

Superun Heimtrainer

Superun Heimtrainer Indoor Exercise Bike User Manual

INTRODUCTION

Thank you for choosing the Superun Heimtrainer Indoor Exercise Bike. This manual provides essential information for the safe assembly, operation, and maintenance of your new fitness equipment. Please read this manual thoroughly before use and keep it for future reference.

SAFETY INFORMATION

Before starting any exercise program, consult with your physician. Always ensure the exercise bike is placed on a flat, stable surface. Keep children and pets away from the equipment during use. Inspect the bike for any loose or damaged parts before each workout. Wear appropriate athletic footwear and clothing. Do not exceed the maximum weight capacity of 136 kg (299 lbs).

SETUP

The Superun Heimtrainer is designed for quick assembly, typically within 30 minutes. Follow the step-by-step instructions provided in the packaging. Ensure all bolts and nuts are securely tightened before first use. A stable, triangular frame and curved rear base contribute to exceptional durability and stability.

OPERATING INSTRUCTIONS

Adjustments

For optimal comfort and posture, adjust the seat and handlebars to your preference. The seat can be adjusted in 4 directions (up, down, forward, backward), and the handlebars can be adjusted in 2 directions (up, down).

Totalmente Ajustable para Mayor Comodidad

Asiento Ajustable en 4 Direcciones
Manillar Ajustable en 2 Direcciones

Resistance System

The bike features a silent and smooth magnetic resistance system. Rotate the resistance knob to select from various levels, ranging from easy to difficult, to customize your workout intensity. This system requires no brake pad replacement and operates below 25 dB.

LCD Display and App Connectivity

The integrated LCD monitor tracks essential workout data including time, speed, distance, calories burned, RPM, odometer, and resistance level. For enhanced tracking and interactive workouts, connect your device to the PitPat app. The app allows for real-time data monitoring and access to various training programs and virtual cycling experiences.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your exercise bike. Wipe down the bike with a damp cloth after each use to remove sweat and dust. Periodically check all bolts, nuts, and moving parts for tightness and wear. Lubricate moving parts as necessary, following manufacturer guidelines. Store the bike in a dry, clean environment.

TROUBLESHOOTING

- **Display Not Working:** Check battery installation and ensure all connections are secure. Replace batteries if necessary.
- **Unusual Noises:** Inspect for loose components. Ensure the bike is on a level surface. If noises persist, contact customer support.
- **Instability:** Verify that the bike is placed on a firm, level surface. Adjust the leveling feet if present. Ensure all assembly bolts are tightened.
- **App Connectivity Issues:** Ensure Bluetooth is enabled on your device and the bike. Restart both the app and the bike if connection fails.

SPECIFICATIONS

Feature	Detail
Model Name	Superun Heimtrainer
Product Dimensions (L x W x H)	90 x 46 x 104 cm (35.4 x 18.1 x 40.9 inches)
Weight	22 kg (48.5 lbs)
Maximum Weight Recommendation	136 kg (299 lbs)
Material	Stainless Steel
