

OpenAir5ZS02-mt

PAXA Translation Headphones Open Air 5 User Manual

Model: OpenAir5ZS02-mt

INTRODUCTION

The PAXA Open Air 5 Translation Headphones are designed to provide seamless, real-time language translation, high-quality audio for music, and clear communication for calls. These earbuds leverage advanced AI technology to ensure accurate and up-to-date translations across multiple languages and accents, making them ideal for travel, study, and international business. Their lightweight and ergonomic design ensures comfort for all-day use.

Figure 1: PAXA Open Air 5 Translation Headphones and Charging Case. The image displays the white earbuds with an open-ear design and their transparent charging case, which features a digital battery indicator.

PACKAGE CONTENTS

Please check the package for the following items:

- PAXA Open Air 5 Translation Headphones (Left and Right Earbuds)
- Charging Case
- USB Charging Cable
- User Manual

SETUP

1. Charging the Device

Before first use, fully charge the PAXA Open Air 5 headphones and their charging case. Connect the provided USB charging cable to the charging port on the case and a power source. The digital display on the case will indicate the charging status.

2. Pairing with Your Device

1. Ensure the earbuds are in the charging case and the case has power.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your smartphone or tablet, go to Bluetooth settings and enable Bluetooth.
4. Select "PAXA Open Air 5" from the list of available devices.
5. Once connected, a confirmation sound will play through the earbuds.

3. Installing the Companion App

For full translation functionality and AI-powered updates, download the free PAXA companion app from your device's app store. The app is essential for accessing real-time translation features and managing language settings.

OPERATING INSTRUCTIONS

Basic Controls

- **Power On/Off:** Earbuds power on automatically when removed from the case and power off when placed back in the case.
- **Play/Pause:** Tap either earbud once.
- **Next Track:** Double-tap the right earbud.
- **Previous Track:** Double-tap the left earbud.
- **Answer/End Call:** Tap either earbud once.
- **Reject Call:** Press and hold either earbud for 2 seconds.
- **Activate Voice Assistant:** Triple-tap either earbud.

Using Translation Features

The PAXA Open Air 5 supports real-time translation across 145 languages and accents. Utilize the companion app to select languages and manage translation modes.

Natural and Instant Translation

98% Accuracy Simultaneous Translation in 0.5 Sec

Figure 2: PAXA Earbuds demonstrating language translation capabilities. The image shows two earbuds with various greetings in different languages (e.g., "Hello," "Bonjour," "Hola") radiating from them, illustrating the 75 languages and 70 accents supported.

PAXA

Speak Freely, Translate Instantly

Figure 3: Two people using PAXA earbuds for real-time translation. The image depicts a man and a woman conversing, each wearing an earbud, with speech bubbles showing translation from English to Spanish and vice-versa, highlighting instant translation.

Translation Modes

The PAXA Open Air 5 offers versatile translation modes to suit different scenarios:

- **Touch Mode:** Ideal for one-on-one conversations. Each person wears an earbud, and translation occurs as they speak.
- **Listen Mode:** For understanding spoken language around you. The earbuds translate spoken content and play it back to you.
- **Speaker Mode:** Use your phone's speaker to broadcast translations, useful for group interactions or when only one person has earbuds.

Natural And Instant Translation

Competent In Various Scenarios

Touch Mode

Listen Mode

Speaker Mode

Figure 4: PAXA Earbuds demonstrating Touch, Listen, and Speaker translation modes. The image shows three scenarios: two people conversing with earbuds (Touch Mode), a person listening to a presentation (Listen Mode), and a person speaking to a group with their phone (Speaker Mode).

AI Chat Partner

The integrated AI functionality allows the earbuds to act as an AI chat partner, providing information and assistance. This feature is accessible through the companion app.

PAXA

Your AI Chat Partner, Ready 24/7

Equipped with AI, Embrace the Future of Technology

Figure 5: Man interacting with AI chat partner via PAXA earbuds and smartphone. The image shows a man looking at his phone, which displays an "AI chat" interface, with the earbuds and charging case visible, illustrating the AI chat functionality.

Precision Translation, No Matter the Noise

Figure 6: PAXA earbud highlighting dual microphones and AI for precision translation. The image focuses on a single earbud with graphic overlays indicating "Dual microphones for unparalleled sonic accuracy" and "AI innovation redefines translation accuracy," set against a sound wave background.

MAINTENANCE

Cleaning

Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or immerse the device in water.

Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from direct sunlight and extreme temperatures.

Battery Care

To prolong battery life, avoid fully discharging the earbuds and charging case frequently. Charge them regularly, even if not in constant use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing	Low battery; Bluetooth off; Already paired to another device.	Charge earbuds and case; Ensure Bluetooth is enabled on your device; Disconnect from other devices and try pairing again.
No sound	Volume too low; Not connected; Earbuds dirty.	Increase volume on your device; Reconnect earbuds; Clean earbuds gently.
Translation inaccuracy	Poor internet connection; Outdated app; Background noise.	Ensure stable internet connection; Update the PAXA app; Speak clearly and reduce background noise.
Charging case not charging	Faulty cable or power source.	Try a different USB cable and power adapter.
