## 5. MAINTENANCE

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive cleaners or solvents.
- **Storage:** Store the tablet in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device using the provided charger or a compatible 5V/2A or PD18W charger.
- **Software Updates:** Regularly check for and install system updates to ensure optimal performance and security.

## 6. TROUBLESHOOTING

## 6.1 Data Transfer Warning

**Important Note:** If you purchased your tablet on or after April 20th, it comes with Android 15. Transferring data directly from another tablet to this device may cause errors. It is recommended to set up the new tablet as a fresh device and manually transfer data or use cloud services to avoid potential issues.

## 6.2 Common Issues

- **Device not powering on:** Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again.
- **Screen unresponsive:** Try restarting the device by holding the power button. If unresponsive, force restart by holding the power button for an extended period (usually 10-15 seconds).
- **Wi-Fi/4G connectivity issues:** Check if Wi-Fi is enabled and connected to the correct network. For 4G, ensure SIM cards are properly inserted and your plan is active. Try restarting the tablet and your router/modem.
- **Apps crashing:** Clear the cache of the problematic app or reinstall it. Ensure the tablet's software is up to date.
