4. SETUP

4.1 Charging the Headset

1. Connect the provided USB Type-C charging cable to the charging port on the headset.
2. Connect the other end of the cable to a compatible USB power source (e.g., computer USB port, wall adapter).
3. The LED indicator on the headset will show charging status. A full charge takes approximately 2 hours.

4.2 Bluetooth Pairing

1. Ensure the headset is fully charged.
2. Press and hold the Power button on the headset until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "SY-BT1632" from the list of found devices.

5. Once paired, the LED indicator will turn solid blue or flash slowly.
6. *Note:* The headset supports "One drag two" Bluetooth connection, allowing it to connect to two devices simultaneously.

4.3 Wired Connection (AUX)

1. Insert one end of a 3.5mm audio cable (not included) into the AUX port on the headset.
2. Connect the other end of the cable to the audio output jack of your device.
3. The headset will automatically switch to wired mode.

4.4 TF Card Playback

1. Insert a TF (MicroSD) card with audio files into the designated TF card slot on the headset.
2. The headset will automatically detect the card and begin playing music.

5. OPERATING INSTRUCTIONS

5.1 Basic Controls

- **Power On/Off:** Press and hold the Power button.
- **Play/Pause:** Short press the Play/Pause button.
- **Volume Up:** Short press the "+" button.
- **Volume Down:** Short press the "-" button.
- **Next Track:** Long press the "+" button.
- **Previous Track:** Long press the "-" button.

5.2 Call Management

- **Answer Call:** Short press the Multi-function button (usually the Play/Pause button).
- **End Call:** Short press the Multi-function button during a call.
- **Reject Call:** Long press the Multi-function button when an incoming call rings.
- **Redial Last Number:** Double-press the Multi-function button.

5.3 Voice Assistant (Siri Activation)

- To activate your device's voice assistant (e.g., Siri), short press the Voice Assistant button (refer to headset diagram for exact button).

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headset. Do not use abrasive cleaners or solvents.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the headset regularly, even if not in use for extended periods.
- **Avoid Water:** The headset is not waterproof. Avoid exposure to water or excessive moisture.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Headset does not power on.	Low battery.	Charge the headset fully.
Cannot pair with device.	Headset not in pairing mode; Bluetooth disabled on device; device too far.	Ensure headset is in pairing mode (flashing blue/red). Enable Bluetooth on device. Move headset closer to device (within 10m).
No sound from headset.	Volume too low; incorrect audio source; headset not connected.	Increase volume on headset and device. Check if headset is properly paired/connected. Ensure correct audio output is selected on your device.
Microphone not working.	Microphone muted; incorrect input device selected.	Check if microphone is muted on the headset or your device. Ensure SY-BT1632 is selected as the input device in your device's settings.
