## Fsitego Self-cleaning cat litter box

# Fsitego Self-Cleaning Automatic Cat Litter Box User Manual

Model: Self-cleaning cat litter box

## INTRODUCTION

Thank you for choosing the Fsitego Self-Cleaning Automatic Cat Litter Box. This manual provides essential information for the proper setup, operation, and maintenance of your new device. Please read it thoroughly before use to ensure optimal performance and the safety of your pets.

## SAFETY INFORMATION

Your Fsitego Self-Cleaning Automatic Cat Litter Box is equipped with advanced safety features to protect your pets. These include:

- **Dual Sensors:** Infrared and gravity sensors detect your cat's presence.
- **Anti-Pinch Technology:** Operation stops immediately if a pet is detected inside or near the entrance during a cleaning cycle.
- **Abnormal Current Detection:** Provides added electrical safety.

Always ensure the unit is placed on a stable, hard, and even surface. Avoid placing it on carpets or rugs to prevent sensor interference and ensure proper operation.

# INFRARED SENSOR

When the cat is close to the sensor,  
the machine will pause until the cat is gone

## PACKAGE CONTENTS

Please check the box for the following items:

- Self-cleaning cat litter box unit
- Power adapter
- User manual (this document)
- Trash bags (starter roll)

## SETUP

Setting up your Fsitego Self-Cleaning Automatic Cat Litter Box is a straightforward process:

1. **Unpack:** Carefully remove all components from the packaging.
2. **Position:** Place the main unit on a firm, level, and hard surface. Ensure it is not on carpet or rugs.
3. **Install Waste Bag:** Open the waste drawer located at the bottom front of the unit. Line the drawer with a trash bag, ensuring the edges are securely tucked. Slide the drawer back into place.

4. **Add Litter:** Open the top lid of the main unit. Pour clumping cat litter (excluding crystal litter) into the globe. Ensure the litter level is between the 'MIN' and 'MAX' lines indicated inside the globe. Close the top lid securely.
5. **Connect Power:** Plug the power adapter into the designated port on the back of the unit, then plug the adapter into a wall outlet. The unit will power on automatically.

Your litter box is now ready for use in automatic mode. For detailed visual instructions, please refer to the setup video below.

## OPERATING INSTRUCTIONS

---

The Fsitego Self-Cleaning Automatic Cat Litter Box offers both automatic and manual operation modes, along with smart app control.

### Automatic Cleaning

The unit is designed to automatically rake and remove waste after each use. After your cat exits the litter box, a timer will initiate a cleaning cycle, sifting clean litter and depositing waste into the sealed drawer below. This ensures a consistently fresh environment for your cat.

### Smart App Control (Tuya Smart App)

Download the "Tuya Smart" App (2.4G Wi-Fi required) to unlock advanced features:

- **Remote Control:** Initiate cleaning cycles from anywhere.
- **Usage Monitoring:** Track your cat's usage frequency.
- **Real-time Alerts:** Receive notifications for waste bin status or other important events.
- **Ambient Lighting Control:** Customize the color and brightness of the internal ambient light.

