## VINGLI Twin Floating Bed Frame

# VINGLI Twin Floating Bed Frame Instruction Manual

Model: Twin Floating Bed Frame

## 1. SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Ensure the use of appropriate bedding materials for infants and young children.
- Do not use this product without a suitable mattress.
- Be cautious of the adjustable headboard to prevent entrapment.
- Do not exceed the maximum weight capacity of 900 lbs.
- Periodically check all bolts and connections to ensure they remain tight.
- Keep small parts away from children during assembly.

## 2. PRODUCT OVERVIEW

The VINGLI Twin Floating Bed Frame is designed for comfort and convenience, featuring an upholstered headboard, integrated charging station, and LED lighting. Its robust metal construction provides stable support without the need for a box spring.

### Key Features:

- **LED Lights:** Over 6000 colorful lighting options with rhythm mode to enhance room ambiance.
- **Charging Station:** Includes 1 USB Port and 1 Type-C Port for convenient device charging.
- **Adjustable Height Headboard:** Customizable comfort with an 11.8-inch height adjustment range.
- **Heavy-Duty Construction:** Robust metal frame designed to support up to 900 lbs.
- **No Box Spring Needed:** Platform design provides direct mattress support.
- **Under-Bed Clearance:** 8.8 inches of space for storage or robotic vacuum cleaning.

### 3. SETUP AND ASSEMBLY

Assembly is designed to be straightforward. It is recommended to have two people for easier and quicker setup. Ensure all parts are present before beginning.

#### Assembly Steps:

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out. Refer to the included parts list to ensure everything is accounted for.
2. **Assemble the Main Frame:** Connect the side rails and support beams according to the diagrams. Ensure all connections are secure but do not fully tighten bolts until the frame is fully assembled.
3. **Attach Support Legs:** Securely attach all support legs to the main frame.
4. **Install Slats:** Place the metal slats onto the frame. Ensure they are evenly spaced and securely fastened to provide proper mattress support.
5. **Attach Headboard:** Connect the upholstered headboard to the frame. Adjust its height to your preference before tightening.
6. **Install LED Strips and Charging Station:** Carefully attach the LED light strips to the designated areas on the frame. Mount the charging station and connect its power cable.
7. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and screws.

## 4. OPERATING INSTRUCTIONS

### 4.1. LED Lights Operation

The integrated LED lights offer various color options and modes. Use the provided remote control to adjust settings.

- **Power On/Off:** Press the power button on the remote to turn the lights on or off.
- **Color Selection:** Use the color buttons on the remote to choose from over 6000 static colors.
- **Mode Selection:** Cycle through various dynamic modes, including rhythm mode, using the mode buttons.
- **Brightness Adjustment:** Increase or decrease the light intensity using the brightness control buttons.

## 4.2. Charging Station Usage

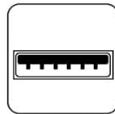

The headboard includes a built-in charging station for your electronic devices.

- **Connect Power:** Ensure the bed frame's main power cable is plugged into a wall outlet.
- **USB/Type-C Ports:** Plug your device's charging cable into the available USB or Type-C port on the headboard.

### 4.3. Adjustable Headboard

The headboard height can be adjusted to accommodate different mattress thicknesses or personal preferences.

- **Adjustment Mechanism:** Loosen the securing bolts on the headboard supports.
- **Raise or Lower:** Carefully slide the headboard to the desired height (range 33.8-45.7 inches).
- **Secure Position:** Tighten the securing bolts firmly to lock the headboard in place.

## 5. MAINTENANCE

Regular maintenance helps prolong the life of your bed frame.

- **Cleaning:** Wipe the metal frame with a damp cloth. For the upholstered headboard, use a soft brush or vacuum cleaner to remove dust. Spot clean with a mild fabric cleaner if necessary.
- **Check Connections:** Periodically inspect all bolts and screws to ensure they are tight. Re-tighten if any looseness is detected.
- **LED Lights:** Avoid exposing LED strips to excessive moisture. If lights malfunction, check power connections.
- **Charging Ports:** Keep USB and Type-C ports free of dust and debris.

## 6. TROUBLESHOOTING

If you encounter issues with your bed frame, refer to the following common solutions:

- **Bed Frame is Wobbly:** Ensure all bolts and screws are fully tightened. Check that the frame is on a

level surface.

- **LED Lights Not Working:** Verify that the power adapter for the LED lights is securely plugged into both the bed frame and a working wall outlet. Check the remote control battery.
- **Charging Ports Not Functioning:** Confirm the bed frame's main power is connected. Try a different device or cable to rule out external issues.
- **Headboard Does Not Stay in Position:** Ensure the securing bolts for the adjustable headboard are tightened firmly after adjustment.

If problems persist, contact VINGLI customer support for assistance.
