EZClicker 5061078320068

EZClicker Big Button Universal TV Remote (Silver) Instruction Manual

Model: 5061078320068

1. Introduction

The EZClicker Big Button Universal TV Remote is designed for simplicity and ease of use, particularly beneficial for seniors or individuals with limited dexterity or vision. This remote offers essential TV functions with large, clearly labeled buttons for a comfortable and accessible user experience.

2. Setup

2.1 Battery Installation

The EZClicker remote requires two (2) AAA batteries (not included). To install, slide open the battery compartment cover on the back of the remote. Insert the batteries, ensuring correct polarity (+/-), then close the cover securely.

Image 2: Remote dimensions and battery compartment location. Requires two AAA batteries (not included).

2.2 Programming Your Remote

Follow these steps to program your EZClicker remote to your television:

1. Turn on your TV manually.
2. Point the EZClicker remote directly at your TV.
3. Press and hold the **Mute** button (yellow speaker icon) and the **Volume+** button (green plus sign) simultaneously.
4. Continue holding both buttons. The red indicator light on the remote will start blinking.
5. Keep holding the buttons until you see the volume level change on your TV screen. This may take up to 60 seconds as the remote cycles through frequencies.
6. As soon as the volume changes on your TV, immediately release both buttons.
7. Your remote is now programmed. Test all buttons to ensure proper functionality.

Important Note: If you do not release the buttons immediately after the volume changes, the remote may not program correctly. If this happens, repeat the programming steps.

5. Specifications

- **Brand:** EZClicker
- **Model Number:** 5061078320068
- **Color:** Silver

- **Special Feature:** Universal
- **Max Number of Supported Devices:** 1 (Television)
- **Connectivity Technology:** Infrared
- **Button Quantity:** 13
- **Controller Type:** Button Control
- **Maximum Range:** 45 Feet
- **Battery Type:** AAA (2x, Not Included)
- **Item Dimensions (L x W x H):** 7" x 2" x 1"

6. Maintenance

To ensure optimal performance and longevity of your EZClicker remote:

- Replace batteries when the remote's response becomes sluggish or the indicator light does not illuminate.
- Clean the remote periodically with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- Store the remote in a dry place, away from extreme temperatures and direct sunlight.
- Avoid dropping the remote or exposing it to liquids.

7. Troubleshooting

- **Remote not responding:** Ensure batteries are correctly inserted and not depleted. Replace if necessary.
- **Remote not controlling TV after programming:** Re-attempt the programming steps (Section 2.2). Ensure you release the Mute and Volume+ buttons immediately when the TV volume changes.
- **Remote not controlling cable box/Firestick/Roku:** This remote is designed exclusively for televisions and is not compatible with external streaming devices or cable boxes.
- **Volume changes but other buttons don't work:** This indicates an incomplete programming. Repeat the programming steps carefully.
- **No individual channel input by numeral:** This remote features a simplified design and does not include numerical buttons for direct channel input. Use the Channel Up/Down buttons for navigation.

8. Warranty and Support

The EZClicker Big Button Universal TV Remote comes with a**5-Year Warranty**.

For any questions, concerns, or support needs, please refer to the contact information provided with your product packaging or visit the official EZClicker website.
