2. PACKAGE CONTENTS

Verify that all items are present in your product package:

- T-Mobile Revvl 7 Pro 5G Smartphone
- USB Cable (USB-C to USB-C)
- SIM Tray Ejector
- Quick Start Guide

Image: The T-Mobile Revvl 7 Pro 5G smartphone displayed next to its retail packaging, indicating the contents of the box.

3. GETTING STARTED

3.1. Inserting the SIM Card

1. Locate the SIM card tray on the side of your device.
2. Insert the SIM tray ejector tool into the small hole next to the tray and press firmly until the tray pops out.
3. Place your Nano SIM card(s) into the designated slots on the tray. Ensure the gold contacts are facing down.
4. Carefully push the tray back into the device until it is flush.

3.2. Initial Power On

1. Press and hold the Power button (located on the right side of the phone) until the T-Mobile logo appears.
2. Follow the on-screen prompts to complete the initial setup, including selecting your language, connecting to Wi-Fi, and signing in to your Google account.

3.3. Network Configuration (APN Settings)

In some cases, especially with unlocked devices or specific carriers, you may need to manually configure the Access Point Name (APN) settings for internet connectivity. If you experience issues with mobile data after inserting your SIM card, follow these steps:

1. Go to **Settings > Network & internet > SIMs**.

2. Select your SIM card.
3. Tap **Access Point Names**.
4. You may need to add a new APN or select an existing one. Refer to your mobile carrier's support website or contact their customer service for the correct APN settings.
5. After entering the settings, save them and select the newly configured APN.

4. OPERATING YOUR DEVICE: KEY FEATURES

4.1. Vibrant Display

The Revvl 7 Pro 5G features a 6.5-inch FHD+ AMOLED display with a resolution of 1080 x 2436 pixels and a 120Hz refresh rate, providing an immersive and smooth visual experience for streaming, gaming, and browsing.

Image: Two T-Mobile Revvl 7 Pro 5G smartphones shown side-by-side, highlighting their large, vibrant displays.

4.2. Quad Camera System

Capture stunning photos and videos with the versatile quad-camera setup:

- **50MP Main Camera** with Optical Image Stabilization (OIS) for clear, steady shots.
- **5MP Ultra-Wide Camera** for expansive landscape and group photos.
- **2MP Macro Camera** for detailed close-up shots.
- **2MP Depth Camera** for enhanced portrait mode with bokeh effect.

The front camera is 16MP, perfect for high-quality selfies and video calls.

4.3. Powerful Performance

Equipped with a Qualcomm Snapdragon octa-core processor, the Revvl 7 Pro 5G delivers smooth multitasking, efficient app usage, and responsive gaming.

4.4. Massive Storage

The device comes with 256GB of built-in internal storage, providing ample space for your applications, photos, videos, and documents. Storage can be expanded further via a microSD card (sold separately) up to 2TB.

4.5. Long-Lasting Battery & Wireless Charging

A 5000mAh battery ensures your device stays powered throughout the day. The Revvl 7 Pro 5G also supports fast charging and convenient wireless charging.

4.6. Connectivity

Experience fast and reliable connectivity with 5G and LTE support. The phone also includes Wi-Fi, Bluetooth 5.2, NFC, and a 3.5mm audio jack.

Your browser does not support the video tag.

5. MAINTENANCE

5.1. General Care

- Keep your device dry. Moisture can damage electronic circuits.
- Avoid extreme temperatures. High temperatures can shorten the life of electronic devices and damage batteries.
- Do not drop, knock, or shake the device. Rough handling can break internal circuit boards and fine mechanics.
- Use only approved chargers and accessories.

5.2. Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. Go to **Settings > System > System update**.

5.3. Cleaning Your Device

Use a soft, lint-free cloth to clean the screen and body of your phone. Avoid using harsh chemicals or abrasive materials.

6. TROUBLESHOOTING

6.1. No Internet Connection / Mobile Data Issues

- **Check APN Settings:** As mentioned in Section 3.3, verify your Access Point Name (APN) settings are correctly configured for your carrier.
- **Restart Device:** A simple restart can often resolve temporary network glitches.
- **Reinsert SIM Card:** Power off your phone, remove and reinsert the SIM card, then power on.
- **Contact Carrier:** If issues persist, contact your mobile service provider to ensure your account is active and your IMEI is whitelisted on their network.

6.2. Phone is Locked / Not Activating

- **Verify Unlocked Status:** Ensure the device you purchased is indeed unlocked for use with any carrier.
- **IMEI Registration:** Some carriers may require the device's IMEI (International Mobile Equipment Identity) to be registered or 'whitelisted' on their network. To find your IMEI, dial *#06# on the phone's dialer.
- **Carrier Compatibility:** Confirm that the phone model is fully compatible with your chosen carrier's network bands and technologies.

6.3. Device Not Responding

- **Force Restart:** Press and hold the Power button for about 10-15 seconds until the device restarts.
- **Charge Battery:** Ensure the battery is not completely drained. Connect the phone to a charger and wait a few minutes before attempting to power on.

6.4. Battery Draining Quickly

- **Adjust Screen Brightness:** Lowering screen brightness can significantly extend battery life.
- **Close Background Apps:** Close apps running in the background that are not in use.
- **Disable Unused Features:** Turn off Wi-Fi, Bluetooth, GPS, or mobile data when not needed.
- **Check Battery Usage:** In Settings, check which apps are consuming the most battery power.
