ENGFYADSY YD03

ENGFYADSY AI Language Translator Earbuds

Model: YD03
Brand: ENGFYADSY

Introduction

The ENGFYADSY AI Language Translator Earbuds are designed to provide seamless communication across language barriers, offering real-time, two-way translation in up to 144 languages. Beyond translation, these versatile earbuds also function as high-quality headphones for music streaming and hands-free phone calls, making them a 3-in-1 solution for travel, business, and learning. This manual provides detailed instructions for setting up, operating, and maintaining your earbuds to ensure optimal performance.

Setup Guide

1. Unboxing and Initial Charge

Upon opening the package, you will find the AI Language Translator Earbuds, their charging case, and a USB charging cable. Before first use, ensure the earbuds and charging case are fully charged. Connect the USB cable to the charging case and a compatible power source. The digital display on the case will indicate the charging status.
For a visual guide on unboxing and initial setup, please refer to the product introduction video below:

Video: Product Introduction and Link Guidance. This video demonstrates the unboxing process, initial charging, and basic setup steps for the earbuds.

2. Bluetooth Pairing

The earbuds feature one-step pairing for convenience.

1. Open the charging case and remove both earbuds. They will automatically power on and enter pairing mode.
2. On your smartphone, tablet, or other Bluetooth-enabled device, navigate to the Bluetooth settings.
3. Look for "YD03" in the list of available devices and select it to connect.
4. Once connected, your device will confirm successful pairing.

3. App Installation and Device Binding

To utilize the full translation capabilities, you need to download and bind the dedicated AI app.

1. Scan the QR code provided in the user manual or on the packaging to download the AI app (compatible with iOS and Android).
2. Install and open the app. Follow the on-screen prompts to create an account or log in.
3. Within the app, navigate to the device binding section. You may need to scan a specific QR code (often found on a card included with the earbuds) to bind your earbuds to your account. This ensures secure and personalized use of the translation features.

Operating Instructions

1. 3-in-1 Functionality

Your ENGFYADSY earbuds offer three primary functions:

- **Language Translation:** Real-time, two-way translation for conversations and meetings.
- **Music Playback:** Enjoy high-quality audio for your favorite music.
- **Phone Calls:** Make and receive calls with clear audio.

