## Goplus B0DRXW2VNF

# Goplus 48" x 24" Workbench with Drawers and Pegboard Instruction Manual

Model: B0DRXW2VNF

## 1. SETUP AND ASSEMBLY

The Goplus 48" x 24" Workbench is designed for straightforward assembly. While one person can complete the setup, having a second person may assist with handling larger components. Ensure all parts are present before beginning assembly.

### 1.1 Unpacking and Part Identification

Carefully unpack all components from the packaging. Verify that all parts listed in the included assembly guide are present and undamaged. The workbench includes a 48" x 24" tabletop, metal frame components, pegboards, drawers, shelves, and a set of 24 hanging accessories.

# Product Dimensions

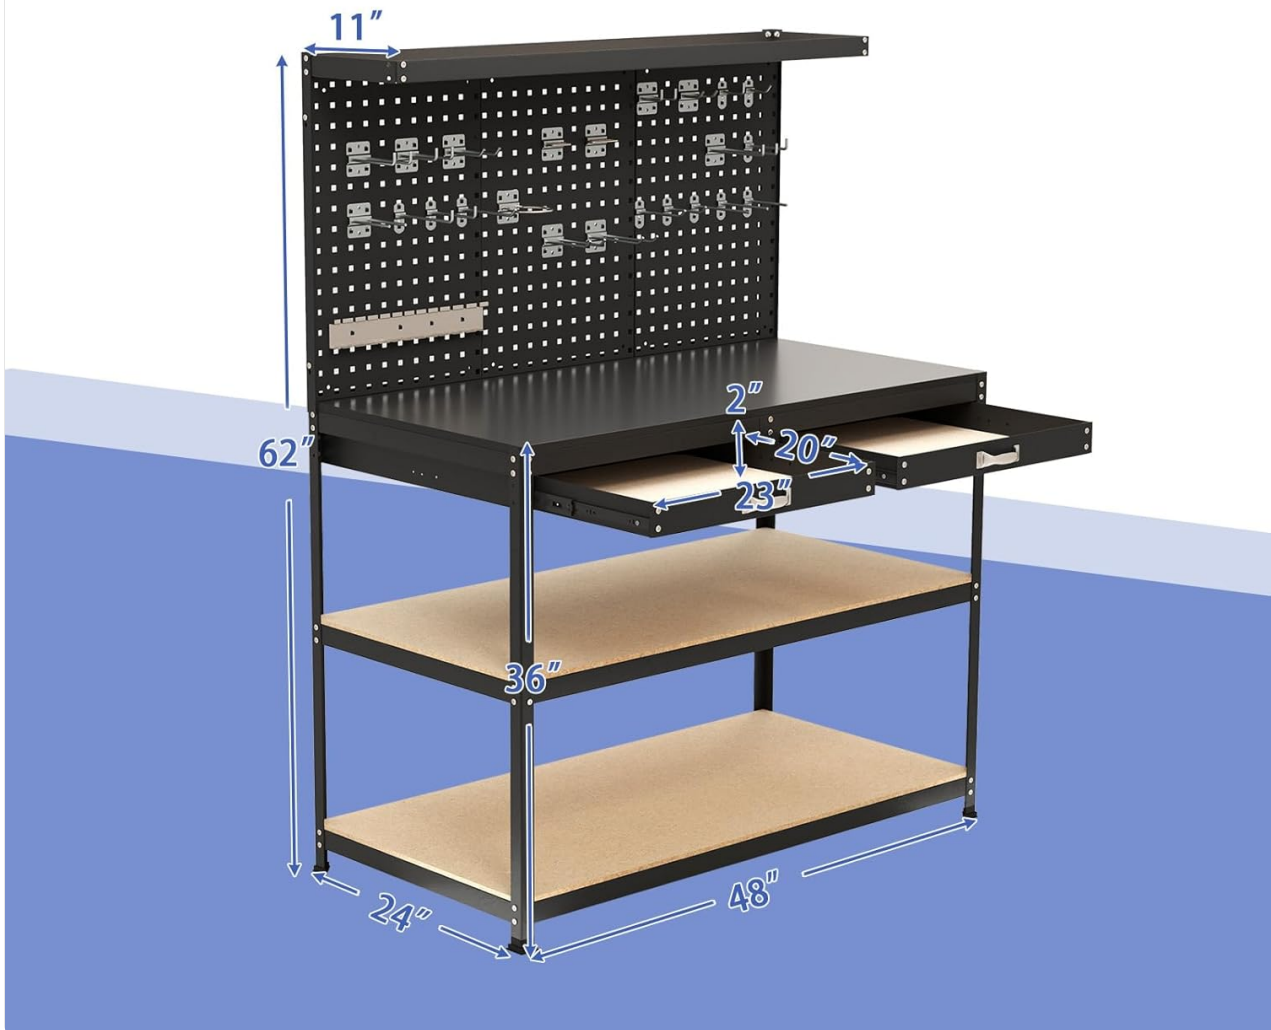

Image: Overview of Goplus Workbench product dimensions, showing height, width, and depth of various components.

