APENGBAOL Wall Art Chameleon Building Blocks Set

Model: 668-108

1. PRODUCT OVERVIEW

The APENGBAOL Wall Art Chameleon Building Blocks Set (Model 668-108) is a unique and creative micro building block set designed for adults and older children. Comprising over 2688 pieces, this set allows you to construct a vibrant, three-dimensional chameleon mural that can be displayed as wall art or as an independent decorative piece. This set features fine craftsmanship with high-quality building block materials, ensuring exquisite details and smooth lines in the assembled chameleon. The colorful design, incorporating orange, green, red, and blue blocks, creates a strong visual impact, adding vitality and color to any home environment. It serves not only as a decorative item but also as an engaging project that fosters creativity and hands-on ability.

2. SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.

Please keep all building block pieces away from small children to prevent accidental ingestion. Adult supervision is recommended during assembly, especially for younger builders.

3. SETUP AND UNBOXING

Upon opening the package, you will find all the necessary micro building blocks and a detailed instruction guide. It is recommended to organize the pieces before beginning assembly, as the set contains over 2688 small components.

What's in the Box:

- All necessary micro building block pieces (2688+)
- Instruction Guide

4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the included Instruction Guide. Due to the large number of micro blocks, patience is key. It is recommended to open all bags of pieces at the start, as they may not be organized by step or section.

The assembly process involves connecting small blocks to form the intricate details of the chameleon, including its vibrant body, eye, and the surrounding foliage and branch. Pay close attention to the color schemes and block placement to achieve the intended three-dimensional effect.

Display Options:

The finished chameleon mural offers two primary display options:

