

Dripex MR-14151209

Dripex Makeup Mirror User Manual

Model: MR-14151209

Brand: Dripex

INTRODUCTION

Thank you for choosing the Dripex Makeup Mirror. This manual provides detailed instructions for the safe and efficient use of your new mirror. Please read this manual thoroughly before operation and retain it for future reference.

This makeup mirror features 9 high-quality LED bulbs, offering three adjustable light colors (cool white, natural, warm) and dimmable brightness. Its 360-degree rotatable design and included 10x magnifying mirror provide versatility for all your makeup needs. The robust metal frame and base ensure stability and durability.

SAFETY INFORMATION

WARNING: To reduce the risk of burns, fire, electric shock, or injury to persons:

- Always unplug the mirror from the electrical outlet immediately after using and before cleaning.
- Do not use while bathing or in a shower.
- Do not place or store mirror where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- Do not reach for a mirror that has fallen into water. Unplug immediately.
- Close supervision is necessary when this mirror is used by or near children or invalids.
- Use this mirror only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
- Never operate this mirror if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water.
- Keep the cord away from heated surfaces.
- Never drop or insert any object into any opening.
- Do not use outdoors.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- Ensure the mirror is placed on a stable, flat surface.

PACKAGE CONTENTS

- Dripex Makeup Mirror (MR-14151209)
- 10x Magnifying Mirror
- USB Cable (for power)
- User Manual

SETUP

The Dripex Makeup Mirror is designed for easy setup with no assembly required. Simply place it on a stable, flat surface.

1. **Unpack the Mirror:** Carefully remove all packaging materials from the mirror and its accessories.

Image: The Dripex Makeup Mirror, white in color, standing upright on a light-colored vanity. It has 9 circular LED bulbs around its perimeter. To the left, there's a vase with light-colored flowers and some lipstick. To the right, there's a perfume bottle and makeup brushes in a holder. The mirror reflects a bedroom interior.

2. **Position the Mirror:** Place the mirror on a clean, dry, and stable surface, such as a dressing table or desk.

Image: A woman is seen from behind, looking into the Dripex Makeup Mirror and applying mascara. The mirror's LED lights are illuminated, and touch controls are visible at the bottom center of the mirror surface.

3. **Connect Power:** Connect the provided USB cable to the mirror's power input port. Plug the other end of the USB cable into a compatible DC/AC power adapter (not included) or a USB power source.
Note: The mirror is powered via USB. Ensure your power source provides adequate power for optimal performance.
4. **Attach Magnifying Mirror (Optional):** The 10x magnifying mirror can be attached to the main mirror surface using its suction cups for detailed work.

Image: A close-up of a hand attaching the small, circular 10x magnifying mirror to the surface of the larger Dripex Makeup Mirror. The magnifying mirror has suction cups on its back.

OPERATING INSTRUCTIONS

The Dripex Makeup Mirror features intuitive touch controls located on the mirror surface.

Image: A close-up of the lower part of the Dripex Makeup Mirror, highlighting the three touch control icons: Power (circle with vertical line), Mode (M), and Brightness (P). The LED bulbs are illuminated.

Power On/Off

- Touch the **Power button** (circle with vertical line icon) on the mirror surface to turn the lights on or off.

Adjusting Light Color

The mirror offers 3 light color modes: Cool White, Natural, and Warm.

- With the lights on, touch the **Mode button** (M icon) repeatedly to cycle through the three light colors.
- The mirror has a memory function that retains the last used light color and brightness setting when turned off and on again.

