

## EnergyCell CBT-30Q

# EnergyCell Rotating Wireless Charger CBT-30Q User Manual

Model: CBT-30Q

---

## INTRODUCTION

This manual provides instructions for the safe and efficient use of your EnergyCell Rotating Wireless Charger. This 3-in-1 charging station is designed to simultaneously charge compatible iPhone models, Apple Watch, and AirPods with Qi2 certified 15W fast charging.

---

## PACKAGE CONTENTS

- 1 × EnergyCell 3-in-1 Wireless Charger
- 1 × Power Adapter
- 1 × USB-C to USB-C Cable
- 1 × User Manual

# Compact for Travel

## PRODUCT FEATURES

- **3-in-1 Charging:** Simultaneously charges iPhone, Apple Watch, and AirPods.
- **Qi2 15W Fast Charging:** Delivers up to 15W for compatible iPhones.
- **Rotating Phone Stand:** Touch-sensitive rotation for vertical and horizontal viewing.
- **Pop-up Charging Docks:** Touch-activated docks for Apple Watch and AirPods.
- **Strong Magnetic Alignment:** Ensures secure placement for MagSafe-compatible devices.
- **Integrated Heat Dissipation:** Advanced cooling fan and design to maintain optimal charging temperatures.
- **Soft Ambient Light:** Built-in night light feature.
- **Safety Certifications:** Qi2, CE, UL, FCC certified.

## SETUP INSTRUCTIONS

1. **Connect Power Adapter:** Insert the USB-C to USB-C cable into the charging port on the back of the EnergyCell charger.
2. **Plug into Outlet:** Connect the other end of the USB-C cable to the provided power adapter, then plug the adapter into a wall outlet.
3. **Power On:** The charger will power on, indicated by a soft ambient light at the base.

## OPERATING INSTRUCTIONS

### Charging Your iPhone

- 1. Placement:** Place your MagSafe-compatible iPhone onto the magnetic charging pad. The strong magnets will align your device automatically.
- 2. Rotation:** The phone charging area features touch-sensitive rotation. Gently touch the designated area to rotate the phone between vertical (180°-30°) and horizontal (360°) viewing angles. *Do not manually force-twist the phone charging area, as this may damage the internal structure.*
- 3. Case Compatibility:** For optimal magnetic alignment and charging speed, use MagSafe-compatible cases or cases with a thickness of 0.2 inches (5mm) or less. Thick or non-magnetic cases may reduce magnetic strength and charging efficiency.

# Universal Compatibility

**15W**  
for iPhone

iPhone 16 Series    iPhone 15 Series    iPhone 14 Series    iPhone 13 Series    iPhone 12 Series

**5W**  
AirPods

AirPods Pro/Pro 2/AirPods 2/3/4  
(Wireless Charging Version)

**3W**  
Apple Watch

Apple Watch Ultra/SE/2-10

Image: A diagram illustrating the universal compatibility of the charger with various iPhone series (12-16), Apple Watch models, and AirPods (wireless charging version).

## Charging Your Apple Watch and AirPods

1. **Activate Docks:** Gently touch the designated touch-sensitive buttons on the charger to extend the charging docks for your Apple Watch and AirPods. There may be a slight delay of approximately 0.3 seconds for the docks to extend.
2. **Place Devices:** Place your Apple Watch onto its charging puck and your AirPods (wireless charging case) onto the flat charging pad.
3. **Retract Docks:** To retract the docks, gently touch the buttons again. The docks will recede into the unit.

# All at Once

Image: The EnergyCell charger actively charging an iPhone, Apple Watch, and AirPods simultaneously, demonstrating its 3-in-1 functionality.

## Ambient Light and Cooling Fan Control

- A switch located at the bottom of the unit controls both the soft ambient light and the internal cooling fan.
- Flipping this switch will turn off both the light and the fan simultaneously. It is recommended to keep the fan active during charging to ensure optimal heat dissipation and charging efficiency.

## Soft Ambient Light

Note: The light switch is at the bottom

Image: The EnergyCell charger displaying its soft ambient light feature, with an inset showing the location of the control switch at the bottom of the unit.

## MAINTENANCE

- **Cleaning:** Disconnect the charger from power before cleaning. Use a soft, dry cloth to wipe the surface. Avoid using abrasive cleaners or solvents.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Handling:** Handle the device with care. Avoid dropping or subjecting it to strong impacts.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Device not charging.	<ul style="list-style-type: none"> <li>Power adapter not connected or faulty.</li> <li>Device not properly aligned on charging pad.</li> <li>Thick or non-magnetic phone case.</li> <li>Device incompatibility.</li> </ul>	<ul style="list-style-type: none"> <li>Ensure power adapter is securely connected and plugged into a working outlet.</li> <li>Re-position the device to ensure proper magnetic alignment.</li> <li>Remove the phone case or use a MagSafe-compatible case.</li> <li>Verify your device is compatible with Qi2 wireless charging.</li> </ul>
Slow charging speed.	<ul style="list-style-type: none"> <li>Improper device alignment.</li> <li>Thick or non-magnetic phone case.</li> <li>Background apps consuming power.</li> </ul>	<ul style="list-style-type: none"> <li>Adjust device position for optimal alignment.</li> <li>Remove the phone case or use a MagSafe-compatible case.</li> <li>Close unnecessary background applications on your device.</li> </ul>
Charging docks not extending/retracting.	<ul style="list-style-type: none"> <li>Insufficient power.</li> <li>Incorrect touch input.</li> </ul>	<ul style="list-style-type: none"> <li>Ensure the charger is receiving adequate power from the provided adapter.</li> <li>Gently touch the designated sensor area. Note the 0.3-second delay.</li> </ul>
Device feels warm during charging.	<ul style="list-style-type: none"> <li>Normal operation for wireless charging.</li> <li>Cooling fan is off.</li> </ul>	<ul style="list-style-type: none"> <li>Slight warmth is normal. The charger has built-in heat dissipation.</li> <li>Ensure the cooling fan switch at the bottom of the unit is in the "on" position.</li> </ul>

## SPECIFICATIONS

Feature	Detail
Model Number	CBT-30Q
Brand	EnergyCell
Input Voltage	9 Volts
Wattage	15 Watts (Max)
Connector Type	USB Type C
Compatible Devices	iPhone (12-16 Series), Apple Watch (Ultra/SE/2-10), AirPods (Wireless Charging Version)
Special Features	Fast Charging, MagSafe Compatible, Multi-Device Charging, Wireless Charging, Rotating Stand, Heat Dissipation
Item Weight	1.28 pounds (approx. 0.58 kg)
Package Dimensions	6.3 x 3.46 x 3.34 inches (approx. 16 x 8.8 x 8.5 cm)

# Safeguarding Your Devices while Charging

Qi2 Certification

CE Certification

UL Certification

FCC Certification
