## What's in the Box

Upon opening your AOLON Curve Smart Watch package, you should find the following items:

- AOLON Curve Smart Watch (with Watch Band attached)
- Charging Cable
- User Manual (this document)

## AI Voice Assistant

Quickly wake up the AI voice assistant, such as making calls, checking weather forecasts, setting alarms, etc.

## Setup

---

### 1. Initial Charging

Before first use, fully charge your smart watch. A full charge typically takes approximately 2.5 hours. The watch offers up to 7 days of normal use and over 20 days in power-saving mode on a single charge.

1. Connect the magnetic charging cable to the charging points on the back of the watch.
2. Plug the USB end of the cable into a standard USB power adapter (not included) or a computer's USB port.
3. The watch display will indicate charging status.

## 2. App Download and Pairing

To unlock the full potential of your AOLON Curve Smart Watch, download the companion app and pair it with your smartphone.

1. Scan the QR code in your physical manual or search for "**GloryFit**" in the Apple App Store (for iOS) or Google Play Store (for Android).
2. Install the **GloryFit** app on your smartphone.
3. Ensure Bluetooth is enabled on your smartphone.
4. Open the GloryFit app, navigate to the "Device" section, and tap "Add Device".
5. Select "Aolon Curve2" from the list of available devices to pair.
6. Follow any on-screen prompts to complete the pairing process.

# Bluetooth Connect Make Answer Calls

The smartwatch is equipped with a microphone and speaker. After connecting to Bluetooth, you can directly make/receive calls through the watch, adjust the volume, and add 100+ contacts to the watch and view call records.

### 3. Bluetooth Calling

With its built-in microphone and speaker, the smart watch allows you to make and receive calls directly from your wrist when connected to your phone via Bluetooth.

- To make a call, access the dial pad or contact list on your watch.
- To answer an incoming call, tap the green phone icon on the watch screen.
- To reject a call, tap the red phone icon.

## Messages Are Synchronized in Real Time Raise Your Hand to See

### 4. Smart Notifications

Receive real-time notifications for messages, alarms, and other app alerts directly on your watch. Note that message reply is not supported directly from the watch.

- Ensure notification permissions are granted to the GloryFit app on your smartphone.
- Swipe down on the watch face to view recent notifications.

## Connect the Smart Watch Via APP GloryFit "Aolon Curve2"

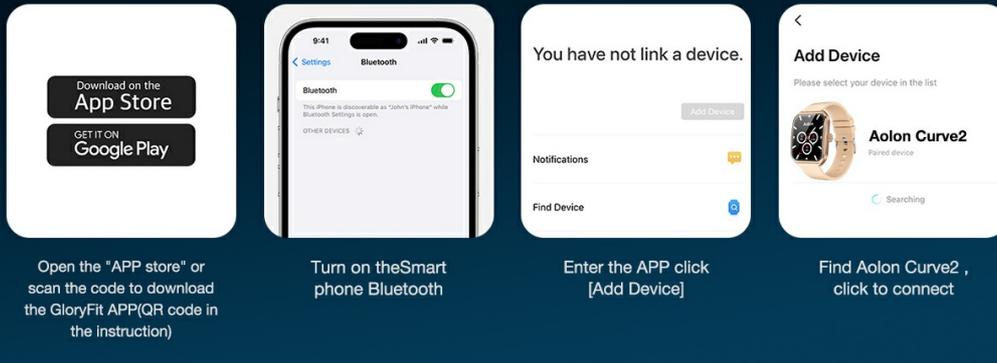

Image: The smart watch displaying various app notifications, indicating its intelligent notification reminder feature.

### 5. Health Monitoring

The AOLON Curve Smart Watch provides continuous monitoring of key health metrics.

- **Heart Rate:** Continuous heart rate tracking with alerts for abnormal rates.
- **Blood Oxygen (SpO2):** Monitor your blood oxygen levels.
- **Sleep Monitoring:** Tracks sleep duration, quality, and stages (deep, light, REM, awake).
- **Stress Monitoring:** Provides insights into your stress levels.
- **Women's Cycle Tracking:** Supports tracking of menstrual cycles.
- **Sedentary Reminders:** Alerts you to move after prolonged periods of inactivity.

# All-Around Health Monitoring

## High-Precision Sensor

Integrate multiple health monitoring functions to identify health risks.

## Heart Rate Monitoring

## Sleep Monitoring

Turn on sleep mode and provide sleep-aid suggestions

## Blood Oxygen Monitoring

Video: Demonstrates the 24/7 health monitoring features of the AOLON Smart Watch, including heart rate and SpO2 tracking.

## 6. Sports Modes and Activity Tracking

The watch supports over 60 sports modes, allowing you to accurately monitor heart rate, calorie consumption, and exercise duration.

- Select your desired sports mode from the watch menu (e.g., outdoor run, indoor run, outdoor walk, ball games, dance, gymnastics).
- When connected to your phone, the watch can record and track your exercise routes using your phone's GPS.

# 100+ Sports Modes

Accurately monitor heart rate, calorie consumption, and exercise duration to make exercise more scientific and efficient.

Image: The smart watch interface showing different sports modes and real-time exercise data like heart rate, calories, and distance.

## 7. Other Smart Features

The AOLON Curve Smart Watch integrates several convenient features for daily use:

- **AI Voice Assistant:** Quickly activate your voice assistant for tasks like making calls, checking weather, or setting alarms.
- **Weather Forecast:** Get real-time weather updates.
- **Music Control:** Control music playback on your smartphone.
- **Alarm Clock:** Set and manage alarms.
- **Stopwatch & Timer:** Essential timing functions.
- **Find Your Phone:** Locate your paired smartphone.
- **Flashlight:** A simple flashlight function.
- **Calculator:** Basic calculations on your wrist.
- **SOS Function:** For emergency situations.

## Maintenance

---

### 1. Cleaning Your Watch

Regular cleaning helps maintain the appearance and functionality of your smart watch.

- Wipe the screen and body with a soft, damp cloth.
- The silicone strap is washable. You can gently clean it with mild soap and water.
- Avoid using harsh chemicals or abrasive materials.

### 2. Water Resistance (IP67)

The AOLON Curve Smart Watch is IP67 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1 meter for 30 minutes. It is suitable for daily use and light water activities like hand washing or rain exposure.

- Do not use the watch for diving, hot showers, or prolonged submersion in water.
- Avoid exposing the watch to high-pressure water or steam.

Image: The smart watch partially submerged in water, illustrating its IP67 water resistance feature.

## Troubleshooting

If you encounter issues with your AOLON Curve Smart Watch, please refer to the following common solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charging cable and allow it to charge for at least 30 minutes before attempting to power it on.
- **Cannot pair with phone:**
  - Ensure Bluetooth is enabled on your phone and the watch is within range.
  - Restart both your phone and the watch.
  - Check if the GloryFit app has necessary permissions (location, Bluetooth, notifications).
  - If previously paired, try unpairing and re-pairing the device through the GloryFit app.
- **Inaccurate health data:**
  - Ensure the watch is worn snugly on your wrist, not too tight or too loose.
  - Clean the sensor on the back of the watch.
  - Environmental factors or skin conditions can sometimes affect sensor accuracy.
- **Notifications not appearing:**
  - Verify that notification permissions are enabled for the GloryFit app in your phone's settings.
  - Ensure the watch is connected to your phone via Bluetooth.
  - Check the notification settings within the GloryFit app to ensure specific app notifications are enabled.
