FEANDREA Cat Tree Instruction Manual

Model: PCT192C02 | Brand: Feandrea

1. PRODUCT OVERVIEW

The FEANDREA Cat Tree, Model PCT192C02, is an indoor cat activity center designed to provide a stimulating and comfortable environment for your feline companions. This multi-level tower features various elements to satisfy your cat's natural instincts for climbing, scratching, playing, and resting.

- **Multi-Level Design:** Offers easy ascent and descent, suitable for cats of all ages, including seniors and those less agile.
- **Space-Saving:** With a base size of 48.5 cm x 40 cm, its slim design fits well in smaller rooms without obstructing movement.
- **Cozy Hideaways:** Includes large, soft hideaway houses for personal space and comfortable rest.
- **Scratching Posts:** Equipped with 10 scratching posts to promote healthy claw maintenance and protect your furniture.
- **Stable Base:** A wide, thickened base and four sturdy support pillars ensure enhanced stability and safety during your cat's activities.
- **Hammock:** A comfortable hammock provides an additional spot for relaxation.

2. SETUP AND ASSEMBLY

Assembly of the FEANDREA Cat Tree is designed to be straightforward. Please follow these instructions carefully to ensure correct and safe setup.

2.1 Unpacking and Part Identification

Carefully unpack all components from the box. Verify that all parts listed in the included parts list are present and undamaged. It is recommended to wear gloves during assembly to protect your hands from potential loose fibers from the scratching posts.

2.2 Assembly Steps

1. Begin by attaching the lowest scratching posts and platforms to the base. Ensure all screws are tightened securely.
2. Continue building upwards, connecting platforms, hideaway houses, and scratching posts according to the provided diagrams.
3. Attach the hammock and any dangling toys as indicated in the manual.
4. Once fully assembled, gently shake the cat tree to check for stability. If any part feels loose, re-tighten the corresponding screws.

2.3 Safety and Stability

For enhanced safety, especially in households with active cats or multiple cats, utilize the included anti-tip kit. Secure the cat tree to a wall using the provided strap and hardware to prevent accidental tipping.

3. OPERATING INSTRUCTIONS

The FEANDREA Cat Tree is designed for daily use by your cats. Encourage your cats to explore and utilize all features of the tower.

- **Climbing and Exploration:** The staggered platforms and multiple levels allow cats to climb, jump, and explore, satisfying their natural curiosity and providing exercise.
- **Scratching:** Direct your cat to the sisal-covered scratching posts to sharpen their claws. This helps to deter

scratching on household furniture.

- **Rest and Relaxation:** The soft hideaway houses and hammock offer secluded and comfortable spots for napping and resting.
- **Play:** The integrated dangling toys provide entertainment and encourage playful interaction.

4. MAINTENANCE

Regular maintenance will extend the life of your cat tree and ensure a hygienic environment for your pets.

- **Cleaning:** Use a vacuum cleaner to remove loose fur and dust from all surfaces, especially the plush areas and hideaways. For spot cleaning, use a damp cloth with mild soap and water, then air dry thoroughly. Avoid harsh chemicals.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten any loose fasteners to maintain stability.
- **Scratching Post Wear:** Sisal scratching posts are designed to be durable but will show wear over time.

Monitor the condition of the scratching posts and consider replacing them if they become excessively frayed or damaged.

- **Odor Management:** If a new product odor is noticeable, allow the cat tree to air out in a well-ventilated area for a few days before introducing it to your cats.

5. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Instability:** If the cat tree feels wobbly, ensure all screws are fully tightened. Verify that the base is on a flat, even surface. Always use the provided anti-tip kit to secure the tree to a wall.
- **Cats Not Using the Tree:** Cats may need time to adjust to new furniture. Try placing treats or catnip on different levels to encourage exploration. Position the tree in a location your cat frequently visits or near a window.
- **Assembly Difficulties:** If you encounter issues during assembly, double-check the diagrams and part numbers in the instruction manual. Ensure you are using the correct screws for each connection. If parts seem to differ from the manual, contact customer support for clarification.
- **Product Odor:** A slight odor from new materials is normal. Allow the cat tree to air out in a well-ventilated space for several days.

6. SPECIFICATIONS

Brand	Feandrea
