ENGFYADSY F60

ENGFYADSY F60 AI OWS Language Translator Earbuds User Manual

Model: F60

Introduction

Thank you for choosing the ENGFYADSY F60 AI OWS Language Translator Earbuds. These earbuds are designed to provide real-time, two-way language translation, music streaming, and phone call functionality. This manual will guide you through the setup, operation, and maintenance of your device to ensure optimal performance.
The F60 earbuds offer wide compatibility with Android, iOS, and Windows devices that support Bluetooth. With support for 144 languages and up to 99% translation accuracy, they are an ideal tool for travel, business, and learning.

Package Contents

Upon opening the package, please verify that all items are present:

- ENGFYADSY F60 AI OWS Language Translator Earbuds (Left and Right)
- Charging Case
- USB Charging Cable
- User Manual
- Device Binding Code Card

Setup Guide

1. Initial Charging

Before first use, ensure the earbuds and charging case are fully charged. Connect the provided USB charging cable to the charging case and a power source. The LED indicator on the case will show the charging status. A full charge provides up to 4 hours of use for the earbuds, with the case offering multiple recharges.

2. Bluetooth Pairing

The F60 earbuds feature one-step pairing:

1. Open the charging case and remove both earbuds. They will automatically power on and enter pairing mode.
2. On your mobile device, enable Bluetooth and search for available devices.

3. Select "TWS" from the list of available devices to connect. Once connected, a voice prompt will confirm successful pairing.

3. App Installation and Device Binding

To utilize the full translation features, download the dedicated AI translation application:

1. Scan the QR code provided in the user manual or on the device binding code card to download the AI app.
2. Install the application on your smartphone.
3. Open the app and navigate to the device binding section.
4. Scan the QR code on the device binding card using the app to link your earbuds. It is recommended to take a photo of this QR code for future reference to prevent loss.

Operating Instructions

1. 3-in-1 Functionality

The F60 earbuds serve multiple purposes:

- **Language Translation:** Real-time, two-way translation in 144 languages via the dedicated app.
- **Music Streaming:** Enjoy your favorite audio content wirelessly.
- **Phone Calls:** Make and receive calls with clear audio.

