

Safecourt Kitchen BL700

Safecourt Kitchen Power Blender Instruction Manual

Model: BL700 | Brand: Safecourt Kitchen

1. INTRODUCTION

Thank you for choosing the Safecourt Kitchen Power Blender. This powerful 1300W appliance is designed for versatile blending tasks, from smoothies and milkshakes to crushing ice and grinding nuts. It features a durable 1.5L glass jar, two convenient sport cups, and 5 automatic programs for effortless operation. Please read this manual carefully before use to ensure safe and optimal performance.

2. IMPORTANT SAFETY INSTRUCTIONS

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and/or injury to persons.

- Read all instructions before operating the blender.
- Do not immerse the motor base in water or other liquids. Clean only with a damp cloth.
- Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning.
- Avoid contact with moving parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.
- The blender features a double safety system, ensuring it only operates when the jar and lid are correctly attached. A beep confirms secure attachment.
- Do not blend hot liquids.
- Keep hands and utensils out of the container while blending to prevent the possibility of severe injury to persons or damage to the blender.
- Ensure the lid is securely locked before operating.
- This appliance is for household use only.

3. PRODUCT COMPONENTS

The Safecourt Kitchen Power Blender comes with the following components:

- Motor Base (1300W)
- 1.5L Glass Jar with Safety Lock
- Blade Assembly (integrated into jar)
- Lid with Filler Cap
- 2 x 600ml Sport Cups with Drinking Lids
- 250g Grinder Cup with Blade Set (for coffee beans, herbs, nuts)

Image: Overview of the Safecourt Kitchen Power Blender, showcasing the main unit with its 1.5L glass jar and the two accompanying sport cups, ready for use.

4. SETUP AND ASSEMBLY

Before first use, wash all parts that will come into contact with food (glass jar, lids, sport cups, grinder cup) in warm, soapy water. Rinse thoroughly and dry.

1. Place the motor base on a clean, dry, and stable surface.
2. Ensure the blade assembly is securely attached to the bottom of the glass jar.
3. Place the glass jar onto the motor base. Rotate it clockwise until it locks securely into place. You will hear a click or beep indicating it is correctly seated.
4. Add your ingredients to the jar. Do not exceed the maximum fill line.
5. Place the lid onto the glass jar and press down firmly until it locks. Ensure the filler cap is also in place.
6. Plug the power cord into a suitable electrical outlet.

For sport cups: Fill the sport cup with ingredients, attach the blade assembly to the cup, then invert and place onto the motor base. Twist to lock. For the grinder cup, follow similar steps.

5. OPERATING INSTRUCTIONS

The Safecourt Kitchen Power Blender offers both automatic programs and manual speed control.

Automatic Programs

The blender features 5 pre-set programs that automatically adjust speed and time for optimal results. To select a program, turn the dial to the desired setting and press the start button (if applicable, or the program will start automatically).

- **Cleaning:** For quick and easy cleaning of the jar.
- **Fruits & Vegetables:** Ideal for blending soft and hard fruits and vegetables into smooth purees or juices.
- **Nuts:** Designed for grinding nuts and seeds.
- **Milkshake:** Perfect for creamy milkshakes and other dairy-based drinks.
- **Ice Crusher:** Specifically for crushing ice cubes into fine or coarse ice.

Manual Operation

For manual control, turn the dial to the desired speed setting (1-5). The blender will operate continuously at that speed until you turn the dial to 'OFF'.

6. MAINTENANCE AND CLEANING

Proper cleaning and maintenance will extend the life of your blender.

Self-Cleaning Program

For quick and easy cleaning of the main glass jar:

1. Fill the glass jar with warm water (up to half full) and add a few drops of dish soap.
2. Secure the lid and place the jar on the motor base.

3. Select the 'Cleaning' program on the dial and start the blender.
4. Once the program finishes, rinse the jar thoroughly with clean water.

Dishwasher Safe Parts

The 1.5L glass jar, sport cups, grinder cup, and their respective lids and blade sets are dishwasher safe. Place them on the top rack of your dishwasher.

Motor Base Cleaning

Wipe the motor base with a damp cloth. Do not immerse the motor base in water or any other liquid.

7. TROUBLESHOOTING

If you encounter any issues with your blender, please refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
Blender does not turn on.	Not plugged in; Jar/lid not properly secured; Overload protection activated.	Ensure power cord is plugged in; Re-seat jar and lid until you hear a beep; Unplug, let cool for 15-20 mins, reduce ingredients, then restart.
Ingredients are not blending smoothly.	Too little liquid; Too many ingredients; Ingredients are too large.	Add more liquid; Reduce quantity of ingredients; Cut ingredients into smaller pieces.

Problem	Possible Cause	Solution
Loud noise/vibration during operation.	Jar not seated correctly; Hard ingredients.	Ensure jar is securely locked onto the base; Reduce amount of hard ingredients or add more liquid.
Leakage from the bottom of the jar.	Blade assembly not tightened; Seal damaged.	Ensure blade assembly is tightly screwed onto the jar; Contact customer support if seal is damaged.
