7. MAINTENANCE

To ensure the longevity and appearance of your Fenge Dual Monitor Stand, follow these simple maintenance tips:

- **Cleaning:** Wipe the surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as they may damage the anti-scratch finish.
- **Dusting:** Regularly dust the stand to prevent buildup.
- **Drawer Care:** The fabric drawers can be spot cleaned with a mild detergent and water. Allow them to air dry completely.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

8. TROUBLESHOOTING

If you encounter any issues with your monitor stand, please refer to the following common solutions:

Problem	Possible Cause	Solution
Stand is wobbly or unstable.	Screws are loose; uneven surface; weight not distributed properly.	Ensure all screws are securely tightened. Place the stand on a flat, level surface. Redistribute items on the stand evenly.
Fabric drawers do not slide smoothly.	Drawers are overloaded; obstruction in the slot.	Reduce the weight in the drawers. Check for any objects blocking the drawer's path.
Scratches on the surface.	Sharp objects placed directly on the surface.	Use coasters or protective mats for items with sharp edges. While the surface is anti-scratch, extreme care is recommended.
