TEFELE M95

TEFELE M95 Translation Earbuds User Manual

Model: M95 | Brand: TEFELE

Introduction

The TEFELE M95 Translation Earbuds are designed to facilitate seamless communication across language barriers. These wireless Bluetooth earbuds offer real-time translation for up to 144 languages, making them ideal for travel, business, learning, and social interactions. Beyond translation, they also function as high-quality audio earbuds for music playback and calls. This manual provides comprehensive instructions for setting up, operating, maintaining, and troubleshooting your M95 earbuds.

Setup

1. Initial Charging

Before first use, ensure the charging case and earbuds are fully charged. Connect the charging case to a USB power

source using the provided cable. The digital display on the case will indicate the charging status.

2. Bluetooth Pairing

1. Open the charging case and remove both earbuds. They will automatically enter pairing mode.
2. On your mobile device (smartphone, tablet, or laptop), enable Bluetooth.
3. Search for available devices and select "TEFELE M95" from the list.
4. Once connected, a voice prompt will confirm successful pairing.

3. App Installation and Binding

For translation functionality, you must download and bind the dedicated mobile application. Refer to the QR code or instructions provided in the product packaging to locate the official app. Install the app and follow the in-app instructions to bind your M95 earbuds. This step is crucial for accessing the real-time translation features.

Operating Instructions

1. Real-Time Translation

The core function of the M95 earbuds is real-time language translation, supporting 144 languages. This feature is managed through the dedicated mobile application. Open the app, select the desired source and target languages, and follow the on-screen prompts for different translation modes (e.g., conversation mode, interpreter mode). The earbuds will transmit translated audio directly to your ear.

Maintenance

Proper care will extend the lifespan of your TEFELE M95 earbuds:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the earbuds and charging case. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged.
- **Avoid Moisture:** Keep the earbuds and charging case away from water, humidity, and extreme temperatures.
- **Charging:** Charge the device regularly, even if not in frequent use, to maintain battery health.

Troubleshooting

If you encounter issues with your TEFELE M95 earbuds, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Earbuds not pairing/connecting	Bluetooth is off on device; earbuds not in pairing mode; out of range.	Ensure Bluetooth is on. Place earbuds back in case, then remove to re-enter pairing mode. Move closer to your device.

Problem	Possible Cause	Solution
Translation not working or inaccurate	App not installed/bound; incorrect language selection; poor internet connection; background noise.	Verify the official app is installed and earbuds are bound. Check language settings in the app. Ensure a stable internet connection. Speak clearly and reduce background noise.
Poor audio quality (music/calls)	Weak Bluetooth signal; interference; earbud fit.	Move closer to your device. Avoid environments with strong electromagnetic interference. Adjust earbud position for a secure fit.
Earbuds not charging	Charging cable/port issue; earbuds not seated correctly in case.	Check charging cable and power source. Ensure earbuds are properly seated in the charging case, and contacts are clean.
Short battery life	Earbuds not fully charged; aging battery.	Ensure earbuds and case are fully charged before use. Battery performance may degrade over time.