## Real-time Tracking & Insights to Your Cat's Health

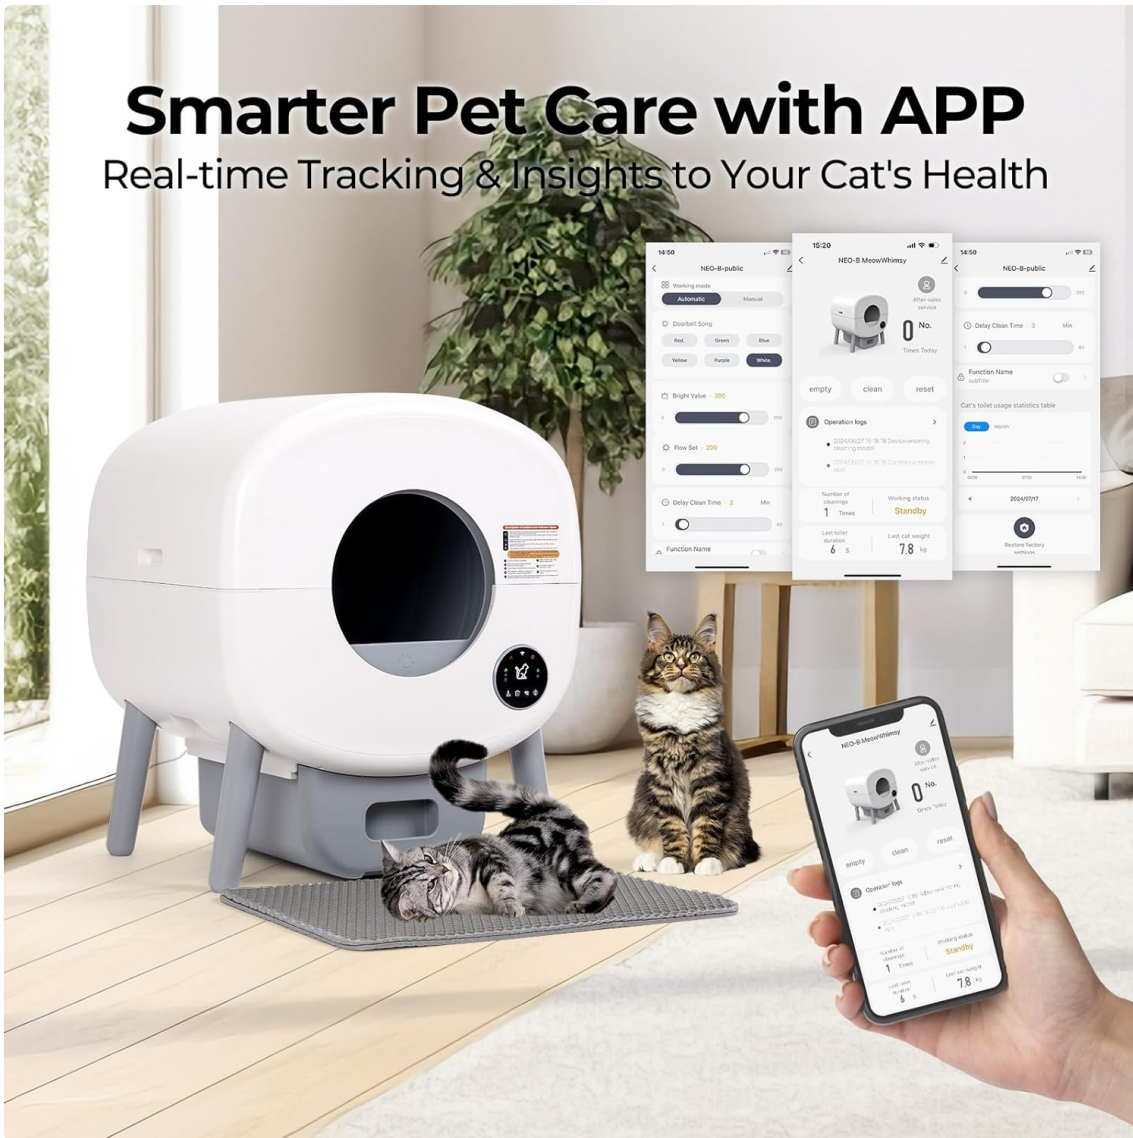

Image: The Tuya Smart App interface showing options for cleaning, monitoring, and settings for the litter box.

### Manual Control

The control panel on the unit allows for direct operation:

- **Start/Stop Cleaning:** Manually initiate or pause a cleaning cycle.
- **Empty Waste:** Trigger a full emptying of the litter into the waste bin.
- **Mode Switching:** Toggle between automatic and manual modes.

### Ambient Lighting

The built-in LED ambient light can be customized via the app to create a calming atmosphere for your cat, suitable for both day and night use.

# BUILT-IN LED AMBIENT LIGHT

Customize the ambient lighting in your cat's litter box with your phone to make your cat's toilet experience even better!

## Litter Compatibility

The Fsitego Self-Cleaning Automatic Cat Litter Box is compatible with most types of clumping cat litter, including plant-based, bentonite, mineral, and mixed litters. Crystal litter is not recommended.

# Suitable for All Clumping Cat Litter

Comfortably Accommodates Large Cats

Plant

Bentonite

Mineral

Mixed

Image: Examples of compatible litter types: plant, bentonite, mineral, and mixed.

## Quiet Operation

The unit operates at a low noise level of approximately 35dB, ensuring a peaceful home environment and minimizing disturbance to your cats.

## MAINTENANCE

Regular maintenance ensures the longevity and hygiene of your Fsitego Self-Cleaning Automatic Cat Litter Box.

### Emptying the Waste Bin

The 13L waste bin can hold waste for up to 15 days for a single cat. When the app or indicator light signals the bin is full, simply pull out the waste drawer, tie off the bag, and dispose of it. Replace with a new trash bag.

### Cleaning the Unit

The unit features a detachable design for easy cleaning:

1. **Remove Top Cover:** Gently lift and remove the top cover of the unit.
2. **Remove Roller:** Carefully detach the internal roller (globe) from the base.
3. **Rinse:** The roller and waste drawer can be rinsed with water. Ensure all parts are completely dry before reassembling.
4. **Wipe Base:** Wipe down the base unit with a damp cloth.

## TROUBLESHOOTING

If you encounter any issues, please refer to the following common solutions:

- **App Connectivity Issues:** Ensure your Wi-Fi network is 2.4G. Restart the unit and your router, then attempt to reconnect via the Tuya Smart App.
- **Cleaning Cycle Stops Unexpectedly:** Check for any obstructions in the globe or near the entrance. Ensure the waste drawer is fully inserted. The safety sensors will pause operation if a cat is detected.
- **Litter Not Sifting Properly:** Verify that the litter level is between the 'MIN' and 'MAX' lines. Ensure you are using compatible clumping litter.
- **Odor Persistence:** Ensure the waste bin is emptied regularly. The unit includes an automatic deodorizer; check if it needs replacement or if its settings are optimized in the app.

For further assistance, please contact Fsitego customer support.