## 1.2 Frame Assembly

Begin by assembling the heavy-duty metal frame. Attach the legs to the main support beams using the provided hardware. Ensure all connections are secure but do not fully tighten bolts until the entire frame is loosely assembled to allow for adjustments.

Image: Close-up diagram illustrating the reinforced bolt connections for the workbench frame, highlighting stability.

## 1.3 Attaching Shelves and Drawers

Once the main frame is stable, install the 2-tier shelves and the spacious tabletop. The tabletop provides a generous 48" x 24" working area. Next, assemble and integrate the two large drawers, ensuring smooth

operation of their slides. Finally, attach the three pegboard panels to the rear of the workbench.

Image: Detailed view of the workbench features, including smooth drawer slides, convenient drawer handles, orderly arranged hanging holes on the pegboard, and anti-slip footpads.

## 1.4 Final Adjustments

After all components are in place, fully tighten all bolts and screws. Attach the non-slip footpads to the bottom of each leg to enhance stability and protect your floor from scratches. The workbench is now ready for use.

## 2. OPERATING INSTRUCTIONS

The Goplus Workbench is designed for versatile use in various environments, from home garages to professional workshops. Its robust construction supports a total load capacity of 506 lbs.

### 2.1 Utilizing the Worktable and Shelves

The 48" x 24" tabletop offers ample space for various tasks, including crafting, repairs, and DIY projects. The two-tier shelves below provide additional storage for larger tools, toolboxes, and supplies, helping to keep your

workspace organized.

## 2.2 Pegboard and Accessories

The three functional pegboard panels feature precisely crafted square holes for higher stability when hanging tools. Use the included 24 hanging accessories, which comprise a screwdriver holder and 23 hooks of various shapes (single/double/square/circular) and tilt angles (90°/45°/straight), to keep frequently used tools within easy reach.

## 24 PCs Hanging Accessories

90° double hooks x 4

Square hooks x 2

90° single hooks x 4

45° double hooks x 4

Circular hook x 1

45° single hooks x 4

Straight single hook x 3

Screwdriver Holder x 1

Straight double hook x 1

Image: A comprehensive display of the 24 hanging accessories, including various types of hooks (90° double, square, 90° single, 45° double, circular, 45° single, straight single, straight double) and a screwdriver holder.

### 2.3 Drawer Usage

The two large drawers are ideal for storing smaller items, fasteners, and delicate tools, keeping them protected and out of sight. The smooth drawer slides ensure easy access.

## 3. MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your Goplus Workbench.

### 3.1 Cleaning

Wipe down the tabletop and metal surfaces regularly with a damp cloth to remove dust, debris, and spills. For stubborn grime, use a mild detergent and water, then dry thoroughly to prevent rust.

### 3.2 Fastener Check

Periodically inspect all bolts and screws to ensure they remain tight. Retighten any loose fasteners to maintain the workbench's structural integrity and stability.

### 3.3 Drawer Slides

Keep drawer slides clean and free of obstructions. If drawers become stiff, apply a small amount of silicone lubricant to the slides.

## 4. TROUBLESHOOTING

If you encounter any issues with your workbench, refer to the following common solutions.

### 4.1 Workbench Wobbles

- Ensure all assembly bolts are fully tightened.
- Verify that the workbench is placed on a flat, level surface.
- Check if footpads are securely attached and not damaged.

### 4.2 Drawers Stick or Don't Close Smoothly

- Inspect drawer slides for any debris or obstructions.
- Apply silicone lubricant to the drawer slides.
- Ensure drawers are not overloaded beyond their capacity.

### 4.3 Pegboard Hooks Don't Stay in Place

- Ensure you are using hooks designed for square-hole pegboards, as round-hole hooks may not fit securely.
- Avoid overloading individual hooks.

## 5. SPECIFICATIONS

Feature	Detail
Brand	Goplus
Model Number	B0DRXW2VNF
Material	Metal
Color	Black
Finish Type	Painted
Frame Material	Metal
Tabletop Dimensions	48" x 24"
Load Capacity	506 lbs (total)

Minimum Height	62 Inches
Pegboard Accessories	24 pieces (screwdriver holder, various hooks)
Drawers	2 large drawers
Shelves	1 top shelf, 2-tier bottom shelf
Item Weight	108.9 pounds
