› MDCGPower AC Adapter Charger for ATALAX AL-Q8 Portable Wireless Speaker User Manual

MDCGPower MDCA2736

MDCGPower AC Adapter Charger User Manual

Model: MDCA2736

Compatible with ATALAX AL-Q8 Portable Wireless Speaker

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your MDCGPower AC Adapter Charger, model MDCA2736. This adapter is specifically designed to provide power to the ATALAX AL-Q8 Portable Wireless Speaker. Please read these instructions carefully before use and retain them for future reference.

2. SAFETY INFORMATION

Your safety is paramount. This power supply is manufactured with high-quality materials and incorporates built-in protection features to ensure the safety of your devices and prevent hazards.

- **Over Current Protection:** Prevents damage from excessive current flow.
- **Over Voltage Protection:** Safeguards against damage from voltage surges.
- **Short Circuit Protection:** Automatically shuts off power in case of a short circuit.
- **High Temperature Protection:** Monitors and regulates internal temperature to prevent overheating.

General Safety Precautions:

- Do not expose the adapter to water or excessive moisture.
- Do not disassemble or attempt to repair the adapter. Refer servicing to qualified personnel.
- Ensure the adapter is used within its specified input voltage range (100-240VAC).
- Avoid placing the adapter in direct sunlight or near heat sources.
- Keep out of reach of children.

3. SETUP INSTRUCTIONS

Follow these steps to properly connect your MDCGPower AC Adapter Charger to your ATALAX AL-Q8 Portable Wireless Speaker.

1. **Verify Compatibility:** Before connecting, ensure that your ATALAX AL-Q8 speaker requires a power supply with a barrel connector and matches the voltage and current specifications of this adapter. Refer to your speaker's manual for its power requirements.
2. **Connect to Speaker:** Insert the barrel connector end of the adapter cable firmly into the power input port of your ATALAX AL-Q8 Portable Wireless Speaker.
3. **Connect to Power Outlet:** Plug the AC adapter into a standard wall power outlet (100-240VAC, 50/60Hz).
4. **Power On:** Once connected, your speaker should receive power. Turn on your speaker as per its operating instructions.

4. OPERATING INSTRUCTIONS

The MDCGPower AC Adapter Charger is designed for simple plug-and-play operation.

- Once properly connected as described in the Setup section, the adapter will automatically provide power to your ATALAX AL-Q8 speaker.
- The adapter is designed for continuous use, providing a stable power supply.
- Its compact and portable design makes it suitable for both home use and travel.

Image 4: The AC adapter in a typical room environment, highlighting its discreet and functional presence.

5. CARE AND MAINTENANCE

Proper care ensures the longevity and reliable performance of your AC adapter.

- **Cleaning:** Disconnect the adapter from the power outlet and your device before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or aerosols.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tightly winding the cable to prevent damage.
- **Inspection:** Periodically inspect the adapter and cable for any signs of damage, such as frayed wires or cracked casing. If damage is found, discontinue use immediately.

6. TROUBLESHOOTING

If you encounter issues with your AC adapter, please refer to the following common solutions:

- **No Power to Speaker:**
 - Ensure the adapter is securely plugged into both the wall outlet and the speaker.
 - Check if the wall outlet is functional by plugging in another device.
 - Verify that the speaker's power button is in the "On" position.

- **Adapter Not Fitting Speaker:**

- This adapter is designed for the ATALAX AL-Q8 Portable Wireless Speaker. Please confirm your speaker model matches.
- Ensure the connector type (barrel connector) and dimensions are compatible with your speaker's power input port. Incompatible connectors may prevent proper power delivery.

- **Overheating:**

- Disconnect the adapter and allow it to cool down.
- Ensure the adapter is in a well-ventilated area and not covered.
- If overheating persists, discontinue use and contact support.

If these steps do not resolve the issue, please refer to the Warranty and Support section.

7. SPECIFICATIONS

Model Number	MDCA2736
Brand	MDCGPower
Input Voltage	100-240VAC, 50/60Hz (World Wide Input Voltage)
Connector Type	Barrel Connector
Compatible Devices	ATALAX Portable Wireless Speaker AL-Q8 (and other compatible devices requiring similar power specifications)
Product Dimensions	4 x 3 x 2 inches
Item Weight	4 ounces
Color	Black
Manufacturer	Guangzhou Panyu Zhaohong Electronic Factory.

Wide Application

Compatible with a variety of electronic products