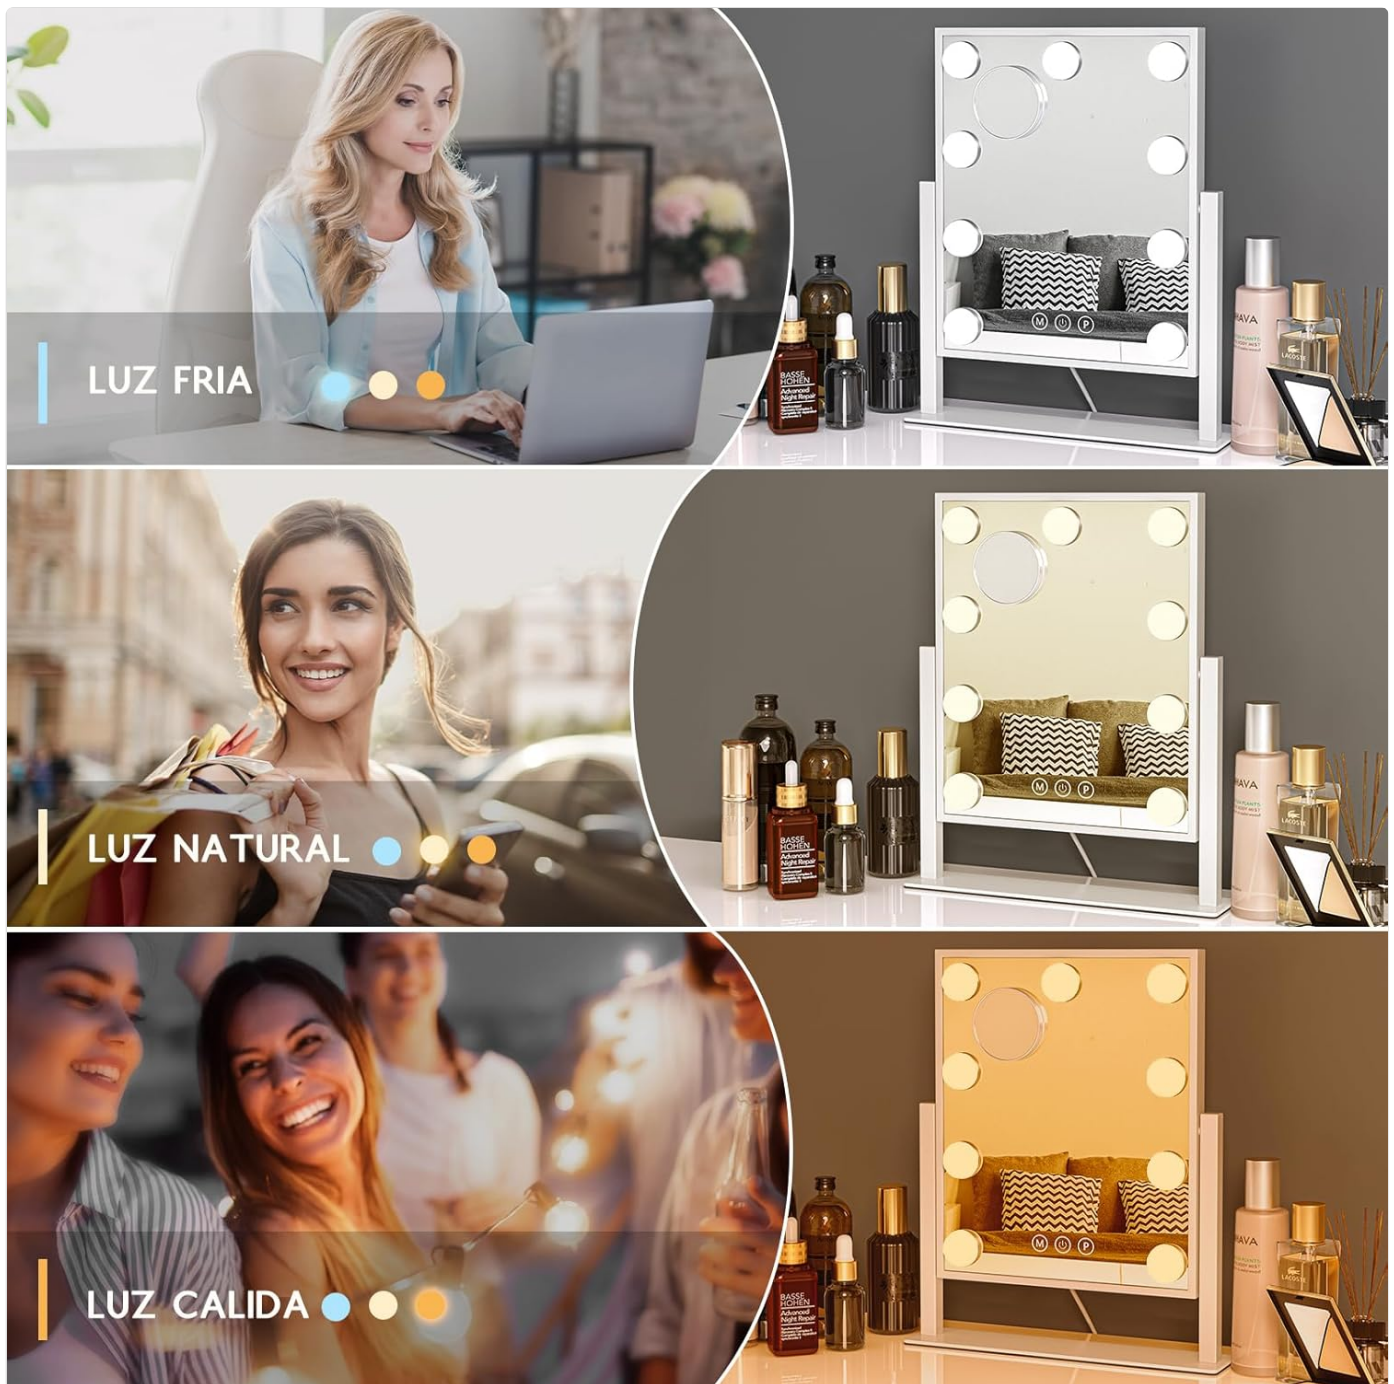

Image: A composite image displaying the Dripex Makeup Mirror under three different lighting conditions: "Luz Fria" (Cool Light) with a bluish tint, "Luz Natural" (Natural Light) with a balanced white light, and "Luz Cálida" (Warm Light) with a yellowish tint. Each mirror is shown in a different setting to illustrate the effect of the light.

Adjusting Brightness (Dimmable)

- With the lights on, press and hold the **Brightness button** (P icon) to adjust the brightness level. Release when the desired brightness is achieved.

360-Degree Rotation

- The mirror can be rotated 360 degrees on its stand to achieve the perfect viewing angle. Gently tilt the mirror to adjust its position.

Image: A diagram showing the mirror rotating 360 degrees on its stand, with arrows indicating the rotational movement. This image is part of a larger graphic that also highlights high-quality LED lamps, anti-slip mat, and 10x magnification.

Using the 10x Magnifying Mirror

- The included 10x magnifying mirror is ideal for detailed tasks such as applying eyeliner, mascara, or plucking eyebrows.
- Attach it to any smooth, clean surface of the main mirror using its suction cups.

MAINTENANCE

Proper care will ensure the longevity and performance of your Dripex Makeup Mirror.

- **Cleaning the Mirror Surface:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping into the electrical components.
