# Seemagic Electric Nail Clipper User Manual

Model: B0DRFF4H9M

## 1. INTRODUCTION AND PRODUCT OVERVIEW

The Seemagic Electric Nail Clipper is an innovative 2-in-1 device designed for convenient and safe nail care. It combines the functions of a nail clipper and a file, providing a smooth and polished finish without the need for multiple tools. This device is suitable for both adults and babies, featuring a built-in light and two speed settings for precise trimming. Its unique design includes a nail scrap storage system to ensure a clean and mess-free experience.

Figure 1.1: Seemagic Electric Nail Clipper and accessories.

The clipper is engineered for ease of use, safety, and portability, making it an ideal companion for home use or travel. Its quiet operation ensures it can be used without disturbing others.

## ALWAYS READY, ALWAYS RADIANT

Futuristic | Refined | Aesthetic

## 2. SAFETY INFORMATION

Your safety is paramount when using the Seemagic Electric Nail Clipper. Please adhere to the following guidelines:

- **Triple Protection:** The device incorporates triple protection mechanisms to prevent accidental activation and ensure safe operation.
- **Built-in LED Light:** Use the integrated LED light to illuminate the nail area, ensuring accurate and safe trimming, especially in low-light conditions.
- **Low Noise Operation:** The clipper operates at less than 40 decibels, minimizing disturbance to sleeping individuals or quiet environments.
- **Infrared Detection:** Equipped with infrared detection to prevent accidental touching of the blades during operation.
- **Blade Reversal:** The device features a smart design with reverse blades to help eliminate jamming. Double press the power button to activate the reverse function if needed.

Figure 2.1: Infrared detection feature for enhanced safety.

**Important Safety Tip:** It is not recommended to use this device for trimming hard nails, toenails, or pet nails. This product is designed for fingernails and softer nails to ensure optimal safety and performance.

### 3. SETUP

Before first use, ensure the Seemagic Electric Nail Clipper is fully charged.

1. **Charging:** Connect the provided USB charging cable to the clipper's charging port and a compatible USB power source (e.g., wall adapter, computer USB port).
2. **Charging Indicator:** The device will indicate its charging status (refer to the product's specific LED indicator behavior for full charge). A full charge provides over 150 minutes of continuous use, lasting up to 4 months on standby.
3. **Initial Cleaning:** Before first use, ensure the nail chip bin is empty and clean.

## 4. OPERATING INSTRUCTIONS

Using the Seemagic Electric Nail Clipper is simple and efficient:

1. **Power On:** Press the power button to turn on the device. The LED light will activate, illuminating the trimming area.
2. **Positioning:** Gently place your fingernail into the trimming slot. The device is designed to automatically trim and polish the nail as it makes contact with the precision-engineered blades.
3. **Trimming:** Slowly glide your nail across the blades. The device will collect nail clippings in the internal storage bin.
4. **Speed Settings:** The device offers two speed settings. Refer to the product's specific instructions for how to switch between speeds (e.g., single press for low, double press for high, or a dedicated speed button).
5. **Blade Reversal (if needed):** If the blades seem to jam or require clearing, double press the power button to activate the reverse function.
6. **Power Off:** Press the power button again to turn off the device when finished.

The compact and portable design allows for use in various locations, including at home, in the office, or while traveling, without creating a mess.

# Use Anywhere, No Mess

The figure consists of four square images arranged in a 2x2 grid, each showing the Seemagic Electric Nail Clipper in a different environment. The clipper is a red sphere with a gold band and a gold base. In the 'Bed' image, it sits on a wooden nightstand next to a telephone. In the 'Work' image, it sits on a dark desk next to a keyboard. In the 'Car' image, it sits on a black leather car seat. In the 'Public places' image, it sits on a dark table next to a cup of coffee and a brown bag.

## 5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Seemagic Electric Nail Clipper.

1. **Emptying the Nail Chip Bin:** After each use, or when the bin is full, remove the magnetic lid and empty the collected nail clippings from the storage bin.
2. **Cleaning Blades:** Use the provided cleaning brush to gently remove any residual dust or nail particles from the blades and the trimming slot. Do not use water or liquid cleaners directly on the blades or internal components.
3. **Exterior Cleaning:** Wipe the exterior of the device with a soft, dry cloth.
4. **Storage:** Store the clipper in a cool, dry place, away from direct sunlight and moisture. The anti-lost magnetic lid ensures the device remains securely closed when not in use.

## 6. TROUBLESHOOTING

If you encounter issues with your Seemagic Electric Nail Clipper, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not turn on or operate.	Low battery or no charge.	Ensure the device is fully charged using the provided USB cable.

Problem	Possible Cause	Solution
Blades are not clipping effectively or seem stuck.	Nail clippings obstructing the blades; attempting to clip nails that are too hard or thick.	Empty the nail chip bin and clean the blades with the brush. Double press the power button to activate the blade reversal function. Remember, this device is not recommended for very hard or thick nails, toenails, or pet nails.
Unusual noise during operation.	Debris in the mechanism.	Turn off the device, empty the nail chip bin, and thoroughly clean the blades and surrounding area with the brush. If the issue persists, contact customer support.

If the problem persists after attempting these solutions, please contact Seemagic customer support for further assistance.

## 7. SPECIFICATIONS
