LIGE TX2-F

LIGE TX2 Smartwatch User Manual

Model: TX2-F

INTRODUCTION

Thank you for choosing the LIGE TX2 Smartwatch. This device combines advanced technology with a robust design, featuring a 1.75-inch AMOLED display, comprehensive health monitoring, and multiple sports modes. This manual provides essential information for setting up, operating, and maintaining your smartwatch to ensure optimal performance and longevity.

What's in the Box

Please check the package contents to ensure all items are present:

- 1 x LIGE TX2 Smartwatch (Silver)
- 1 x Silver Metal Wristband
- 1 x Silver Silicone Wristband
- 1 x Charging Cable
- 1 x User Manual

SETUP

1. Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. A full charge typically takes about 3 hours.

2. App Installation

To unlock all features and synchronize data, download the **FitCloudPro** app on your smartphone. Scan the QR code in the manual or search for "FitCloudPro" in your device's app store (available for Android and iOS).

3. Pairing with Your Smartphone

1. Ensure your smartwatch is charged and powered on.
2. Enable Bluetooth on your smartphone.
3. Open the FitCloudPro app and follow the on-screen instructions to add a new device.
4. Select the LIGE TX2 from the list of available devices.
5. Confirm the pairing request on both your phone and smartwatch.

OPERATING INSTRUCTIONS

Basic Navigation

- **Touchscreen:** Swipe left/right, up/down to navigate menus and access different functions. Tap to select.
- **Side Buttons:** Use the physical buttons on the side for power on/off, returning to the home screen, or quick access to specific features.

200+ Multi-style Watch Faces

There is always a style for you.

The 1.75-inch AMOLED screen offers a clear and easy-to-operate interface with larger fonts.

Bluetooth Calls & Notifications

Once paired, you can manage calls directly from your wrist. The watch supports answering, rejecting, and making calls. It also displays notifications from various apps (e.g., WhatsApp, Instagram, Facebook) from your connected smartphone.

Other Features

- **Alarm Clock:** Set alarms directly on the watch or via the app.
- **Always On Display:** Keep the time visible without needing to activate the screen.
- **Music Player Control:** Control music playback on your connected smartphone.
- **Weather Forecast:** View current weather conditions and forecasts.
- **Camera Control:** Use the watch as a remote shutter for your phone's camera.
- **Find My Phone:** Locate your misplaced phone by triggering an alert from your watch.

MAINTENANCE

Water Resistance (IP68)

The LIGE TX2 Smartwatch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for swimming. However, avoid immersing the watch in seawater or hot water, as this can compromise the seals and cause damage.

Bluetooth Calling

Voice Assistant

Play music.

Call Jack.

Message Reminder

The smartwatch's military-grade durability, highlighting its IP68 waterproof rating.

Cleaning

To clean your smartwatch, wipe it with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, which can damage the finish. Ensure the charging contacts are clean and dry before charging.

TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again through the FitCloudPro app. Ensure the app has necessary permissions.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch. Remember, data is for reference only.
- **Notifications not appearing:** Check app permissions on your phone for FitCloudPro. Ensure notifications are enabled within the FitCloudPro app settings and your phone's system settings.
- **Short battery life:** Adjust screen brightness, reduce vibration intensity, and disable unnecessary features like Always On Display if not needed.
