### 3.6 Battery Management

The 6500mAh battery supports 18W PD fast charging, providing extended usage times. For optimal battery life, avoid extreme temperatures and use the original charger.

## 4. MAINTENANCE

To ensure the longevity and optimal performance of your BNCf Bpad 10 4G Tablet, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body of the tablet. Avoid abrasive materials or harsh chemicals.
- **Software Updates:** Regularly check for and install system updates to ensure your tablet has the latest features, security patches, and performance improvements. You can usually find this option in Settings > System > System update.
- **Data Backup:** Periodically back up your important data to cloud storage or an external device to prevent data loss.
- **Storage Optimization:** Manage your storage by uninstalling unused apps and deleting unnecessary files to maintain optimal performance.

## 5. TROUBLESHOOTING

If you encounter issues with your BNCf Bpad 10 4G Tablet, consider the following common solutions:

- **Tablet not turning on:** Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again.
- **Screen unresponsive:** Try restarting the tablet by holding down the power button for about 10-15 seconds until it reboots.
- **Apps crashing or freezing:** Close background apps, clear app cache (Settings > Apps > [App Name] > Storage > Clear cache), or restart the tablet. Ensure apps are updated to their latest versions.
- **Wi-Fi/Bluetooth connectivity issues:** Toggle Wi-Fi/Bluetooth off and on, restart your router/device, or forget the network and reconnect.
- **Slow performance:** Free up storage space, close unnecessary background apps, or perform a factory reset (backup data first).

For persistent issues or advanced troubleshooting, please refer to the Warranty and Support section for contact information.
