Aeitto 1800W 2-in-1 Blender & Grinder Combo User Manual

Model: B0DRHXNLL9

INTRODUCTION

Thank you for choosing the Aeitto 1800W 2-in-1 Blender & Grinder Combo. This appliance is designed for efficient blending and grinding, featuring a powerful 1800W motor and versatile attachments for various culinary tasks. Please read this manual thoroughly before first use to ensure safe and optimal operation.

68oz. Large Capacity

Perfect for The Whole Family

Image: The Aeitto 2-in-1 Blender and Grinder Combo, showcasing its large 68oz blending jar, robust base, and intuitive control panel. The image also highlights its capacity for various servings.

Key Features:

- **1800W High-Power Motor:** Delivers up to 25,000 RPM for quick processing of ingredients, including ice. Includes overheat protection for safety.
- **68oz. Large Capacity Jar:** Ideal for preparing large batches for families or gatherings.
- **2-in-1 Blender & Grinder Combo:** Comes with a blending jar and a separate 28oz grinding cup with dedicated blades for different tasks.
- **Auto Cleaning & Dishwasher Safe:** Easy cleaning process with a self-cleaning function and dishwasher-safe components (excluding the motor base).
- **User-Friendly Operation:** Simple control panel with clearly marked functions and preset programs.

IMPORTANT SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and/or injury. Read all instructions.

- Ensure the appliance is unplugged before assembly, disassembly, or cleaning.
- Do not immerse the motor base in water or other liquids.
- Keep hands and utensils out of the container while blending to prevent severe injury and/or damage to the blender. A tamper may be used when the blender is running only when the lid is in place.
- Avoid contact with moving parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.
- Always operate the blender with the lid securely in place.
- Do not blend hot liquids in the grinding cup.
- The appliance is equipped with an overheat protection device. If the motor stops due to overheating, unplug the unit and let it cool down for at least 15 minutes before resuming operation.

PRODUCT COMPONENTS

The Aeitto 2-in-1 Blender & Grinder Combo includes the following parts:

- Motor Base (1)
- 68oz Blending Jar with Lid (1)
- Blending Blade Assembly (integrated into blending jar)
- 28oz Grinding Cup with Grinding Blade Assembly (1)
- Tamper (1)

Upgraded 6-Leaf Blades

Achieve smoother and finer blending

Image: A detailed view of the Aeitto blender's upgraded 6-leaf blade assembly, designed for smoother and finer blending results.

SETUP

1. **Unpack:** Carefully remove all components from the packaging. Retain packaging for future storage or transport.
2. **Clean Before First Use:** Wash the blending jar, grinding cup, lids, and tamper with warm, soapy water. Rinse thoroughly and dry. The motor base can be wiped with a damp cloth.
3. **Position the Motor Base:** Place the motor base on a clean, dry, and stable surface. Ensure it is away from the edge of the countertop and out of reach of children.
4. **Attach the Container:** For blending, place the 68oz blending jar onto the motor base, aligning the tabs on the jar with the slots on the base. Twist clockwise until it locks securely into place. For grinding, attach the 28oz grinding cup in the same manner.
5. **Secure the Lid:** Place the lid onto the blending jar or grinding cup and ensure it is firmly sealed before operating.

6. **Connect Power:** Plug the power cord into a grounded electrical outlet.

OPERATING INSTRUCTIONS

General Operation:

1. Ensure the blender is properly assembled and plugged in.
2. Add ingredients to the blending jar or grinding cup. Do not exceed the maximum fill line.
3. Secure the lid firmly.
4. Use the 'ON/OFF' switch to power the unit.
5. Select your desired speed using the 'SPEED' knob or choose a preset program.
6. For quick bursts of power, use the 'PULSE' switch.

