bokilino X21

bokilino MagSafe Car Mount Charger (Model X21)

Instruction Manual

Introduction

The bokilino MagSafe Car Mount Charger is a versatile 3-in-1 device designed to securely hold and wirelessly charge your compatible iPhone while driving. It features a strong magnetic connection, 15W fast charging capability, and ambient LED lighting. This manual provides detailed instructions for installation, operation, maintenance, and troubleshooting to ensure optimal performance and safety.

Key Features

- **3-in-1 Functionality:** Combines a car mount, wireless charger, and phone holder.
- **15W Fast Wireless Charging:** Provides rapid charging for compatible devices.
- **Strong Magnetic Hold:** Securely attaches your iPhone, preventing slips even on bumpy roads.
- **Ambient LED Lighting:** Soft blue LED light for enhanced aesthetics and visibility.
- **360° Adjustable Mount:** Allows for flexible positioning in both vertical and horizontal orientations.
- **One-Hand Operation:** Designed for easy phone placement and removal.
- **Vent Compatibility:** Suitable for horizontal and vertical air vents (not compatible with round vents).

What's in the Box

Upon opening the package, please ensure all components are present and in good condition:

- MagSafe Car Mount Charger Unit
- Air Vent Clip Attachment
- USB-C to USB-C Cable

Setup and Installation

Follow these steps to properly install your MagSafe Car Mount Charger:

1. **Attach the Air Vent Clip:** Insert the ball joint of the air vent clip into the socket on the back of the charger unit. Tighten the nut clockwise until secure.
2. **Mount to Air Vent:** Identify a suitable horizontal or vertical air vent in your vehicle.**Note: Not compatible with round air vents.**
3. **Adjust Hook Length:** Rotate and adjust the hook length of the vent clip to fit snugly onto the vent blade. Ensure it is stable and non-slip.
4. **Connect Power:** Plug the provided USB-C cable into the charger unit and connect the other end to a QC18W or higher cigarette charging adapter (not included) in your car.

Operating Instructions

1. **Attaching Your Phone:** Simply bring your MagSafe-compatible iPhone (iPhone 12-17 series) close to the

charger unit. The strong magnets will automatically align and secure your phone in place.

2. **Wireless Charging:** Once attached, your phone will begin fast wireless charging. The ambient LED light on the charger will illuminate to indicate active charging.
3. **Adjusting Viewing Angle:** The charger unit features a 360° rotatable ball joint, allowing you to adjust your phone to the desired vertical or horizontal viewing angle for navigation or hands-free calls.
4. **Removing Your Phone:** Gently pull your phone away from the charger unit. The one-click MagSafe design allows for easy detachment.

Maintenance

- **Cleaning:** Wipe the charger unit and mount with a soft, dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners.
- **Secure Fit:** It is recommended to re-tighten the air vent clip every two weeks to ensure it remains stable and secure.
- **Cable Care:** Avoid bending or crimping the USB-C cable excessively to prevent damage.

Troubleshooting

Phone not charging:

- Ensure the USB-C cable is securely connected to both the charger unit and a power source (QC18W+ adapter recommended).
- Verify your phone is MagSafe compatible (iPhone 12 series or newer).
- If using a phone case, ensure it is a MagSafe-compatible case. Non-magnetic cases or thick cases may interfere with charging.
- Check for any debris between the phone and the charger unit.

Phone not holding securely:

- Ensure the air vent clip is properly tightened and securely attached to the vent blade.
- Confirm your phone or phone case has MagSafe functionality. For non-MagSafe phones/cases, a magnetic ring

(not included) may be required.
- Avoid using overly thick or non-magnetic phone cases.

Charger unit feels warm:

- It is normal for wireless chargers to generate some heat during operation. If it becomes excessively hot, disconnect the power and allow it to cool down.
- Ensure there is adequate airflow around the charger unit.

Specifications

Product Dimensions	6.3 x 6.3 x 0.9 inches
Item Weight	1.76 ounces (0.05 Kilograms)
Model Number	X21
Brand	bokilino
Connector Type	USB Type C
