

TYMO HC132

TYMO Electric Hair Scalp Massager Brush User Manual

Model: HC132

INTRODUCTION

Thank you for choosing the TYMO Electric Hair Scalp Massager Brush. This device is designed to provide a relaxing and stimulating scalp massage, promote stress relief, and facilitate the application of essential oils for healthier hair. Please read this manual thoroughly before use to ensure proper operation and maintenance.

PRODUCT FEATURES

- **3D Hand-Simulated Smoothing Massage:** Provides a kneading sensation for relaxation.
- **Retractable Teeth:** Adapts to your scalp for a personalized massage experience.
- **LED Light:** Illuminates the oil cabin for easy monitoring of essential oil levels.
- **Essential Oil Applicator:** Integrated reservoir for even and deep nourishment of the scalp.
- **Three Massage Modes:** Low Speed (Soothing), High Speed (Refreshing), and Low/High Alternating (Dynamic & Relaxing).
- **IPX7 Water-proof:** Suitable for use in the shower.
- **Cordless Design:** Offers convenience and portability.

IPX7 Water-proof

Massage in Shower? No Problem!

Shows the device being used under running water, emphasizing its IPX7 waterproof capability for shower use.

PACKAGE CONTENTS

Please check the package contents upon unboxing:

- 1 x TYMO Electric Hair Scalp Massager Brush
- 1 x USB Charging Cable
- 1 x User Manual

SETUP

Charging the Device

1. Connect the USB charging cable to the charging port on the massager.
2. Plug the other end of the USB cable into a compatible USB power adapter (not included) or a computer USB port.
3. The indicator light will show charging status (e.g., blinking while charging, solid when fully charged).

- 4. Allow approximately 2-3 hours for a full charge.

Filling the Essential Oil Reservoir (Optional)

- 1. Locate the essential oil cabin on the top of the massager head.
- 2. Gently twist or pull to open the cap of the oil reservoir.
- 3. Carefully pour your desired essential oil into the reservoir. Do not overfill.
- 4. Securely close the cap. The LED light will illuminate the cabin for easy level monitoring.

OPERATING INSTRUCTIONS

Power On/Off

- To power on, press and hold the power button for a few seconds. The device will start in the default massage mode.
- To power off, press and hold the power button again until the device stops.

Changing Massage Modes

Once powered on, short press the power button to cycle through the available massage modes:

- 1. **Mode 1:** Low Speed (Soothing)
- 2. **Mode 2:** High Speed (Refreshing)
- 3. **Mode 3:** Low/High Alternating (Dynamic & Relaxing)

Using the Massager

- 1. Ensure your hair is detangled before use.
- 2. Gently place the massage head onto your scalp. The retractable teeth will adapt to the contour of your head.
- 3. Move the massager slowly across your scalp in small circular motions or back and forth, covering all desired areas.
- 4. If using essential oils, the device will dispense the oil as you massage.
- 5. Use for approximately 5-10 minutes per session, or as desired.
- 6. The device is IPX7 waterproof and can be used on wet or dry hair, including in the shower.

MAINTENANCE

Cleaning

- After each use, especially if using essential oils, clean the massage head.
- Rinse the massage head under running water. For thorough cleaning, you may use a mild soap.
- Ensure no water enters the charging port.
- Wipe the device dry with a soft cloth.
- Do not use abrasive cleaners or harsh chemicals.

Storage

- Store the device in a cool, dry place away from direct sunlight.
- Keep out of reach of children.
