2.2 Package Contents

Please check the package for the following items:

- ecozy Sunrise Alarm Clock Unit
- Power Adapter (USB-C cable and wall adapter)
- User Manual (This document)

3. SETUP

3.1 Initial Power-On

1. Connect the provided USB-C cable to the port on the back of the ecozy device.
2. Plug the power adapter into a standard electrical outlet.
3. The display will illuminate, and the device will enter standby mode or prompt for initial time setting.

3.2 Setting the Time

Upon first power-on or after a power interruption, you may need to set the current time.

1. Press the **Time Set** button (usually indicated by a clock icon).
2. Use the +/- buttons or rotary dial (if present) to adjust the hour. Press **Time Set** again to confirm.
3. Adjust the minutes using the +/- buttons or rotary dial. Press **Time Set** to confirm.
4. Select 12-hour or 24-hour format if prompted.

4. OPERATING INSTRUCTIONS

4.1 Setting an Alarm

The device supports multiple alarms. Follow these steps to set an alarm:

1. Press the **Alarm** button (often a bell icon).
2. Use the +/- buttons or rotary dial to set the desired wake-up hour. Press **Alarm** to confirm.
3. Adjust the minutes and confirm with **Alarm**.
4. Select your preferred alarm sound from the 26 available options. Adjust the volume level (LO-L16).
5. Choose the sunrise simulation duration (e.g., 5-60 minutes before the alarm time).
6. Confirm all settings. The alarm icon will appear on the display.

To snooze, press the large **Snooze** button on top of the device when the alarm sounds. This will pause the alarm for 9 minutes.

4.2 Light Functions

The ecozy alarm clock offers various light modes:

- **Night Light:** Press the **Light** button to cycle through 17 different colors and brightness levels.
- **RGB Light:** Activate dynamic RGB light effects for mood lighting.
- **Sunset Simulation:** To initiate a sunset simulation, press the **Sunset** button. The light will gradually dim over a set period (e.g., 30-480 minutes) while playing a chosen sleep sound.

Bring Colorful Light to Nighttime

5. MAINTENANCE

- **Cleaning:** Unplug the device before cleaning. Use a soft, dry cloth to wipe the surface. Do not use abrasive cleaners or solvents.
- **Storage:** Store the device in a cool, dry place when not in use for extended periods.
- **Avoid Water:** Keep the device away from water and high humidity.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not power on.	Not properly connected to power.	Ensure the power adapter is securely plugged into both the device and the wall outlet.
Alarm does not sound.	Alarm not set or volume too low.	Verify alarm settings and ensure volume is audible. Check if the alarm is enabled.
Bluetooth connection fails.	Device not in pairing mode or too far.	Ensure the ecozy device is in Bluetooth pairing mode. Move your mobile device closer. Restart Bluetooth on both devices.
Light functions are not working.	Incorrect mode selected or brightness set to minimum.	Cycle through light modes and adjust brightness.
