JVC LT-32NQ3165C

JVC AI Vision Series QLED Android TV User Manual

Model: LT-32NQ3165C

Introduction

This user manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your JVC 80 cm (32 inches) AI Vision Series QLED Android TV, model LT-32NQ3165C. Please read this manual thoroughly before using the television to ensure proper and safe operation.
The JVC AI Vision Series QLED Android TV features Quantum Dot nanocrystals for deep, colorful clarity, and Dolby Atmos for enhanced audio. It runs on Google Android TV with built-in Wi-Fi, screen mirroring, and access to a wide range of applications.

What's in the Box

Verify that all components are present in the packaging:

- 1N LED TV Unit
- 1N Remote Control
- 1N Wall Mount (for wall installation)
- 1N Table Top Stand (for table placement)
- 2 AAA Batteries (for remote control)
- Power Cord
- 4 Stand Screws

Setup

1. Attaching the Stand or Wall Mounting

Table Top Stand Installation:

1. Carefully place the TV screen-down on a soft, flat surface to prevent damage.
2. Align the base stands with the screw holes on the bottom of the TV.
3. Secure each stand with the provided stand screws (x4).

Wall Mount Installation:

- Refer to the wall mount kit's instructions for proper installation.
- Ensure the wall can support the weight of the TV.
- It is recommended to have professional assistance for wall mounting.

3. Power Connection

Connect the power cord to the TV's power input and then to a wall outlet. The TV will enter standby mode.

Operating Instructions

1. Initial Setup Wizard

Upon first power-on, the TV will guide you through an initial setup process:

1. **Language Selection:** Choose your preferred language.
2. **Network Connection:** Connect to your Wi-Fi network or use an Ethernet cable.
3. **Google Account Sign-in:** Sign in with your Google account to access Android TV features, apps, and Google Assistant.
4. **Channel Scan:** Scan for available TV channels (if connecting an antenna).
5. **Time Zone and Date:** Set the correct time and date.

2. Remote Control Functions

The provided remote control allows full navigation and control of your JVC Android TV.

Maintenance

1. Cleaning the TV

- Always unplug the TV before cleaning.
- Use a soft, dry cloth to wipe the screen and cabinet.
- For stubborn marks, lightly dampen the cloth with water or a mild, non-abrasive screen cleaner. Do not spray liquid directly onto the screen.
- Avoid using abrasive cleaners, waxes, or solvents.

2. Software Updates

The TV may receive software updates periodically to improve performance and add new features. Ensure your TV is connected to the internet to receive these updates. You can usually check for updates in the TV's settings menu (System > About > System update).

Troubleshooting

If you encounter issues with your JVC AI Vision Series QLED Android TV, refer to the following common solutions:

Common Issues and Solutions

Problem	Possible Cause / Solution
No Power	Check if the power cord is securely plugged into the TV and the wall outlet. Try a different outlet.
No Picture / Black Screen	Ensure the correct input source is selected. Check cable connections (HDMI, AV). Try restarting the TV.
No Sound	Check volume level and mute status. Ensure external audio devices are connected correctly. Check audio settings in the TV menu.
Remote Control Not Working	Replace batteries. Ensure no obstructions between remote and TV. Re-pair Bluetooth remote if applicable.
Wi-Fi Connection Issues	Restart your router and TV. Check Wi-Fi password. Ensure TV is within range of the router.
Apps Not Loading / Crashing	Clear app cache/data in settings. Ensure sufficient storage. Update the app or TV software.

If the issue persists, please contact JVC customer support.
