VASAGLE ULRC050K01 4-Tier Slim Slide-Out Storage Cart

Instruction Manual

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your VASAGLE ULRC050K01 4-Tier Slim Slide-Out Storage Cart. Designed for optimal space utilization, this versatile cart offers convenient storage in various settings such as kitchens, bathrooms, and laundry rooms. Please read all instructions carefully before assembly and use to ensure safe and proper operation.

SAFETY INFORMATION

WARNING:

- Do not exceed the weight capacity of 22 lb (10 kg) per tier.
- Do not place the storage cart in a damp environment.
- Ensure all parts are properly secured before use.
- Do not allow children to play on, with, or around the cart.

PARTS LIST

All necessary parts and tools for assembly are included in the package. Please verify that all components are present and undamaged before beginning assembly. Refer to the assembly video for a visual guide to the parts.

ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your VASAGLE 4-Tier Slim Slide-Out Storage Cart. An assembly video is provided for visual guidance.

1. **Prepare Base Sections:** Connect the base panels (A, B, C, D) using the provided dowels (3) and metal

- plates (9) with screws (5). Secure with the Allen key (12).
- 2. Attach Vertical Supports:** Insert the vertical support bars (H, I) into the designated holes on the assembled base. Secure them using screws (1) and the screwdriver (13).
 - 3. Install Side Panel with Wheels:** Attach the side panel (F) to one end of the cart. Secure the wheels (10) to this panel using screws (6) and the screwdriver (13). Ensure the dowels (3) are inserted for proper alignment.
 - 4. Attach Top Panel:** Place the wooden top panel (E) onto the top of the assembled frame. Secure it using screws (2) and the screwdriver (13).
 - 5. Install Handle:** Attach the handle (J) to the side of the top panel using screws (7) and the screwdriver (13).
 - 6. Insert Adjustable Shelves:** Place the adjustable shelves (G) into the desired positions. The height of these shelves can be adjusted by moving the shelf pins (8) to different holes along the vertical supports.

PRODUCT FEATURES & USAGE

The VASAGLE 4-Tier Slim Slide-Out Storage Cart is designed to maximize storage in compact areas.

- **Space-Saving Design:** At 5.9 inches wide, this cart is ideal for fitting into narrow spaces next to appliances or between furniture, providing easily accessible storage.
- **Adjustable Shelves:** The two upper tiers can be adjusted between 7.1 and 8.3 inches, and the two lower tiers between 11.2 and 13.8 inches. This flexibility accommodates items of various heights, such as large detergent bottles or tall kitchen utensils.
- **Effortless Mobility:** Equipped with a convenient handle and four smooth-gliding wheels, the cart can be easily moved across different floor types, including carpets.
- **Secure Storage:** Side barriers on each tier help prevent items from falling off, ensuring your stored goods remain secure.
- **Versatile Use:** Perfect for organizing spices, cleaning supplies, toiletries, or other small items in your kitchen, bathroom, or laundry room.

MAINTENANCE

To ensure the longevity and appearance of your storage cart, follow these maintenance guidelines:

- **Cleaning:** Wipe the surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the finish. The gaps between shelves allow for easy cleaning.
- **Spills:** Promptly clean any spills, especially on the wooden top, to prevent staining or damage. The material is designed to be easy to clean.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Environment:** Keep the cart in a dry environment. Avoid prolonged exposure to direct sunlight or extreme temperatures.

TROUBLESHOOTING

If you encounter any issues with your VASAGLE storage cart, please refer to the following common solutions:

- **Wobbly Cart:** Ensure all screws are securely tightened. Check that the cart is placed on a level surface.
- **Difficulty Rolling:** Verify that the wheels are free of debris and can rotate smoothly. Ensure the locking mechanism on the wheels (if applicable) is disengaged.
- **Items Falling:** Make sure items are placed within the confines of the shelves and do not exceed the height of the side barriers. Adjust shelf height if necessary to better contain taller items.