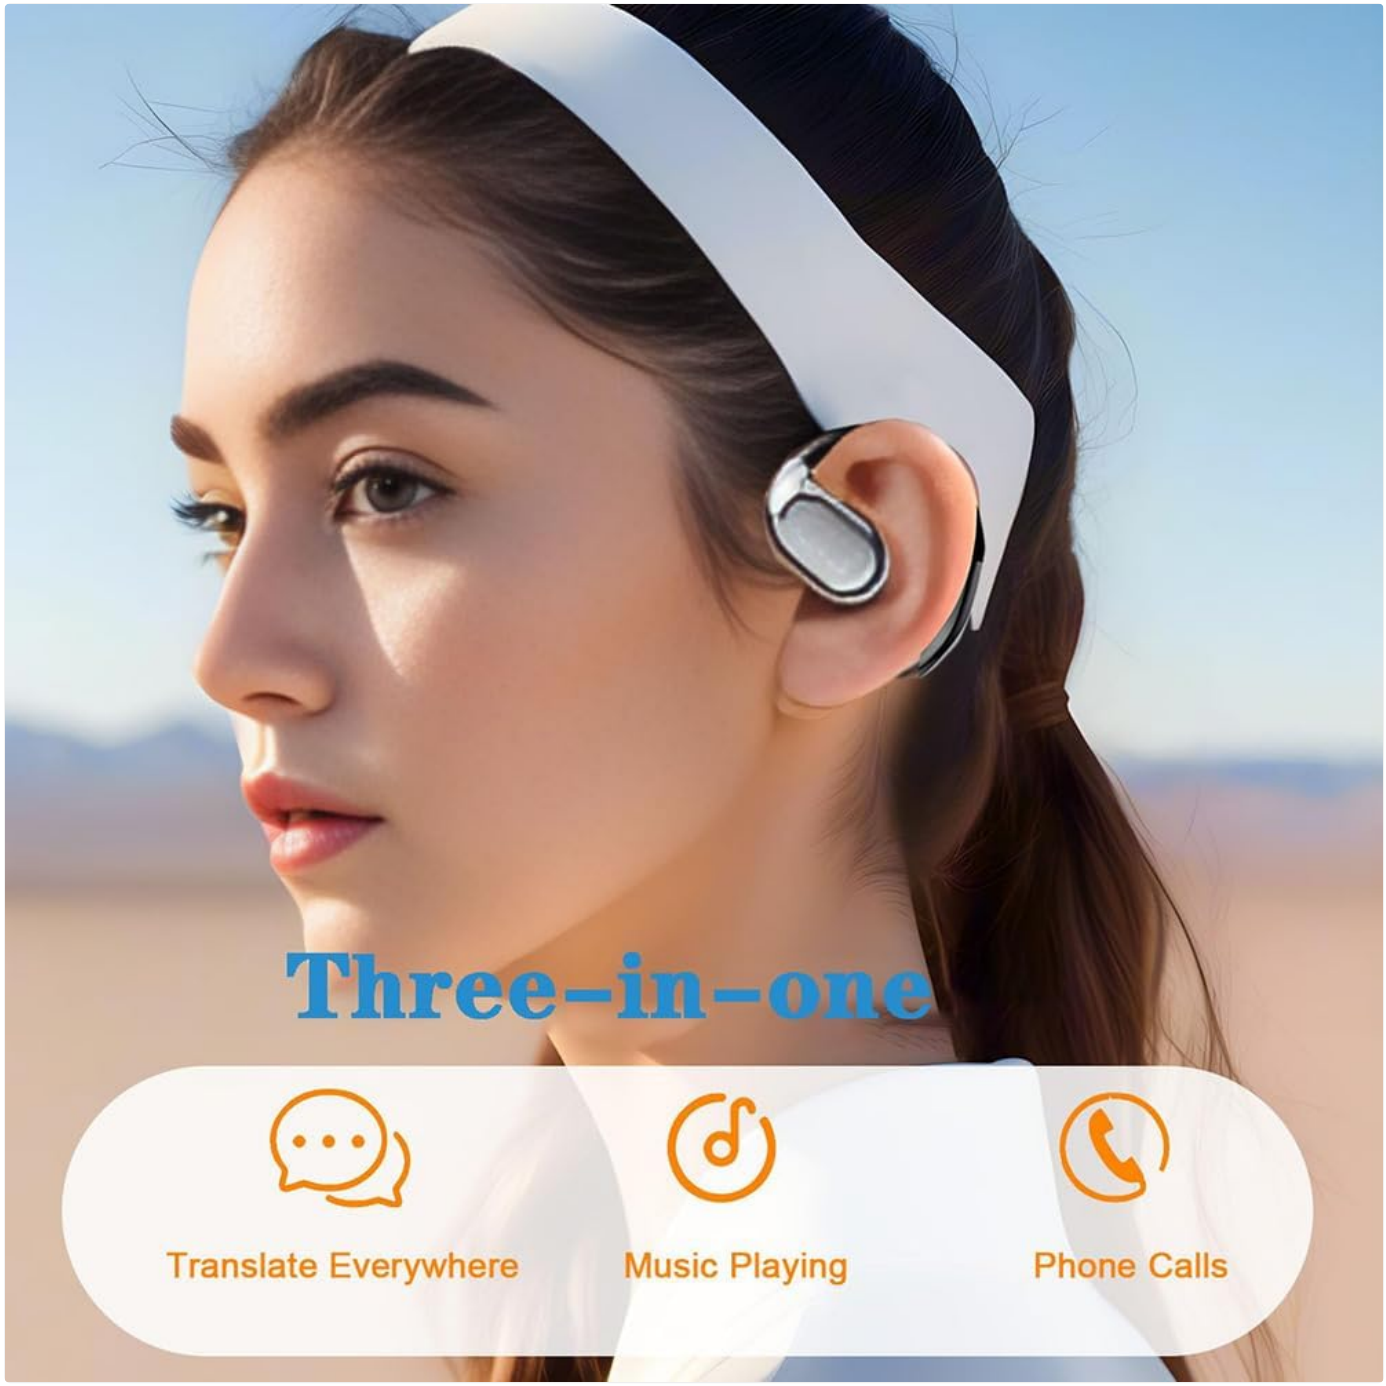

Image: An illustration highlighting the three core functions of the earbuds: translation, music playback, and phone calls.

2. Real-Time Translation Modes

Utilize the AI app for various translation scenarios:

- **Earphone Mode:** Speak into your phone, and listen to the translation through your earbuds.
- **Speaker Mode:** Press to speak, release to end recording, and the translated audio will play from your phone's speaker.
- **Two Earphone Mode:** Each person wears an earbud, speaks into their respective earbud, and the translated audio is

played through the other person's earbud.

- **Silent Mode:** Only displays the translation result as text without any audio output.

3. Meeting Assistant

The app also includes a meeting assistant feature for recording and transcribing conversations. This can be useful for language translation in various countries, meeting recording, and more.

4. Touch Control

The earbuds feature touch controls for managing music playback, calls, and translation functions. Refer to the in-app guide for specific touch gestures and their corresponding actions.

Maintenance

To ensure the longevity and optimal performance of your ENGFYADSY F60 earbuds, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Avoid using abrasive materials or

harsh chemicals.

- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage.
- **Charging:** Use only the provided USB charging cable. Avoid overcharging by disconnecting the charger once the battery is full.
- **Water Exposure:** The earbuds are not waterproof. Avoid exposure to water, moisture, or extreme temperatures.

Troubleshooting

If you encounter issues with your earbuds, try the following solutions:

- **Earbuds not pairing:** Ensure both earbuds are out of the charging case and have sufficient battery. Turn off and on your device's Bluetooth, then try pairing again.
- **No sound:** Check the volume levels on your connected device and ensure the earbuds are properly seated in your ears. Reconnect the Bluetooth connection.
- **Translation issues:** Verify that the earbuds are correctly bound to the app and that your internet connection is stable. Check the selected source and target languages in the app.
- **App not responding:** Close and restart the AI translation app. If the issue persists, try reinstalling the app.
- **Charging problems:** Ensure the charging cable is securely connected to both the case and the power source. Check for any debris in the charging port.
