1. OVERVIEW

This manual provides instructions for the assembly, operation, and maintenance of your Gashell Bamboo Under Bed Storage Containers with Wheels. Designed for efficient organization, these containers offer a practical solution for decluttering your living space by utilizing under-bed areas. They are suitable for storing seasonal items, clothing, bedding, and other household goods, keeping them out of sight yet easily accessible.

Key features include a durable bamboo frame, smooth-rolling wheels for easy access, and a zippered cover to protect contents from dust.

2. SETUP & ASSEMBLY

The Gashell Under Bed Storage Containers are designed for quick and easy assembly. Please follow these steps carefully to ensure proper setup.

2.1 Included Components

- 2 x Bamboo Storage Racks
- 2 x Storage Bags (with zipper covers)
- 8 x Wheels (4 per storage rack)
- Assembly Hardware (screws, dowels, etc.)

2.2 Assembly Steps

1. **Unpack Components:** Carefully remove all parts from the packaging and verify that all included components are present.
2. **Attach Wheels:** Securely attach the four wheels to the designated corners on the bottom of each bamboo storage rack. Ensure they are firmly screwed in for stability and smooth movement.
3. **Insert Storage Bag:** Place the fabric storage bag into the bamboo frame. The bag should fit snugly

within the frame.

4. **Secure Bag:** Fasten the straps or ties on the storage bag to the bamboo frame to keep it in place.
5. **Final Check:** Ensure all connections are secure and the wheels rotate freely.

3. OPERATION

These storage containers are designed for convenient access and efficient storage under beds or other furniture with sufficient clearance.

3.1 Storing Items

- **Open Zipper Cover:** Unzip the top cover of the storage bag to access the interior.
- **Place Items:** Carefully place items such as clothing, bedding, shoes, or other household goods into the bag. Distribute weight evenly to maintain balance. The container has a 90L capacity and can hold up to 80 lbs.
- **Close Zipper Cover:** Once items are stored, zip the cover completely to protect contents from dust

and maintain a tidy appearance.

3.2 Moving the Container

- **Push/Pull:** Utilize the smooth-rolling, 360-degree rotating wheels to easily push or pull the container from under your bed or other furniture.
- **Clearance:** Ensure your bed frame has at least 8 inches of clearance for the container to slide in and out smoothly (container height with wheels is 7.9 inches).

4. MAINTENANCE

Proper care and maintenance will extend the life of your storage containers.

4.1 Cleaning the Bamboo Frame

- Wipe the bamboo frame with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the bamboo finish.
- Dry thoroughly after cleaning to prevent moisture damage.

4.2 Cleaning the Storage Bag

- The storage bag is made from a waterproof material. It can be wiped clean with a damp cloth and mild soap.
- For deeper cleaning, the bag can be removed from the frame and hand-washed with cold water. Air dry completely before reinserting into the frame.
- Do not machine wash or tumble dry, as this may damage the material or zipper.

4.3 Wheel Care

- Periodically check the wheels for any accumulated dust or debris that might hinder smooth movement.
- Clean the wheels with a damp cloth if necessary.
- Ensure the screws holding the wheels are tight.

5. TROUBLESHOOTING

If you encounter any issues with your Gashell Under Bed Storage Containers, please refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Wheels do not roll smoothly.	Debris caught in wheels; loose wheel attachment.	Clean wheels of any obstructions. Ensure all wheel screws are tightened.
Container is unstable or wobbly.	Uneven weight distribution; loose frame connections.	Redistribute items evenly within the bag. Check and tighten all assembly hardware for the bamboo frame.
Zipper is stuck or difficult to close.	Fabric caught in zipper; zipper teeth misaligned.	Gently pull fabric away from the zipper path. Ensure the zipper is aligned before pulling. Do not force the zipper.
Missing or damaged parts upon arrival.	Manufacturing defect or shipping damage.	Contact Gashell customer support immediately with your purchase details for replacement parts.