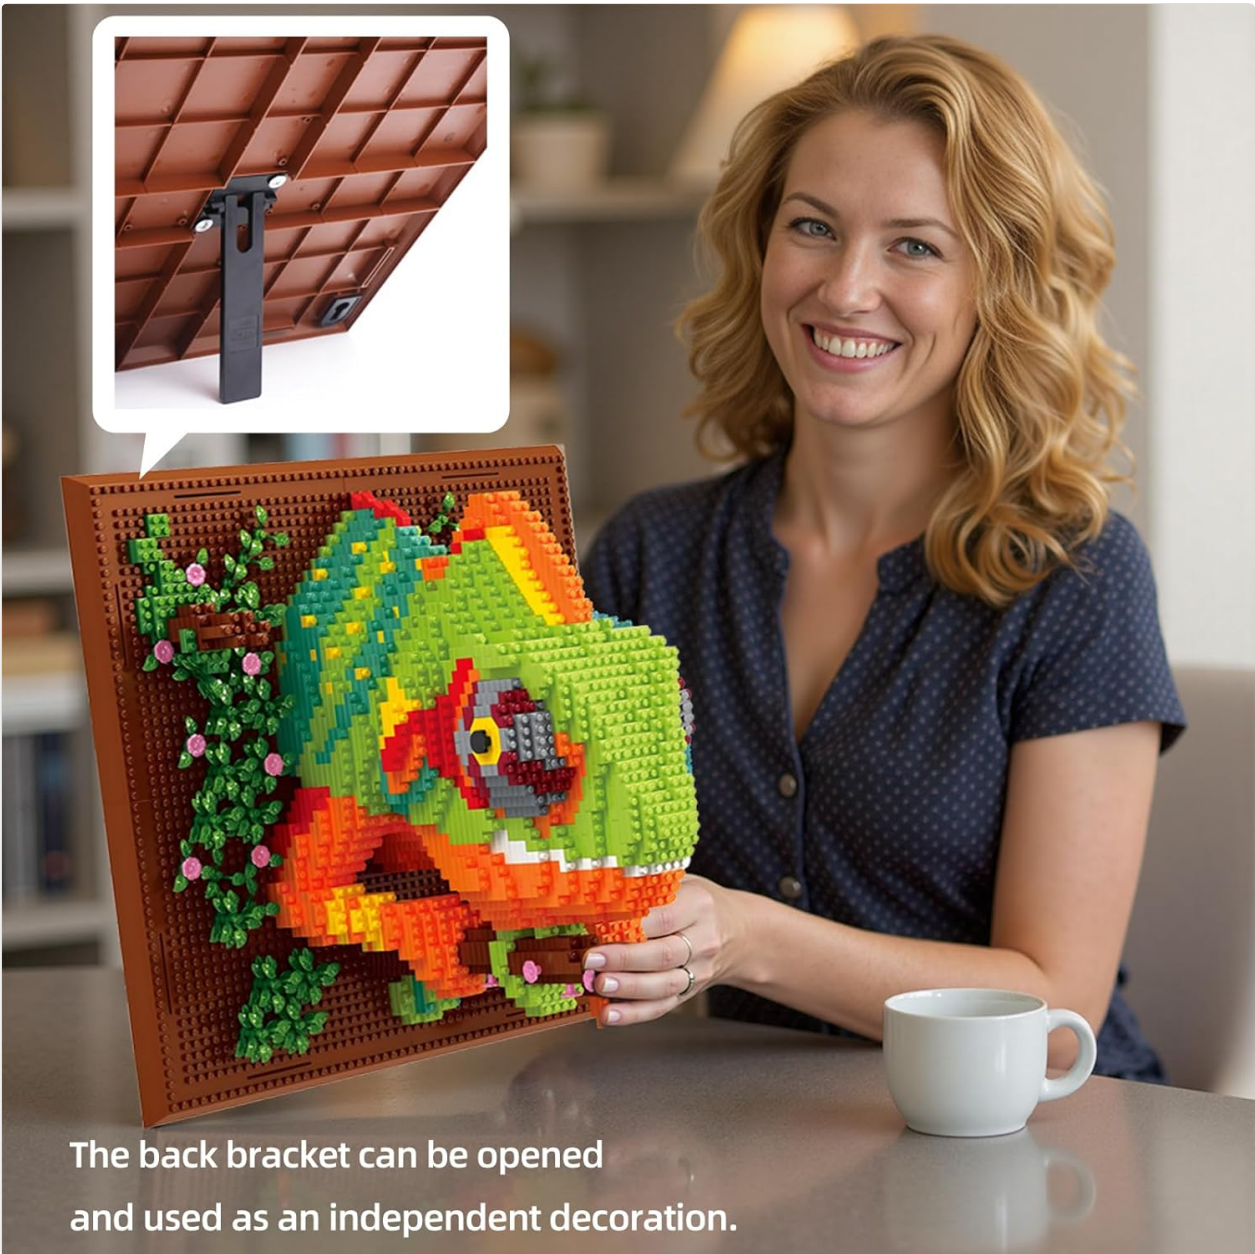

1. **Wall Mounted:** The set is designed with a hanging hole on the back of the base plate, allowing it to be securely mounted on a wall.

There is a hanging hole on the back,
which can be used as a mural decoration.

5. MAINTENANCE

To keep your Wall Art Chameleon Building Blocks Set looking its best, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the assembled model with a soft, dry cloth to remove dust. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss.
- **Handling:** Handle the assembled model with care, especially when moving or adjusting its display position, to prevent pieces from detaching.

6. TROUBLESHOOTING

Here are some common issues and their solutions:

- **Difficulty Connecting Pieces:** Ensure pieces are aligned correctly. Micro blocks can sometimes require firm,

even pressure to snap into place. If a piece is particularly difficult, check for any debris or manufacturing imperfections.

- **Missing Pieces:** While rare, if you find any essential pieces missing, please contact APENGBAOL customer support with your purchase details.
- **Model Instability:** Double-check all connections, especially in critical structural areas. Ensure all blocks are fully seated. If wall-mounting, ensure the hanging mechanism is securely attached to both the model and the wall. For desk display, ensure the back bracket is fully extended and stable on a flat surface.
- **Finger Discomfort During Assembly:** As this set involves many small pieces, prolonged assembly can cause finger discomfort. Take frequent breaks and consider using a thimble or a small block separator tool if available.
