OPERATING INSTRUCTIONS

Usage Guidelines:

- **Weight Capacity:** The daybed has a maximum weight capacity of 500 pounds. Do not exceed this limit to ensure safety and product longevity.

- **Placement:** Position the daybed on a flat, stable surface.
- **Safety:** Always use appropriate bedding materials. For infants and young children, ensure bedding is suitable to prevent hazards.

MAINTENANCE

Cleaning and Care:

- **Upholstery:** Regularly dust the velvet upholstery with a soft brush or vacuum cleaner with an upholstery attachment.
- **Spills:** For liquid spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain.
- **Stains:** For stubborn stains, consult a professional upholstery cleaner or use a mild, pH-neutral fabric cleaner specifically designed for velvet, testing on an inconspicuous area first.
- **Avoid:** Do not use harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the fabric and frame.
- **Frame:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary.

TROUBLESHOOTING
