# Advwin 22-inch Ride-On Luggage with Seat (Model US890201) Instruction Manual

This manual provides detailed instructions for the setup, operation, and maintenance of your Advwin 22-inch Ride-On Luggage with Seat. Please read thoroughly before use.

## PRODUCT OVERVIEW

The Advwin Ride-On Luggage is designed for convenient travel, featuring a durable hardside construction, a built-in seat for children and adults, 360° spinner wheels, a TSA lock, and a USB charging port.

*Image Description: A black Advwin 22-inch Ride-On Luggage with its front compartment open, revealing multiple mesh pockets and a USB cable. The seat is folded down.*

## **SAFETY INFORMATION**

---

- Always ensure the wheel brakes are engaged when using the seat.
- Do not exceed the maximum weight capacity of 200 lbs (90 kg) for the seat.
- Supervise children when they are using the ride-on feature.
- Check airline carry-on size restrictions before travel, especially for the 22-inch model. The 20-inch model is generally recommended for carry-on.

## **SETUP INSTRUCTIONS**

---

### **1. Unpacking**

Carefully remove the luggage from its packaging. Inspect for any damage.

## 2. Setting the TSA Combination Lock

Your luggage is equipped with a TSA-approved combination lock.

1. The initial password is "000". Turn the dials to "000" to unlock.
2. Locate the reset button (usually a small hole) on the side of the lock. Use a pen or pointed object to push and hold the reset button.
3. While holding the reset button, set your desired 3-digit combination by turning the dials.
4. Release the reset button. Your new combination is now set.

