# BUYDEEM K1594T Health-Care Beverage Tea Maker and Kettle User Manual

Model: K1594T

## 1. INTRODUCTION

Thank you for choosing the BUYDEEM K1594T Health-Care Beverage Tea Maker and Kettle. This versatile appliance is designed to simplify your daily routine with its 10 intelligent programs, allowing you to prepare a wide range of beverages and dishes. Constructed from durable DURAN glass and food-grade 316 stainless steel, it ensures both safety and longevity. Please read this manual thoroughly before first use to ensure proper operation and maintenance.

## 2. PRODUCT COMPONENTS

Familiarize yourself with the various parts of your BUYDEEM K1594T appliance:

Image 2.1: Exploded view illustrating the main components of the BUYDEEM K1594T.

- **Tea Basket Cover:** Secures the tea basket.
- **Stainless Steel Infuser:** For brewing loose leaf tea or other ingredients.
- **Kettle Cover:** Main lid for the glass kettle.
- **Stay-cool Handle:** Ergonomically designed for safe handling.
- **Glass Kettle:** The primary 1.5L vessel for heating and brewing.
- **Stew Pot Bracket Cover:** Lid for the glass stew pot.
- **Glass Stew Pot:** Internal pot for stewing, yogurt making, or baby food.
- **Stew Pot Bracket:** Holds the glass stew pot securely within the kettle.
- **Stew Function Knob:** Rotary knob to select specific stewing programs.
- **Control Base:** The main unit with heating element and control buttons.

### 3. SAFETY INSTRUCTIONS

---

To prevent injury or damage, always observe the following safety precautions:

- Read all instructions before use.
- Do not immerse the control base, cord, or plug in water or other liquids.
- Ensure the appliance is placed on a stable, flat, heat-resistant surface, away from the edge of the countertop.
- Do not touch hot surfaces. Use handles or knobs.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Do not use outdoors.
- Do not use the appliance for other than intended use.
- Avoid contact with moving parts.
- Do not fill above the 'MAX' line or below the 'MIN' line indicated on the kettle.
- Use only the power base provided with this appliance. Do not use this power base on other models of beverage makers.

### 4. SETUP

---

#### 4.1 Unpacking

- Carefully remove all packaging materials from the appliance.
- Inspect the kettle and all accessories for any signs of damage. Do not use if damaged.
- Keep packaging materials out of reach of children.

#### 4.2 Initial Cleaning

- Before first use, wash the glass kettle, stainless steel infuser, glass stew pot, and all covers with warm, soapy water. Rinse thoroughly and dry.
- Wipe the control base with a damp cloth. Do not immerse the base in water.
- Perform a trial boil: Fill the kettle with water to the MAX line, boil, then discard the water. Repeat this process once or twice to remove any manufacturing residues.

#### 4.3 Placement

- Place the control base on a dry, flat, stable, and heat-resistant surface.
- Ensure there is adequate ventilation around the appliance.
- Plug the power cord into a grounded electrical outlet.

### 5. OPERATING INSTRUCTIONS

---

The BUYDEEM K1594T features a user-friendly control panel with a stew function knob and dedicated program buttons.

Image 5.1: The control base with the stew function knob and program buttons.

## 5.1 General Operation

1. **Fill the Kettle:** Add water and/or ingredients to the glass kettle. Ensure the liquid level is between the MIN and MAX marks.
2. **Place on Base:** Position the kettle securely onto the control base.
3. **Select Program:** Choose your desired function using the stew function knob or the dedicated program buttons.
4. **Start:** Press the 'Start/Pause' button to begin the selected program.
5. **Pause/Cancel:** Press 'Start/Pause' again to pause or hold for a few seconds to cancel the program.

## 5.2 Intelligent Programs

The K1594T offers 10 versatile programs, accessible via the stew function knob and dedicated buttons:

- **Soup (120 min):** Ideal for preparing various soups.
- **Beverage (60 min):** Suitable for general hot beverages.
- **Tea (10 min):** Optimized for brewing different types of tea.
- **Boil:** For quickly boiling water.
- **Stew (via knob):** General stewing function.
- **Congee (via knob):** For preparing rice porridge.
- **Bird's Nest (via knob):** Specialized program for bird's nest soup.
- **Yogurt (via knob):** For making homemade yogurt.
- **Milk Warmer (via knob):** Gently warms milk, suitable for baby food.
- **Electric Stew Pot (via knob):** Utilizes the internal stew pot for various slow-cooked dishes.

To use programs like Yogurt Maker, Congee Cooker, Milk Warmer, or Electric Stew Pot, place the glass stew pot inside the main kettle, add ingredients to the stew pot, and water to the main kettle (around the stew pot). Select the desired function using the stew function knob.

Image 5.4: The kettle boiling water with fruit pieces, suitable for fruit tea or infused water.

## 6. CLEANING AND MAINTENANCE

---

Regular cleaning ensures optimal performance and extends the lifespan of your appliance.

### 6.1 Daily Cleaning

- Always unplug the appliance and allow it to cool completely before cleaning.
- Remove the kettle from the base.
- Wash the glass kettle, stainless steel infuser, glass stew pot, and all covers with warm, soapy water using a soft sponge or cloth. The separate lid design facilitates easy cleaning.
- Rinse thoroughly under running water.
- Wipe the exterior of the control base with a damp cloth. Do not use abrasive cleaners or scourers.
- Ensure all parts are completely dry before reassembling or storing.

### 6.2 Descaling

Mineral deposits (limescale) can build up over time, especially in hard water areas. Descale your kettle regularly (e.g., monthly) to maintain efficiency.

- Fill the kettle with a mixture of 1 part white vinegar and 2 parts water, or use a commercial descaling solution according to its instructions.
- Bring the mixture to a boil and let it stand for at least 30 minutes, or longer for heavy buildup.
- Empty the kettle and rinse thoroughly several times with fresh water.
- Perform a trial boil with fresh water and discard to remove any residual descaling agent.

## 7. TROUBLESHOOTING

If you encounter issues with your BUYDEEM K1594T, refer to the following common problems and solutions:

| Problem                         | Possible Cause   | Solution   |
|---------------------------------|--|--|
| Appliance does not turn on.     | No power supply; Kettle not properly seated on base.       | Check power outlet and plug connection. Ensure kettle is correctly placed on the control base. |
| Water not heating.              | Program not selected or started; Insufficient water.       | Select a program and press 'Start/Pause'. Ensure water level is above the MIN mark.            |
| Unusual noise during operation. | Mineral deposits (limescale) in the kettle.                | Descal the kettle as described in the Cleaning and Maintenance section.                        |
| Program stops unexpectedly.     | Overheating protection activated; Kettle lifted from base. | Allow the appliance to cool down. Ensure the kettle remains on the base during operation.      |

If the problem persists after attempting these solutions, please contact BUYDEEM customer support.
