## Lekaby Q22

# Lekaby Q22 Bluetooth Headphones User Manual

Model: Q22

## 1. INTRODUCTION

Thank you for choosing the Lekaby Q22 Bluetooth Headphones. This manual provides essential information for setting up, operating, and maintaining your new headphones. Please read it carefully before use to ensure optimal performance and longevity of your device.

### Package Contents

- 2 x Lekaby Q22 Bluetooth Headphones
- 1 x 2600 mAh Charging Case
- 1 x Type-C Charging Cable
- 6 x Ear Caps (S/M/L sizes)
- 1 x User Manual

## 2. SETUP

### 2.1 Charging the Headphones and Case

Before first use, fully charge both the headphones and the charging case.

1. Place the headphones into the charging case. Ensure they are correctly seated to initiate charging.
2. Connect the Type-C charging cable to the charging port on the case and to a USB power source.
3. The LED digital display on the charging case will indicate the battery level of the case and the charging status of each earbud.
4. A full charge provides approximately 8 hours of playtime for the headphones, and the 2600 mAh charging case can recharge the headphones multiple times for a total of up to 128 hours of playback.
5. The headphones support fast charging: 10 minutes of charging provides approximately 2 hours of use.

# Bluetooth 5.3 technology

Keep fast, stable, uninterrupted connections

## 2.2 Powering On/Off

- **Power On:** The headphones automatically power on when removed from the charging case.
- **Power Off:** Place the headphones back into the charging case to automatically power them off and begin charging.

## 2.3 Bluetooth Pairing

The Lekaby Q22 headphones feature Bluetooth 5.3 technology for stable and fast connections.

**1. First-time Pairing:**

- Remove both headphones from the charging case. They will automatically enter pairing mode.
- On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
- Select "Q22" from the list of found devices to connect.
- Once connected, you will hear a confirmation prompt, and the headphones will be ready for use.

**2. Automatic Reconnection:** After the initial pairing, the headphones will automatically connect to the last paired device when removed from the charging case, provided Bluetooth is enabled on the device.

## 2.4 Fitting the Earbuds

The Q22 headphones are designed with flexible ear hooks and come with three sizes of silicone ear caps (S/M/L) to ensure a secure and comfortable fit.

1. Choose the ear caps that best fit your ear canal for optimal sound quality and comfort.

2. Gently place the earbud into your ear canal.
3. Adjust the flexible ear hook over your ear to secure the headphone in place. This design is ideal for sports and active use.

## Smart Touch Control

The controls are tap-based and reasonably simple to use while you're in motion. Easily control music and calls.

### 3. OPERATING INSTRUCTIONS

### 3.1 Smart Touch Controls

The Q22 headphones feature intuitive touch controls on each earbud. The specific functions may vary slightly between the left and right earbud.

#### Touch Control Functions

Action	Function
Single Tap	Play/Pause music, Answer/End call
Double Tap (Left Earbud)	Previous Track
Double Tap (Right Earbud)	Next Track
Triple Tap (Left Earbud)	Volume Down
Triple Tap (Right Earbud)	Volume Up
Long Press (2 seconds)	Activate Voice Assistant (Siri, Google Assistant, etc.), Reject call

## 3.2 Emergency Power Bank Function

The 2600mAh charging case can also serve as an emergency power bank for other devices.

- Connect your smartphone or other compatible device to the Type-C output port on the charging case using an appropriate cable.

- The charging case can provide over 30% charge to a typical mobile phone when fully charged, offering a convenient power solution on the go.

# IP7 Waterproof & Sweatproof

Enjoy your music anytime and anywhere

## 4. MAINTENANCE

### 4.1 Cleaning

- Regularly clean the earbuds, ear caps, and charging contacts with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, solvents, or aerosol sprays.
- Remove ear caps and clean them with mild soap and water if necessary, ensuring they are completely dry before reattaching.

## **4.2 Water Resistance (IPX7)**

The Lekaby Q22 headphones are IPX7 waterproof, meaning they can withstand immersion in water up to 1 meter for 30 minutes. They are resistant to sweat and rain, making them suitable for sports and outdoor activities.

- Do not intentionally submerge the charging case, as it is not waterproof.
- Ensure the headphones are dry before placing them back into the charging case to prevent damage to the charging contacts.

# Secure & Comfortable Fit

**Flexible Earhooks**

## 4.3 Storage

When not in use, store the headphones in their charging case to protect them and keep them charged. Store in a cool, dry place away from extreme temperatures.

## 5. TROUBLESHOOTING

If you encounter any issues with your Lekaby Q22 headphones, please refer to the following common solutions:

### Common Issues and Solutions

Problem	Solution
Headphones not pairing	<ul style="list-style-type: none"><li>• Ensure headphones are charged.</li><li>• Turn off and on Bluetooth on your device.</li><li>• Forget "Q22" from your device's Bluetooth list and re-pair.</li><li>• Place headphones back in case, close, then reopen and try again.</li></ul>
Only one earbud working	<ul style="list-style-type: none"><li>• Ensure both earbuds are charged.</li><li>• Place both earbuds back in the charging case, close the lid, wait a few seconds, then remove them simultaneously.</li><li>• Try resetting the headphones (refer to manufacturer's website if a specific reset procedure is available).</li></ul>
Poor sound quality or disconnections	<ul style="list-style-type: none"><li>• Ensure the headphones are within the 15-meter Bluetooth range of your device.</li><li>• Check for obstructions between the headphones and your device.</li><li>• Ensure ear caps provide a good seal in your ear canal.</li><li>• Clean any debris from the earbud speakers.</li></ul>
Charging case not charging	<ul style="list-style-type: none"><li>• Ensure the Type-C cable is securely connected to both the case and the power source.</li><li>• Try a different Type-C cable or power adapter.</li></ul>
