / Dryness** | The menthol and glycerin in the formula are designed to soothe. If irritation persists, discontinue use and consult a healthcare professional. Ensure thorough rinsing after shampoo and conditioner. |
| **Hair feels greasy after oil serum** | Apply a smaller amount of serum. Consider using the serum as a pre-shampoo treatment (apply, leave for 30 mins, then wash) if daily leave-in application feels too heavy for your hair type. |
| **No noticeable hair growth** | Hair growth takes time. Consistent use over several weeks to months is typically required to observe significant results. Ensure you are following all three steps of the ritual regularly. |
| **Product pump not working** | Ensure the pump is fully twisted into the "open" position. If it remains stuck, try gently tapping the bottle on a flat surface to dislodge any air bubbles. If issues persist, contact customer support. |
