Think Academy T100

Think Academy AI Kids Tablet T100 User Manual

Model: T100

Brand: Think Academy

PRODUCT OVERVIEW

The Think Academy AI Kids Tablet T100 is an advanced educational device designed for children from Pre-K to Grade 6. It features an AI-powered tutor, a vast library of educational content, and a gamified learning system to make education engaging and effective. This model includes a detachable keyboard for enhanced functionality, supporting a comprehensive learning experience across subjects like ELA, Math, ABC, Word, Read, Phonics, and STEM.

WHAT'S IN THE BOX

Verify that all components are present in your package:

- T100 Tablet
- Tablet Case with Bluetooth Keyboard
- 18W USB Travel Charger
- USB Type-C Cable
- Quick Reference Guide

1. Initial Charging

Before first use, fully charge the tablet using the provided 18W USB Travel Charger and USB Type-C Cable. Connect the Type-C cable to the tablet's charging port and the charger to a power outlet. The charging indicator will show progress.

2. Powering On/Off

To power on, press and hold the power button located on the side of the tablet until the screen lights up. To power off, press and hold the power button, then select "Power Off" from the on-screen options.

3. Connecting the Keyboard

The included keyboard connects via Bluetooth. Ensure the keyboard is charged. Turn on Bluetooth on the tablet via Settings. Put the keyboard in pairing mode (refer to the keyboard's specific instructions, usually a button press). Select the keyboard from the list of available Bluetooth devices on the tablet to pair.

4. Initial Setup and Wi-Fi Connection

Upon first power-on, follow the on-screen prompts to complete the initial setup. This includes selecting your language, connecting to a Wi-Fi network, and setting up a user profile. A stable Wi-Fi connection is essential for accessing online content and updates.

OPERATING INSTRUCTIONS

AI Smart Scan Feature

The AI Smart Scan feature allows the tablet to scan physical documents for instant answers and step-by-step help. Position the document flat beneath the tablet's scanner. Open the "Snap Learn" or "Snap Word" application to utilize this function. The tablet will project a light beam to scan the content.