Four Intelligent Preset Programs

Just turn the knob to make your favourite drink

WARM PUREES

SMOOTHIES

ICE CRUSH

GRAINS

Image: A close-up of the Aeitto blender's control panel, highlighting the 'ON/OFF' switch, 'SPEED' knob (Min to Max),

'PULSE' switch, and the 'PROGRAMS' knob with settings for Warm Purees, Smoothies, Ice Crush, and Grains.

Using the 68oz Blending Jar:

- **Smoothies & Frozen Drinks:** Add liquids first, then soft ingredients, and finally ice or frozen fruits. Use the 'SMOOTHIES' preset or gradually increase speed using the 'SPEED' knob.
- **Ice Crush:** Add ice cubes to the jar. Use the 'ICE CRUSH' preset or the 'PULSE' function for short bursts until desired consistency is achieved.
- **Warm Purees:** Add cooked ingredients. Use the 'WARM PUREES' preset. Ensure ingredients are not boiling hot when added.
- **Tamper Use:** If ingredients get stuck, use the tamper through the lid opening while the blender is running to push ingredients towards the blades. Do not use other utensils.

Using the 28oz Grinding Cup:

- Attach the grinding cup with its dedicated blade assembly to the motor base.
- Add dry ingredients such as coffee beans, nuts, or spices. Do not overfill.
- Secure the lid.
- Use the 'GRAINS' preset or start at a low speed and gradually increase to grind to your desired fineness.

Video: This video demonstrates the Aeitto blender's performance when processing ice and grains, showcasing its effectiveness for both blending and grinding tasks.

MAINTENANCE AND CLEANING

Auto Cleaning Function:

1. After use, rinse the blending jar or grinding cup.
2. Fill the container with approximately half warm water and add a few drops of dishwashing soap.
3. Secure the lid.
4. Place the container on the motor base and run the blender for 30 to 60 seconds on a medium speed or use the 'SMOOTHIES' preset.
5. Rinse thoroughly with clean water.

Manual Cleaning:

- **Motor Base:** Unplug the blender. Wipe the motor base with a damp cloth. Do not immerse the motor base in water.
- **Blending Jar, Grinding Cup, Lids, Tamper:** All parts except the motor base are dishwasher safe. For hand washing, use warm, soapy water and a non-abrasive brush for the blades. Handle blades with extreme care as they are sharp.
- Ensure all parts are completely dry before storing.

Easy to Clean

Image: This image illustrates the ease of cleaning the Aerto blender, highlighting its self-cleaning capability and the fact that its components (excluding the motor base) are dishwasher safe.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Blender does not turn on.	Not plugged in; container not securely locked; power switch off.	Ensure power cord is firmly plugged in. Twist container clockwise until it locks. Turn 'ON/OFF' switch to 'ON'.
Motor stops during operation.	Overheating due to prolonged use or heavy load.	Unplug the blender and let it cool down for at least 15 minutes. Reduce load for future use.

Problem	Possible Cause	Solution
Ingredients are not blending smoothly.	Too little liquid; ingredients too large; overfilling.	Add more liquid. Cut ingredients into smaller pieces. Do not exceed max fill line. Use tamper to push ingredients towards blades.
Loud noise or vibration.	Container not seated correctly; foreign object in blades.	Ensure container is securely locked onto the base. Unplug and check for any obstructions around the blades.

SPECIFICATIONS

- **Brand:** Aeitto
- **Model:** B0DRHXNLL9
- **Color:** Silver
- **Motor Power:** 1800 Watts
- **Peak Speed:** Up to 25,000 RPM
- **Blending Jar Capacity:** 68 oz.
- **Grinding Cup Capacity:** 28 oz.
- **Product Dimensions (D x W x H):** 7.87" x 9.06" x 19.29"
- **Material:** Plastic (BPA-Free)
- **Blade Material:** Plastic
- **Power Source:** AC
- **Controls Type:** Push Button, Manual Knob
- **Style:** Countertop Blender
- **Special Feature:** Multiple Attachments (Blending Jar, Grinding Cup, Tamper)
