5. MAINTENANCE

Proper maintenance will extend the life and appearance of your RoyalCraft patio furniture. The set features an all-weather steel frame and water-repellent cushions.

- Frame Cleaning:** Wipe the metal frame with a damp cloth and mild soap. Rinse thoroughly and dry completely to prevent water spots. Avoid harsh chemicals or abrasive cleaners.
- Cushion Care:** The polyester cushion covers are water-repellent. For spills, blot immediately with a clean cloth. For deeper cleaning, remove covers (if detachable) and hand wash with mild soap and cold water, then air dry. Do not machine wash or tumble dry.
- Rust Prevention:** The steel frame has a 3-layer rust-proof treatment. While designed for all-weather use, storing the furniture in a dry, covered area during prolonged periods of harsh weather (heavy rain, snow, extreme temperatures) will further protect it.
- Seasonal Storage:** During off-seasons, store cushions indoors in a dry place to prevent mildew and prolong their lifespan.

- **Cushion Deformation:** The cushions are designed with high-density foam for resilience. If minor deformation occurs, fluff and reshape them. For significant issues, contact customer support.
- **Rust Spots:** While treated, prolonged exposure to moisture can cause rust. Clean any rust spots with a rust remover and apply a rust-inhibiting paint if necessary. Ensure the furniture is kept dry.
