MAINTENANCE

The HOMCOM Lateral File Cabinet is constructed from melamine-coated particleboard, making it robust and easy to maintain.

- **Cleaning:** Simply wipe the surfaces clean with a dry, soft cloth. For stubborn marks, a slightly damp cloth followed by a dry cloth can be used. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.
- **General Care:** Avoid placing hot items directly on the surface. Protect the cabinet from excessive moisture and direct sunlight to prevent warping or fading.

TROUBLESHOOTING

If you encounter any issues with your lateral file cabinet, please refer to the following common solutions:

- **Drawers not opening/closing smoothly:**

- Check for obstructions in the drawer slides.
- Ensure the cabinet is on a level surface.
- Verify that the drawer rails were installed correctly during assembly.
- Do not overload drawers; redistribute contents if necessary.

- **Cabinet instability:**

- Confirm all assembly hardware is tightened securely.
- Ensure the cabinet is placed on a flat, stable floor.
- Utilize the anti-tip straps to secure the cabinet to a wall.

- **Lock not functioning:**

- Ensure the top drawer is fully closed before attempting to lock it.
- Check if the key is fully inserted and turned correctly.
- Avoid forcing the lock mechanism.

If problems persist, please contact customer support for further assistance.