Trusted by Parents

Track learning seamlessly, ensuring control and peace of mind

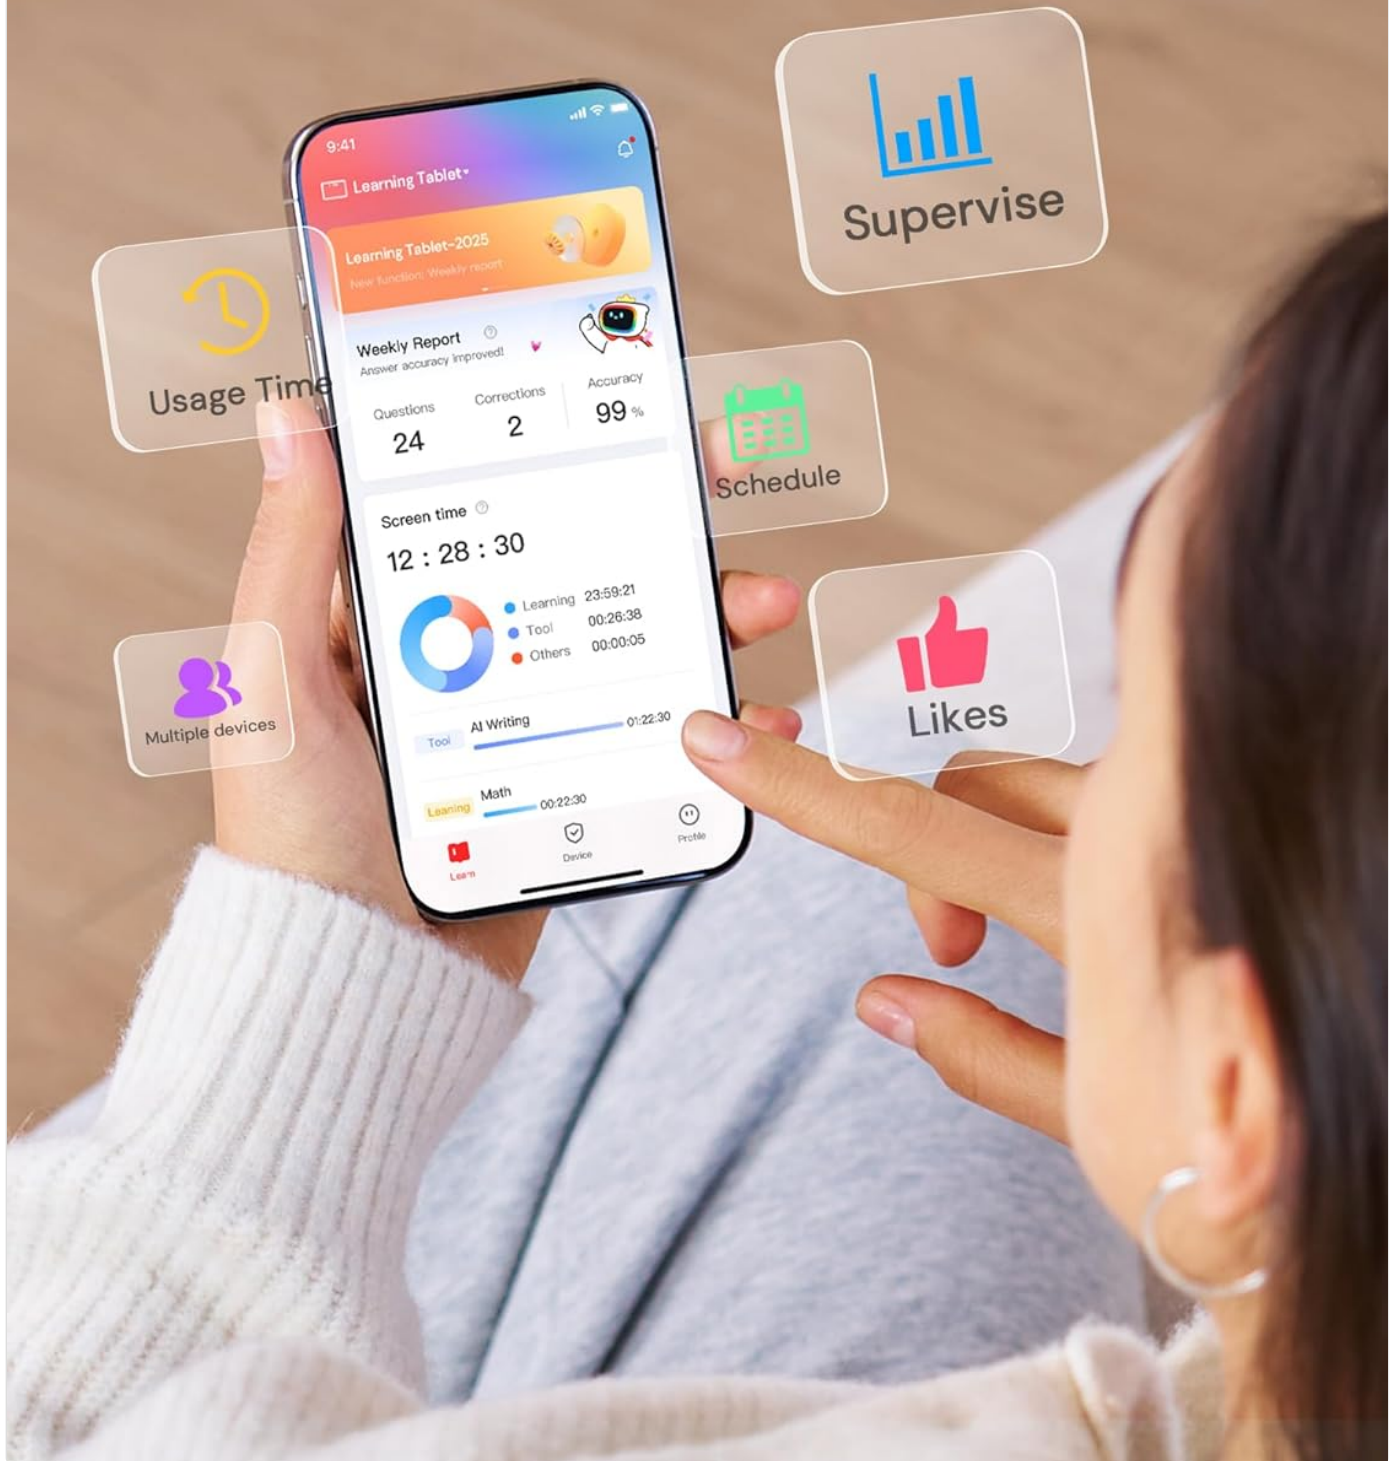

Image: The AI Kids Tablet T100 in use, demonstrating the AI Smart Scan feature. A document with math problems and a children's book are placed below the tablet, and the screen shows "Snap Learn," "Snap Word," and "Writing Tutor" options, indicating the scanning capability.

AI-Powered Genius Tutor

The "Genius Tutor" is an adaptive AI that identifies learning gaps and provides real-time, step-by-step guidance across

various subjects like math and literacy. It adapts to the user's progress, offering personalized support to master concepts.

Reimagining Learning From Tomorrow For Today

Thinkie: Your AI Learning Companion

Thinkie is an AI-driven mentor designed to engage children through natural conversations, guide learning with patience, and encourage daily progress. Interact with Thinkie for personalized learning support and motivation.

Thinkie: AI Learning Ally

Spark Curiosity, Grow Confidence

Image: The Thinkie AI character, a friendly robot, with conversation bubbles displaying phrases like "Hi I'm Thinkie!", "How was school today?", "Let's solve this math!", "One more task - almost done!", "What do you want to learn?", and "Thinkie, I like you!".

Gamified Motivation System

The tablet incorporates a gamified system where children earn badges, unlock rewards, and conquer challenges as they achieve learning milestones. This system is designed to foster curiosity and build positive learning habits.

Gamified Motivation System

Earn rewards and unlock fun achievements
for every learning milestone!

Image: The tablet screen displaying a gamified learning interface. A child's avatar in an astronaut suit is shown, with options to customize characters and earn rewards, surrounded by floating gold coin icons.