**360° Wheels with Brakes & Shock Absorption**

**All-Aluminum 3-Stage Handle**

**USB Charging Port**

**Built in TSA Lock**

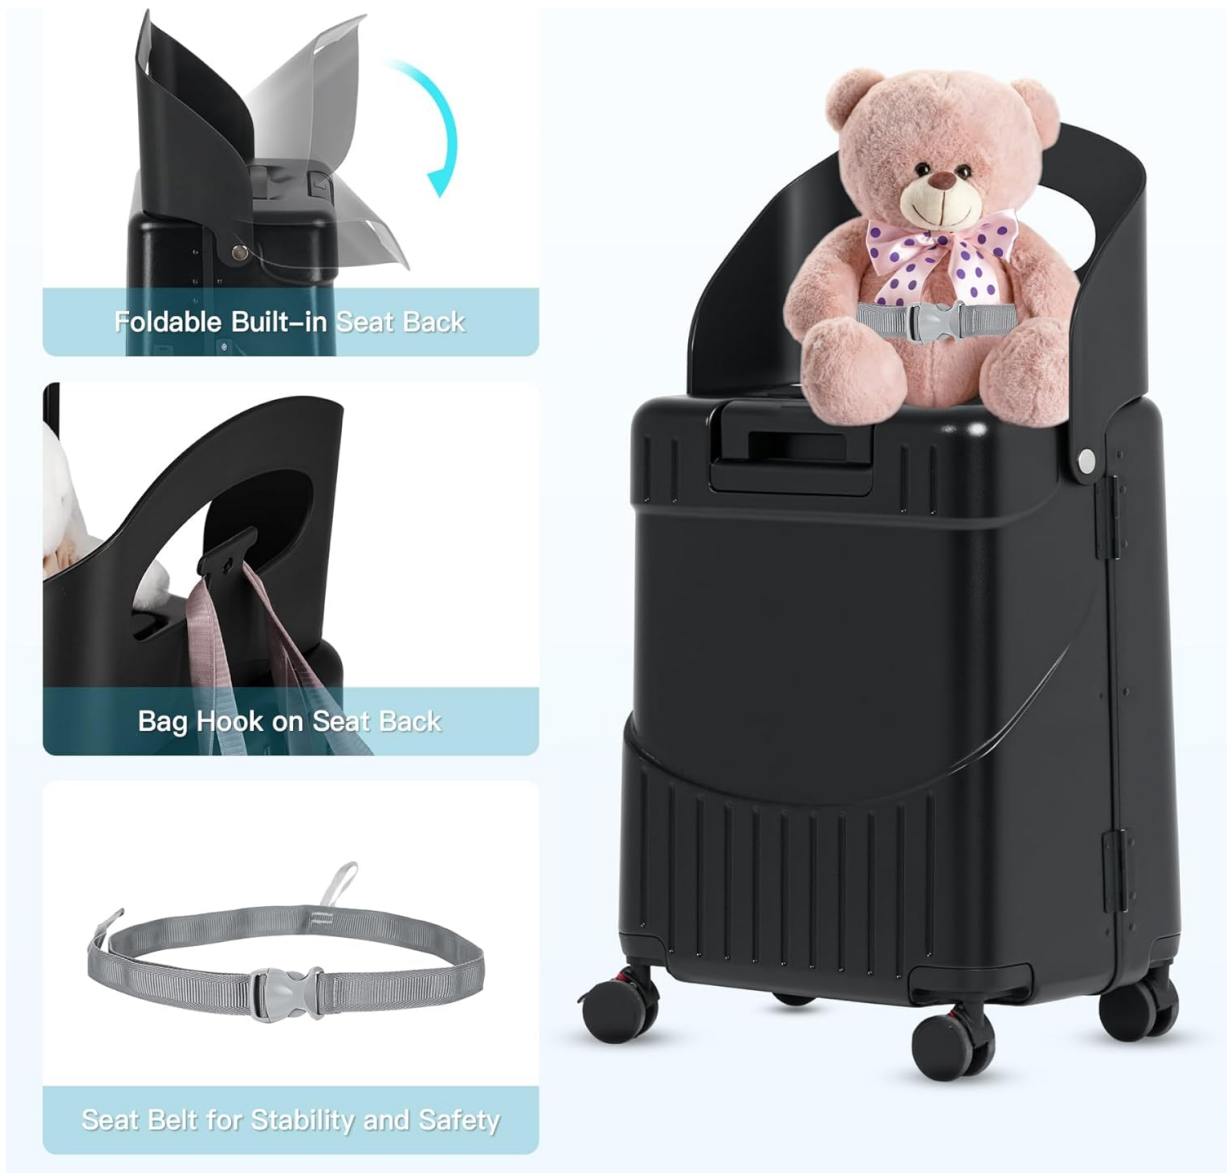

*Image Description: A close-up of the TSA combination lock on the side of the luggage, illustrating the initial "000" setting and the reset button.*

## 3. Activating the Built-in Seat

To use the integrated seat:

1. Ensure the luggage is on a stable, flat surface.
2. Gently lift the seat back from its folded position until it locks into place.
3. Engage the wheel brakes for stability.

4. For child safety, utilize the included seatbelt.

*Image Description: A sequence of images demonstrating how to unfold the built-in seat back and secure a plush toy with the seatbelt.*

## OPERATING INSTRUCTIONS

### 1. Using the Front-Open Compartment

The front-open design allows for quick access to frequently used items without fully opening the main compartment.

1. Locate the front-opening latch on the side of the luggage.
2. Press the latch to release the front panel.
3. Access items from the organized mesh pockets and zippered sections.
4. Close the panel securely until it clicks.

# Front-Open Design for Easy Access

## Front Opening

- ✓ **Quick Access:**  
One-hand grab, no fuss.
- ✓ **Stay Organized:**  
No mess, no spills.
- ✓ **Light & Easy:**  
Top lid lifts effortlessly.

## Clamshell Opening

- ✗ **Cumbersome:**  
Takes time and effort.
- ✗ **Shifts Easily:**  
Items move around.
- ✗ **Prone to Spills:**  
Things might fall out.

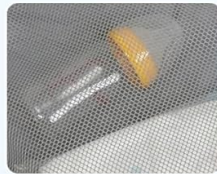

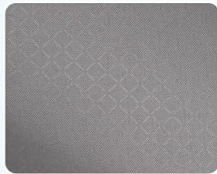

*Image Description: A visual comparison of the luggage's front-open design versus a traditional clamshell opening, highlighting ease of access.*

## 2. Utilizing the USB Charging Port

The luggage features a built-in USB charging port for your electronic devices.

1. Connect your power bank (not included) to the internal USB cable located within the front compartment.
2. Connect your device's charging cable to the external USB port on the side of the luggage.
3. Ensure your power bank is charged and turned on for power delivery.

# 64L Large Capacity with Smart Organization

*Image Description: A close-up of the luggage's side panel, showing a smartphone connected to the external USB charging port and a power bank connected internally.*

## 3. Maneuvering the Luggage

The 360° spinner wheels and telescopic handle provide smooth and effortless mobility.

1. Extend the all-aluminum 3-stage telescopic handle to your preferred height.
2. Push or pull the luggage using the handle. The 360° spinner wheels allow for multi-directional movement.
3. To secure the luggage in place, engage the wheel brakes by pressing down on the levers located on the wheels.

# 22"

Volume **64L**

Weight **11.7LBS**

## Airline-Approved

Carry on Size for Most Airline Compartments (Please Confirm with Your Airline)

*Image Description: An illustration of the 360° spinner wheels with brakes and the adjustable 3-stage telescopic handle.*

## INTERNAL ORGANIZATION

The 64L interior is designed for efficient packing with various compartments:

- **Breathable Mesh Pockets:** Ideal for smaller items or accessories.
- **Wet-Dry Separation:** A dedicated compartment to keep wet or soiled items separate from dry clothing.
- **Secure Zippered Sections:** For valuables or items requiring extra security.

# Super Load Bearing

## Your Mobile Relaxation Zone

Can bear a 200 lbs adult sitting on it

*Image Description: An overhead view of the luggage's interior, showcasing the breathable mesh pockets, wet-dry separation, and zippered compartments.*

## MAINTENANCE

---

### Cleaning

Wipe the exterior with a damp cloth and mild soap. Avoid harsh chemicals. For interior cleaning, use a soft brush or vacuum to remove debris.

### Storage

Store the luggage in a cool, dry place away from direct sunlight when not in use.

## TROUBLESHOOTING

---

### Wheels not rolling smoothly

Check for debris caught in the wheels. Ensure the wheel brakes are disengaged.

### TSA Lock not opening

Verify the combination is correctly entered. If you forgot the combination, you may need to reset it (refer to "Setting the TSA Combination Lock" section).

USB Port not charging

Ensure your power bank is fully charged and properly connected to the internal cable. Check that your device's charging cable is securely plugged into the external port.