- **Cleaning the Frame and Base:** Wipe with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** When not in use for extended periods, store the mirror in a cool, dry place, away from direct sunlight and moisture.
- **LED Bulbs:** The LED bulbs are designed for long life (over 50,000 hours) and do not require replacement under normal use. They do not generate heat during operation.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights do not turn on.	Not plugged in. Power source issue. Damaged USB cable.	Ensure the USB cable is securely plugged into the mirror and the power source. Try a different USB power adapter or port. Inspect the USB cable for damage. Replace if necessary.

Problem	Possible Cause	Solution
Lights are dim or flickering.	Insufficient power. Brightness setting too low.	Ensure the power source provides sufficient current (e.g., a 5V/2A adapter). Press and hold the Brightness button (P icon) to increase brightness.
Touch controls are unresponsive.	Mirror surface is dirty or wet. Temporary electronic glitch.	Clean and dry the mirror surface where the touch controls are located. Unplug the mirror, wait 30 seconds, then plug it back in.
Mirror is unstable.	Not on a flat surface. Base not properly seated.	Place the mirror on a completely flat and stable surface. Ensure the mirror frame is securely seated in its base.

SPECIFICATIONS

Feature	Detail
Brand	Dripex
Model Number	MR-14151209
Color	White
Mirror Dimensions	30 x 25 cm (approx. 11.81 x 9.84 inches)
Product Dimensions (Overall)	36L x 30W cm (approx. 14.17L x 11.81W inches)
