LEGO Disney Princess Beauty and The Beast Castle Building Set

Model: 43263 (Item Model Number: 6529108)

PRODUCT OVERVIEW

The LEGO Disney Princess Beauty and the Beast Castle (43263) offers an immersive and creative building challenge for adults aged 18 and up. This set allows builders to construct the iconic 4-level castle from the beloved movie, bringing Belle's magical story to life through detailed construction.

The completed model features enchanting details such as the spinning dance floor in the Beast's ballroom, Belle's cozy library tower, and the enchanted rose chamber. It also includes 10 beloved Disney minifigures, allowing for the recreation of favorite movie moments. Once built, the castle serves as a significant decorative piece, symbolizing the timeless romance and magic of the story.

KEY FEATURES AND PLAYABILITY

This 2,916-piece set allows you to recreate iconic moments from Disney's *Beauty and the Beast* with authentic details and interactive elements. The set is designed for display but also offers features that allow for imaginative engagement with the story.

- **Iconic Minifigures:** The set includes 10 beloved Disney minifigures: Belle, Beast, Gaston, LeFou, Maurice, Mrs. Potts, Chip, Lumière, Cogsworth, and Fifi. These characters enable the recreation of various scenes from the film.
- **Authentic Castle Details:** Explore the 4-level castle featuring a functional spinning dance floor in the Beast's ballroom, Belle's detailed library tower, the mystical enchanted rose chamber, and various hidden storage areas throughout the structure.
- **Display Piece:** Once completed, the castle serves as a significant and detailed display piece, designed to bring

the magic of Disney to any home or office environment.

MAINTENANCE AND CARE

To ensure the longevity and preserve the appearance of your LEGO set, adhere to the following care guidelines:

- **Cleaning:** Use a soft, dry cloth to gently dust the model regularly. For more thorough cleaning, a mild soap solution (e.g., dish soap) mixed with water and applied with a soft brush can be used. Rinse the bricks with clean water and allow them to air dry completely before reassembly or storage. Avoid using harsh chemicals, abrasive materials, or hot water, as these can damage the plastic or fade colors.
- **Storage:** Store the assembled set or individual bricks in a cool, dry place away from direct sunlight. Prolonged exposure to sunlight can cause plastic to become brittle and colors to fade over time.
- **Handling:** Handle the model with care, especially when moving it, to prevent accidental disassembly or damage to delicate parts and connections.

TROUBLESHOOTING

Most issues encountered with LEGO building sets are related to the assembly process or missing components. If you experience any difficulties, consider the following:

- **Missing Pieces:** In the rare event of missing pieces, please contact LEGO Customer Service directly through their official website. They have a dedicated service for requesting replacement parts.
- **Assembly Errors:** If a section of your model does not seem to fit correctly or appears unstable, carefully re-examine the instruction manual steps for that section. A small error in an earlier step can often affect subsequent assembly. It is often helpful to disassemble the problematic section and rebuild it from the beginning of that step.
- **Loose Connections:** Ensure that all LEGO bricks are firmly pressed together. LEGO elements are designed to fit snugly, and a loose connection can compromise the stability of the model.
