Raysfung 10x10FT Gazebo Hardtop

Raysfung 10x10FT Hardtop Gazebo Instruction Manual

Model: 10x10FT Gazebo Hardtop

PRODUCT OVERVIEW

The Raysfung 10x10FT Hardtop Gazebo is designed for outdoor use, providing a spacious and durable shelter for various activities. It features a robust steel frame with a powder-coated finish, ensuring resistance against rust and corrosion. The polycarbonate roof offers reliable protection from rain, snow, and UV rays, allowing for year-round enjoyment.

This gazebo measures 10 feet in length, 10 feet in width, and 8.5 feet in height, comfortably accommodating 6 to 8 people. It includes a dual-track system for privacy curtains and breathable netting, which can be adjusted for ventilation or full enclosure. The roof is engineered to support up to 800 lbs of snow and withstand winds up to 50 mph, providing enhanced stability and safety.

SAFETY INFORMATION

- Always follow the detailed installation manual provided with the product.
- Secure the gazebo to a stable foundation to prevent tipping, especially in windy conditions.
- Exercise caution during assembly and disassembly. Use appropriate tools and seek assistance if needed.
- Keep curtains and netting away from open flames or other heat sources.
- Ensure curtains and netting are properly secured to prevent accidental removal or entanglement.
- Supervise children when they are near or inside the gazebo.

PACKAGE CONTENTS

The Raysfung 10x10FT Hardtop Gazebo is shipped in three separate boxes. Please note that these boxes may arrive at

different times. Ensure all packages have been received before beginning assembly.

SETUP AND ASSEMBLY

A detailed installation manual is included with your gazebo. It is highly recommended that 2 to 4 people work together to complete the assembly, which typically takes 4 to 8 hours. Before starting, verify that all components listed in the manual are present and undamaged.

Important Tip: If you are installing the gazebo on a wooden deck or similar wooden surface, you will need to purchase wood panel-specific expansion screws separately, as the included screws are for general foundation types.

OPERATING INSTRUCTIONS

Curtains and Netting

The gazebo is equipped with a dual-track system for its privacy curtains and breathable netting. This system allows for flexible adjustment:

- **Fully Open:** Tie back the curtains and netting to the posts for maximum ventilation and an unobstructed view.
- **Semi-Open:** Close the netting to keep insects out while maintaining airflow.
- **Fully Closed:** Close both the netting and privacy curtains for complete sun blocking and enhanced privacy.

The curtains and netting are removable for cleaning and maintenance.

Ceiling Hook

A sturdy J-shaped hook is integrated into the gazebo's ceiling structure. This hook is designed for hanging lightweight decorations or lighting fixtures, enhancing the ambiance of your outdoor space.

MAINTENANCE

- **Cleaning:** The curtains and netting are removable and can be cleaned according to their fabric care instructions. The steel frame and polycarbonate roof can be wiped clean with a damp cloth and mild soap. Avoid abrasive cleaners.
- **Structural Integrity:** Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten any loose fasteners to maintain the gazebo's stability.
- **Winter Care:** While the roof is designed to hold up to 800 lbs of snow, it is advisable to regularly clear heavy snow

accumulation to prevent excessive stress on the structure and prolong its lifespan.

- **Weather Protection:** In extreme weather conditions (e.g., severe storms, very high winds), it is recommended to remove curtains and netting and secure any loose items within the gazebo.

TROUBLESHOOTING

- **Assembly Difficulties:** If you encounter issues during assembly, refer to the detailed instruction manual for step-by-step guidance and diagrams. Ensure all parts are correctly oriented.
- **Missing Parts:** If any parts are missing or damaged upon arrival, please contact Raysfung customer support immediately.
- **Stability Concerns:** Ensure the gazebo is properly anchored to a solid foundation using the provided expansion screws or appropriate alternatives for your surface type.

For further assistance, please contact Raysfung customer support.
