SETUP GUIDE

Initial Charging

Before first use, ensure the earbuds and charging case are fully charged. Connect the provided USB-C cable to the charging port on the case and a compatible USB power source. The indicator light on the case will show charging status.

Pairing with Your Device

1. Open the charging case. The earbuds will automatically power on and enter pairing mode (indicator lights will flash).
2. On your device (smartphone, tablet, computer), go to Bluetooth settings.
3. Search for "SP9i" or "kurdene Earbuds" in the list of available devices.
4. Select the earbuds to connect. Once connected, a voice prompt will confirm successful pairing, and the indicator lights on the earbuds will turn off or show a steady light.

Wearing the Earbuds

The over-ear design ensures a secure and comfortable fit. Follow these steps for optimal placement:

1. Hang the end of the earbud on your ear helix.
2. Rotate it backward along the auricle.
3. Adjust the ear hook until the headset is worn stably.

How to Get a Perfect Fit

Step 1 Hang the end of the earbud on the ear helix

Step 2 Rotate it backward along the auricle

Step 3 Adjust the ear hook until the headset is worn stably

- **Volume Up (Right Earbud):** Single tap

Power On/Off

- **Power On:** Open the case and take out the earbuds.
- **Power Off:** Place earbuds back into the charging case and close the lid.

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your kurdene Wireless Earbuds, please follow these maintenance guidelines:

- If there is noise or low sound, or if the earbud is not charging properly, please take off the silicone ear cap and wipe the charging column with a cotton swab.
- Avoid exposing the earbuds to excessive moisture or liquids. While water-resistant, they are not fully waterproof.
- If the earbuds get wet, please wipe them with a dry cloth before putting them back into the charging case to avoid damaging the device.
- Store the earbuds in their charging case when not in use to protect them and keep them charged.

TROUBLESHOOTING

If you encounter any issues with your kurdene Wireless Earbuds, try the following solutions:

Problem	Solution
Earbuds not pairing with each other or device.	<ul style="list-style-type: none">◦ Ensure both earbuds are fully charged.◦ Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid and take them out again.◦ On your device, forget the "SP9i" Bluetooth connection and try pairing again.
Only one earbud is working.	<ul style="list-style-type: none">◦ Ensure both earbuds are taken out of the case simultaneously.◦ Reset the earbuds by placing them back in the case and repeating the pairing process.
Low volume or poor sound quality.	<ul style="list-style-type: none">◦ Adjust the volume on both your device and the earbuds.◦ Ensure the ear tips are properly sealed in your ear canal. Try different sized ear tips.◦ Clean the earbud mesh and charging contacts with a dry cotton swab.

Problem	Solution
Earbuds not charging.	<ul style="list-style-type: none"> Ensure the charging cable is securely connected to both the case and the power source. Clean the charging contacts on both the earbuds and inside the case. Try a different USB-C cable or power adapter.