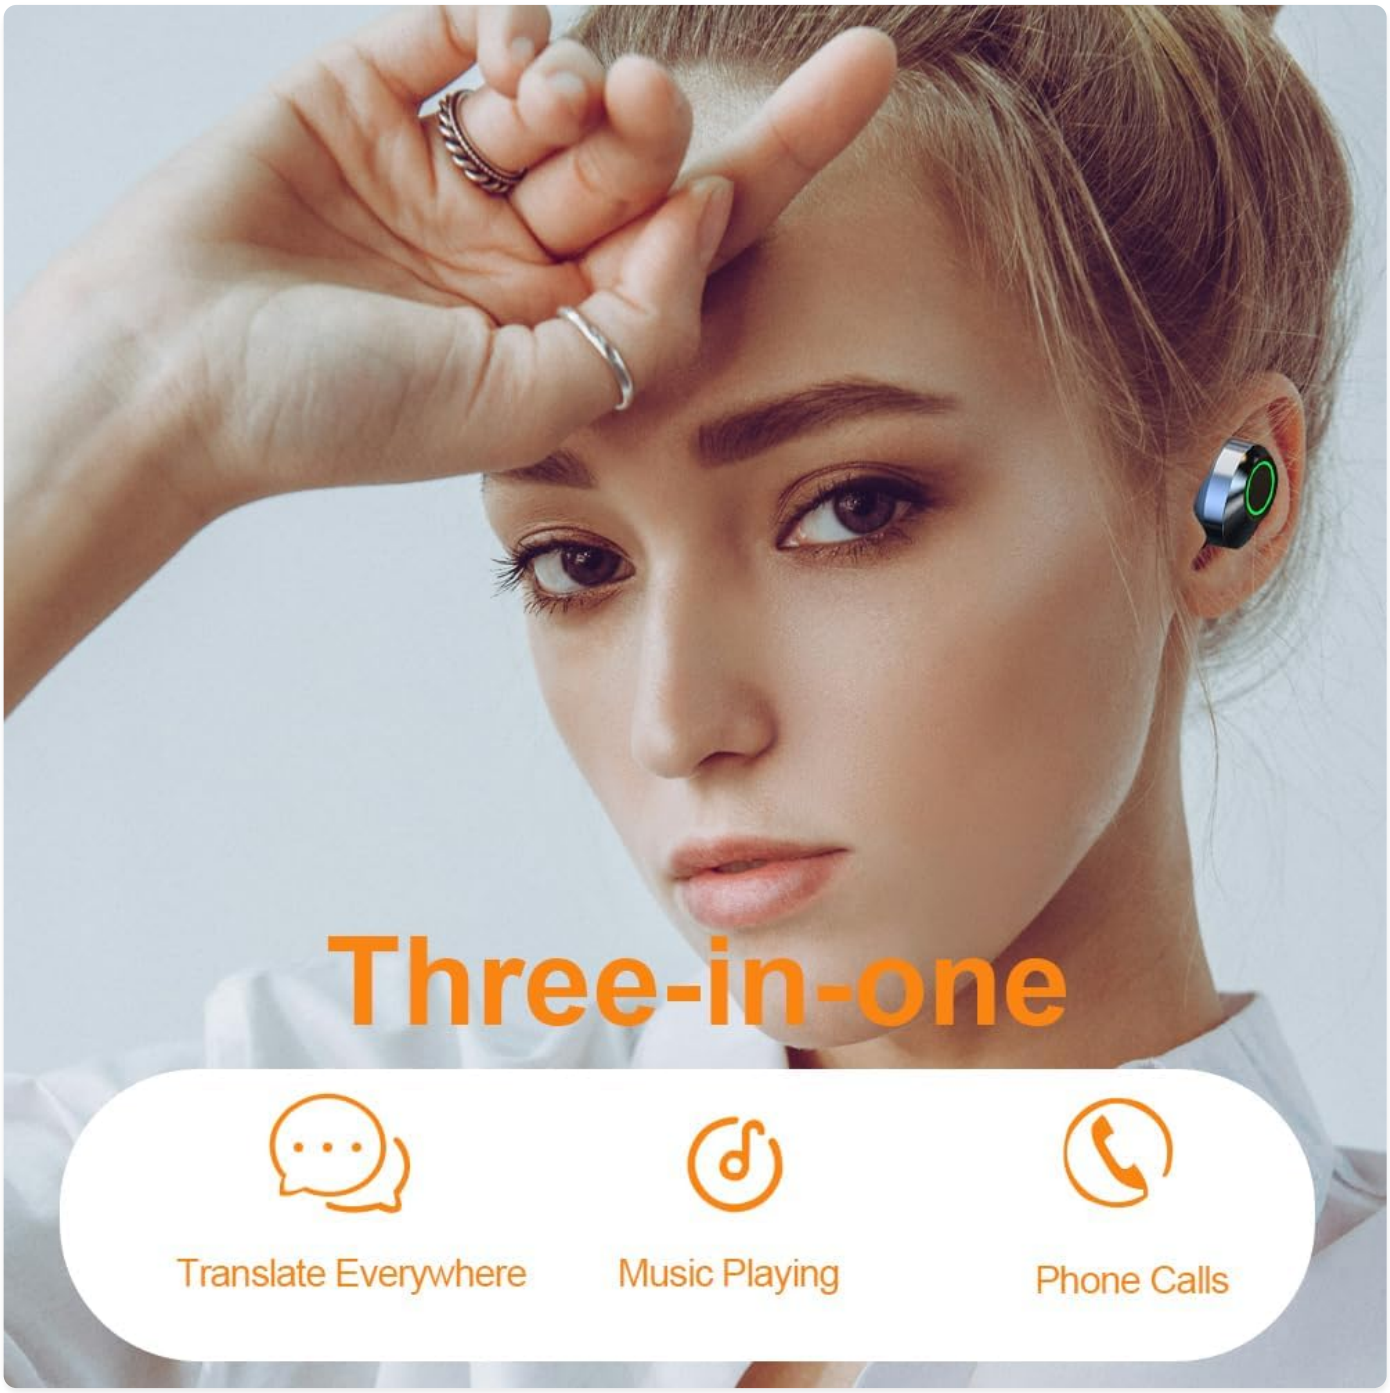

Image: Graphic illustrating the three core functions of the earbuds: Translate Everywhere, Music Playing, and Phone Calls.

2. Real-Time Translation

The earbuds support real-time translation in 144 languages with up to 99% accuracy. This feature is managed through the dedicated AI app.

- Open the AI app and select the translation mode (e.g., Simultaneous Mode).
- Choose your source and target languages.
- Speak into your phone's microphone or the earbud's microphone, and the translated audio will be played through the earbuds or your phone's speaker, depending on the selected mode.

Image: A visual representation of the earbuds' capabilities, including compatibility with iOS and Android, Bluetooth, Wi-Fi, touch control, translation, music playback, and phone calls.

3. Translation Modes

The app offers various translation modes to suit different scenarios:

- **Silent Mode:** Displays translation results as text only, without audio output.
- **Earphone Mode:** Speak into your phone, and listen to the translation through your earbuds.
- **Speaker Mode:** Press to speak, release to end recording, and play the translated audio from your phone's speaker.
- **Two Earphone Mode:** Each person wears an earbud, speaks into their respective earbud, and the translated audio is played through the earbuds.

4. Meeting Assistant

The AI app includes a meeting assistant feature that can record and transcribe conversations, providing a valuable tool for business and learning environments.

- Navigate to the 'Meeting Assistant' section in the app.
- Start recording to capture spoken words. The app will transcribe the audio, which can then be translated or saved for review.

5. Touch Controls

The earbuds feature intuitive touch controls for managing calls, music, and translation functions. Refer to the app or quick start guide for specific tap gestures for play/pause, skip tracks, answer/end calls, and activate translation.

Maintenance

1. Charging the Earbuds and Case

The charging case provides multiple charges for the earbuds, extending their use time. The case itself can be recharged via the included USB cable. A full charge provides up to 4 hours of earbud use. The charging case also has the capability to charge your smartphone.

2. Cleaning

Regularly clean your earbuds and charging case with a soft, dry, lint-free cloth. Avoid using abrasive materials or harsh chemicals. Ensure no moisture enters the charging ports or earbud speakers.

Troubleshooting

- **Earbuds not pairing:** Ensure both earbuds are removed from the case and fully charged. Turn off and on your device's Bluetooth, then try pairing again.
- **No sound from earbuds:** Check the volume level on your connected device. Ensure earbuds are properly seated in your ears.
- **Translation not working:** Verify that the earbuds are connected to the app and your device has an active internet connection (required for translation). Check language settings in the app.
- **App issues:** Ensure the app is updated to the latest version. Try restarting the app or your phone.
- **Poor audio quality:** Ensure earbuds are clean and free of debris. Check for interference from other wireless devices.

Specifications

Feature	Detail
Model Name	YD03
Brand	ENGFYADSY
Connectivity Technology	Wireless (Bluetooth)
Translation Languages	Up to 144 languages
Battery Life (Earbuds)	Up to 4 hours per charge
