2. IMPORTANT SAFETY INSTRUCTIONS

- Read all instructions carefully before assembly and use.
- Keep all small parts and packaging materials away from children.
- Ensure all connections are secure before using the bed frame.
- Do not exceed the maximum weight limit of **1000 lbs.**
- Use only the provided power adapter for the LED lights and charging station.
- Avoid exposing electrical components to moisture.
- Periodically check all bolts and screws to ensure they remain tight.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. Refer to the included parts list in your packaging for specific quantities.

- Headboard (with integrated LED lights and charging station)
- Footboard
- Side Rails
- Solid Wood Slats
- Center Support Legs
- Hardware Pack (screws, bolts, Allen wrench)
- Power Adapter for LED and Charging Station
- Remote Control for LED Lights
- Side Storage Pockets

4. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward. It is recommended to have two people for easier installation. All necessary tools are included.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Attach Side Rails:** Connect the side rails to the headboard and footboard using the provided hardware. Ensure all bolts are finger-tight initially.
3. **Install Center Support:** Secure the center support beam and legs to the bed frame.
4. **Place Slats:** Lay the solid wood slats across the frame. The slats feature a *Velcro design* for quick assembly and to prevent movement. Press firmly to secure the Velcro strips.
5. **Tighten All Hardware:** Once all components are in place, fully tighten all bolts and screws.
6. **Connect Electrical:** Plug in the power adapter for the LED lights and charging station.

7. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

- **LED Lights Not Working:**

- Ensure the power adapter is securely plugged into both the bed frame and a working wall outlet.
- Check the remote control battery.
- Verify that the mobile app is correctly connected via Bluetooth.

- **Charging Station Not Functioning:**

- Confirm the bed frame's power adapter is connected and receiving power.
- Test with different devices and cables to rule out device-specific issues.

- **Squeaking Noise:**

- Tighten all assembly bolts and screws.

- Ensure slats are properly seated and the Velcro is secure.
- Verify that the EVA silent strips are correctly positioned between the wood slats and metal frame.

- **Mattress Movement:**

- The wingback headboard is designed to help prevent mattress movement. Ensure the mattress is properly centered within the frame.
