Divoom TimeBox Evo and Ditoo Pro

Divoom TimeBox Evo and Ditoo Pro Pixel Art Bluetooth Speaker User Manual

Model: TimeBox Evo and Ditoo Pro

1. INTRODUCTION

This manual provides essential instructions for the setup, operation, and maintenance of your Divoom TimeBox Evo and Ditoo Pro Pixel Art Bluetooth Speakers. Please read this manual thoroughly before using the device to ensure proper functionality and longevity.

The Divoom TimeBox Evo and Ditoo Pro are versatile pixel art Bluetooth speakers featuring a 16x16 LED display, app control, and various functions including an alarm clock, notification display, and more.

2. PACKAGE CONTENTS

- Divoom TimeBox Evo / Ditoo Pro Speaker
- USB Charging Cable
- User Manual

3. SETUP

3.1 Charging the Device

Before first use, fully charge your Divoom speaker. Connect the provided USB charging cable to the charging port on the device and to a standard USB power adapter (not included). The charging indicator will show the charging status.

3.2 Powering On/Off

- **To Power On:** Press and hold the power button located on the device for a few seconds until the LED display illuminates.
- **To Power Off:** Press and hold the power button again for a few seconds until the LED display turns off.

3.3 App Installation and Bluetooth Pairing

1. Download the official Divoom app from your smartphone's app store (iOS App Store or Google Play

Store).

2. Ensure Bluetooth is enabled on your smartphone.

3. Open the Divoom app and follow the on-screen instructions to connect to your Divoom speaker. The app will guide you through the pairing process.

4. Once connected, the app will display the device status, and you can begin customizing settings and features.

4. OPERATING INSTRUCTIONS

4.1 Basic Speaker Functions

- **Volume Control:** Use the dedicated volume buttons on the device or control volume via your connected smartphone.
- **Play/Pause:** Press the play/pause button on the device or control playback through your smartphone.
- **Track Navigation:** Use the next/previous track buttons on the device or your smartphone to skip tracks.

4.2 Pixel Art Creation and Display

The Divoom app allows you to create and display custom pixel art on the 16x16 LED screen.

1. Open the Divoom app and navigate to the 'Pixel Art' section.
2. Use the drawing tools to create your own pixel art designs. The display on the speaker will update in real-time.
3. Explore the online gallery within the app to discover and download pixel art created by other users.

4.3 Alarm Clock Functionality

Set and manage alarms directly through the Divoom app.

- Access the 'Alarm' section in the app.
- Configure alarm time, sound, and repetition settings.
- The speaker can function as a bedside alarm clock when plugged in.

4.4 Additional Features

The Divoom app unlocks a range of additional functionalities:

- **Online Radio:** Access various internet radio stations.
- **Notifications:** Display notifications from linked social media apps.

- **Voice Memo:** Record and play back short voice messages.

- **Sleep Aid:** Utilize built-in white noise and ambient sounds for relaxation.

- **Time Planner:** Organize your schedule and receive reminders.

- **Light:** Adjust display brightness and color settings.

- **Weather Report:** Display current weather conditions.

5. MAINTENANCE

5.1 Cleaning

To clean your Divoom speaker, gently wipe the surface with a soft, dry, lint-free cloth. Do not use abrasive cleaners, solvents, or spray directly onto the device. Avoid exposing the device to excessive moisture.

5.2 Battery Care

To prolong battery life, avoid fully discharging the device frequently. If storing the device for an extended period, charge it to approximately 50% and store it in a cool, dry place. Recharge every few months to prevent deep discharge.

6. TROUBLESHOOTING

- **Device Not Powering On:** Ensure the device is fully charged. Connect it to a power source and attempt to power on again.
- **Bluetooth Pairing Issues:** Ensure Bluetooth is enabled on your smartphone and the Divoom app is

open. Try restarting both the speaker and your smartphone. Ensure the speaker is not already connected to another device.

- **No Sound:** Check the volume levels on both the speaker and your connected device. Ensure the speaker is properly paired via Bluetooth.

- **Display Not Responding:** Try restarting the speaker. If the issue persists, check for app updates or reinstall the Divoom app.

- **App Connectivity Problems:** Ensure your smartphone has a stable internet connection for app features that require it.
