Mpayel B7873-Black

Mpayel 13-inch Flush Mount Bladeless Ceiling Fan with LED Light and Remote

Model: B7873-Black

1. Safety Instructions

Read all instructions carefully before installation and use. Retain this manual for future reference.

- **Electrical Safety:** Always disconnect power at the main circuit breaker before attempting any installation, maintenance, or repair. Ensure all wiring connections comply with local electrical codes. If you are unsure about wiring, consult a qualified electrician.
- **Mounting:** Ensure the mounting surface can support the weight of the fan. The fan must be securely attached to a ceiling joist or a suitable electrical junction box rated for fan support.
- **Blade Clearance:** Maintain adequate clearance between the fan blades and any obstructions.
- **Remote Control:** Keep the remote control away from water and extreme temperatures.
- **Cleaning:** Do not use abrasive cleaners or solvents on the fan or light fixture. Clean with a soft, damp cloth.

2. Package Contents

Verify that all components are present before beginning installation:

- Ceiling Fan with Integrated LED Light
- Remote Control
- Mounting Bracket
- Installation Hardware (screws, wire nuts)
- User Manual

3. Specifications

Feature	Specification
Brand	Mpayel
Model Name	B7873-Black
Color	Black

Size	13 inches
Material	Acrylic, Metal
Light Source Type	LED
Control Method	Remote Control
Fan Speeds	3 (Low, Medium, High)
Light Color Temperature	3 (Warm, Natural, White)
Dimming	Stepless Dimming
Timer Function	1-hour, 2-hour
Product Dimensions	10 x 8 x 8 inches
Item Weight	4.99 pounds
Indoor/Outdoor Usage	Indoor

4. Installation

Most components are pre-assembled for simplified installation. The process typically takes less than an hour. Ensure power is disconnected at the circuit breaker before starting.

1. **Prepare the Mounting Location:** Turn off power at the circuit breaker. Remove any existing light fixture. Secure the mounting bracket to the ceiling junction box.
2. **Wire Connections:** Connect the fan's electrical wires to the household wiring. Typically, this involves connecting live (L), neutral (N), and ground wires. A jeweler's screwdriver may be required for securing wires in the connector.
3. **Mount the Fan:** Carefully lift the fan and attach it to the mounting bracket. Secure it with the provided screws.
4. **Final Assembly:** Ensure all connections are secure and the fan is firmly mounted. Restore power at the circuit breaker.

5. Operating Instructions

The fan and light functions are controlled via the included remote control.

5.1 Remote Control Functions

Figure 5.1: Stepless dimming and 3-color temperature options.

Figure 5.2: Fan speed adjustment.

- **Power On/Off:** Press the 'ON' or 'OFF' button to control the entire unit.
- **Fan Speed Adjustment:** Use the fan speed buttons (1, 2, 3) to select between low, medium, and high fan speeds.
- **Light On/Off:** Press the light icon button to turn the LED light on or off independently.
- **Color Temperature Adjustment:** Cycle through 3 color temperatures (Warm Light 3000K, Natural Light 4500K, White Light 6000K) using the dedicated button.
- **Stepless Dimming:** Use the brightness adjustment buttons (sun icon with + or -) to increase or decrease the light intensity continuously.
- **Timer Function:** Set the fan to turn off automatically after 1 or 2 hours using the '1H' or '2H' buttons.
- **Night Light Mode:** Activate a low-brightness setting suitable for nighttime use.

5.2 Memory Function

The fan features a memory function that retains your last light settings (brightness and color temperature) when the unit is turned off and then back on. This ensures your preferred lighting is restored without manual adjustment.

Figure 5.3: The fan's light memory function.

6. Maintenance

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Periodically wipe the fan and light fixture with a soft, dry cloth to remove dust. For stubborn dirt, use a slightly damp cloth with mild soap, then dry thoroughly. Do not use harsh chemicals or abrasive materials.
- **Inspection:** Annually check all connections and mounting hardware for tightness. Ensure no wires are frayed or damaged.
- **Motor:** The fan features a mute AC motor designed for quiet operation and does not require lubrication.

7. Troubleshooting

If you encounter issues with your Mpayel ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution

Fan does not operate	No power supply; Remote control battery low/dead; Incorrect wiring.	Check circuit breaker; Replace remote control batteries; Verify wiring connections.
Light does not turn on	No power supply; Remote control battery low/dead; LED driver issue.	Check circuit breaker; Replace remote control batteries; Contact customer support if LED is faulty.
Fan makes unusual noise	Loose mounting screws; Obstruction in fan blades.	Tighten all mounting screws; Ensure nothing is interfering with the blades.
Remote control not working	Batteries dead/incorrectly inserted; Remote not paired.	Replace batteries; Refer to remote pairing instructions (if applicable, not detailed in provided data).
