XLEADER USMATEG-A

XLEADER SoundAngel Mate Pro (2nd Gen) Shower Speaker User Manual

Model: USMATEG-A
Brand: XLEADER

1. INTRODUCTION

Thank you for choosing the XLEADER SoundAngel Mate Pro (2nd Gen) Shower Speaker. This manual provides essential information for the safe and efficient operation of your new device. This certified IPX7 waterproof Bluetooth speaker delivers 8W crystal sound with rich bass, offering up to 12 hours of playtime. It features a strong suction cup and a silicone lanyard for versatile placement, making it ideal for use in showers, by the pool, at the beach, or during kayaking activities.

8W Crystal Sound& Rich Bass

Features high-fidelity driver and DSP Bass Chip.

4. SETUP

4.1 Charging the Speaker

Before first use, fully charge the speaker. Open the waterproof flap on the side of the speaker and connect the provided USB-C charging cable to the charging port. Connect the other end to a USB power adapter (not included). The charging indicator light will illuminate. A full charge takes approximately 3 hours and provides 8-12 hours of playtime at 50-80% volume.

4.2 Mounting the Speaker

The speaker comes with a strong suction cup and a silicone lanyard for flexible mounting options.

- **Using the Suction Cup:** Ensure the surface (e.g., shower wall, glass, tile) is clean and smooth. Press the suction cup firmly against the surface until it adheres securely.
- **Using the Silicone Lanyard:** Attach the silicone lanyard to the designated loop on the speaker. Use the lanyard to hang the speaker from a hook or secure it to other objects like a kayak or backpack.

4.3 Bluetooth Pairing

1. **Power On:** Press and hold the Power Button until you hear an audible prompt and the LED indicator flashes blue, indicating it's in pairing mode.
2. **Activate Bluetooth:** On your smartphone or other Bluetooth-enabled device, go to the Bluetooth settings and turn on Bluetooth.
3. **Select Device:** Look for "SoundAngel Mate Pro" in the list of available devices and select it.
4. **Confirm Connection:** Once successfully paired, you will hear a confirmation sound, and the LED indicator will turn solid blue. The speaker will automatically reconnect to the last paired device when powered on.

5.4 True Wireless Stereo (TWS) Pairing

For an enhanced audio experience, you can pair two XLEADER SoundAngel Mate Pro speakers together for True Wireless Stereo sound.

1. Ensure both speakers are powered off and not connected to any other Bluetooth devices.
2. Power on both speakers. They will automatically enter pairing mode.
3. On one of the speakers (this will be your primary speaker), double-press the Play/Pause button. The speakers will attempt to pair with each other.
4. Once successfully paired, you will hear a confirmation tone, and the LED indicator on the primary speaker will flash blue, while the secondary speaker's LED will remain solid blue.
5. Now, connect your device to the primary speaker via Bluetooth as described in section 4.3. Both speakers will play music synchronously.

6. CARE AND MAINTENANCE

- After use in saltwater or chlorinated water, rinse the speaker with fresh water to prevent corrosion.
- Ensure the charging port's waterproof flap is securely closed before exposing the speaker to water.
- Clean the speaker with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- Store the speaker in a cool, dry place when not in use.
- Avoid extreme temperatures and direct sunlight for prolonged periods.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery.	Charge the speaker fully.
Cannot pair with device.	Bluetooth not enabled on device, speaker not in pairing mode, or too far from device.	Ensure Bluetooth is on, speaker is in pairing mode (flashing blue LED), and device is within 66ft. Try restarting both devices.
No sound or low volume.	Volume too low on speaker or device, or speaker not connected.	Increase volume on both speaker and device. Re-pair the speaker if necessary.
Sound is distorted.	Volume too high, or device is too far from speaker.	Lower the volume. Move the device closer to the speaker.
