Giantex JV12277CH

Giantex 3-Drawer Dresser (Model JV12277CH) User Manual

INTRODUCTION

Thank you for choosing the Giantex 3-Drawer Dresser, Model JV12277CH. This multipurpose storage cabinet is designed to enhance your living space with its mid-century modern aesthetic and practical storage solutions. This manual provides essential information for safe assembly, proper operation, and effective maintenance to ensure the longevity and optimal performance of your dresser.

SAFETY INFORMATION

Your safety is paramount. Please read and follow all safety instructions carefully.

Anti-Tipping Kit Installation

To prevent accidental tipping and ensure stability, it is crucial to install the included anti-tipping kit. This device securely fastens the dresser to a wall, significantly reducing the risk of injury, especially in households with children or pets.

1. **Identify Wall Mounting Location:** Choose a sturdy wall surface behind the dresser.
2. **Attach Bracket to Dresser:** Secure one bracket of the anti-tipping kit to the top rear edge of the dresser using the provided screws.
3. **Mark Wall Position:** Position the dresser against the wall and mark the corresponding spot on the wall for the second bracket.
4. **Attach Bracket to Wall:** Drill a pilot hole if necessary and secure the second bracket to the wall using appropriate hardware (wall anchors may be required depending on wall material).
5. **Connect Brackets:** Use the strap or cable to connect the dresser bracket to the wall bracket,

ensuring it is taut.

Warning: Failure to install the anti-tipping kit can result in serious injury or death.

PACKAGE CONTENTS

Before beginning assembly, please ensure all parts and hardware are present and undamaged. Refer to the packing list provided in your product box. If any components are missing or damaged, please contact customer support immediately.

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the Giantex 3-Drawer Dresser is required. It is recommended to assemble the dresser on a soft, clean surface to prevent scratches. Two people are recommended for assembly.

General Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out.
2. **Identify Parts:** Match each component to the parts list in your assembly guide.

3. **Assemble Frame:** Follow the step-by-step instructions to construct the main frame of the dresser.
4. **Install Drawer Slides:** Attach the metal drawer slides to the dresser frame and the drawer boxes.
5. **Assemble Drawers:** Construct the three drawer boxes and attach the sleek metal handles.
6. **Attach Legs:** Secure the solid metal legs to the base of the dresser. Ensure the adjustable foot pads are correctly oriented.
7. **Insert Drawers:** Carefully slide the assembled drawers into their respective slots.
8. **Install Anti-Tipping Kit:** Refer to the Safety Information section for critical anti-tipping kit installation.

Tools required for assembly typically include a screwdriver (Phillips head) and possibly a hammer. Specific tool requirements will be detailed in the included assembly manual.

OPERATING INSTRUCTIONS

Drawer Usage

The dresser features three spacious drawers equipped with smooth metal slides for effortless opening and closing. To operate, gently pull the sleek metal handles to open and push to close. Avoid forcing drawers,

especially if they feel stiff, and ensure they are properly aligned on their tracks.

Ample Storage Space

Cosmetics

Jewelries

Books

Towels

Adjustable and Removable Legs

The dresser is designed with solid metal legs featuring adjustable foot pads. These pads allow for minor height adjustments to ensure stability on uneven floors. The metal feet are also detachable, offering flexibility in placement and height configuration to suit diverse needs.

Removable Metal Support Legs

Non-slip Foot Pads

MAINTENANCE

Proper care will help maintain the appearance and functionality of your Giantex dresser.

Cleaning

The dresser features an easy-to-clean surface. For general cleaning, wipe with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the finish. For stubborn marks, a mild soap solution can be used, followed by drying with a clean, soft cloth.

General Care

- Periodically check and tighten all screws and fasteners to ensure structural integrity.
- Avoid placing hot items directly on the surface; use coasters or protective pads.
- Keep the dresser away from direct sunlight and extreme temperature changes to prevent warping or fading.
- Do not overload drawers, as this can strain the slides and affect their smooth operation.

TROUBLESHOOTING

If you encounter any issues with your dresser, consider the following common solutions:

- **Wobbly Dresser:** Ensure the dresser is on a level surface. Adjust the foot pads on the metal legs to stabilize the unit. Check that all assembly screws are securely tightened.
- **Sticking Drawers:** Verify that the drawer slides are properly aligned and free of obstructions. Ensure the drawers are not overloaded. Lubrication of the slides with a silicone-based spray can sometimes improve smoothness.
- **Loose Handles:** Tighten the screws securing the metal handles from the inside of the drawer.
- **Damaged Parts:** If any part is damaged during assembly or use, do not attempt to force it. Contact customer support for replacement parts.

SPECIFICATIONS

Feature	Detail
