MAINTENANCE

Lubrication:

Regular lubrication of the running belt is essential for maintaining optimal performance and extending the lifespan of your walking pad. Use the provided lubricating oil as instructed in the detailed user manual (physical copy). Typically, lubrication is recommended every few months depending on usage frequency.

Cleaning:

Keep the walking pad clean by wiping down the surface and running belt with a damp cloth after each use. Ensure no dust or debris accumulates under the belt, as this can affect performance. Always unplug the device before cleaning.

TROUBLESHOOTING

If you encounter any issues with your DeerRun Walking Pad, please refer to the comprehensive troubleshooting section in the physical user manual. Common issues and their solutions are detailed there. If the problem persists, please contact customer support for assistance.