Eye-Care Screen Technology

The 11-inch eye-care screen is designed to mitigate the impact on children's eyesight during extended use. It features

LCD Display, TÜV Certification, DC Dimming, Flicker-Free technology, Anti-Glare, and Anti-Fingerprint properties for a safer and more comfortable viewing experience.

MAINTENANCE

Cleaning the Device

Use a soft, lint-free cloth to clean the tablet screen and body. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid using harsh chemicals or abrasive materials.

Battery Care

To prolong battery life, avoid exposing the tablet to extreme temperatures. It is recommended to fully charge the tablet before extended periods of non-use. Do not leave the tablet fully discharged for long durations.

Software Updates

Regularly check for and install software updates to ensure optimal performance, security, and access to the latest features. Updates can typically be found in the tablet's Settings menu under "System" or "About Tablet."

TROUBLESHOOTING

Tablet Not Turning On

- Ensure the tablet is fully charged. Connect it to the charger for at least 30 minutes.
- Press and hold the power button for 10-15 seconds to perform a forced restart.

Wi-Fi Connection Issues

- Check if Wi-Fi is enabled in the tablet's settings.
- Restart your Wi-Fi router.
- Forget the network on the tablet and reconnect.

Apps Not Loading or Crashing

- Ensure the tablet has sufficient storage space.
- Clear the cache and data for the problematic app in Settings > Apps.
- Restart the tablet.
- Check for app updates in the app store.

Scanner Not Working

- Ensure the document is placed correctly and flat under the scanner.
- Check for adequate lighting in the scanning area.
- Restart the "Snap Learn" or "Snap Word" application.
