SETUP GUIDE

1. What's in the Box

- Boult Dire Smart Watch (Dire Black)
- Charging Cable
- User Manual
- Warranty Card

2. Charging the Device

Before first use, fully charge your Boulton Dire Smart Watch. Connect the provided charging cable to the magnetic charging port on the back of the watch and to a standard USB power adapter (not included). A full charge typically takes approximately 1-2 hours.

3. Initial Power On

To power on the watch, press and hold the side button until the Boulton logo appears on the screen. If the watch does not power on, ensure it is sufficiently charged.

4. App Installation and Pairing

To unlock the full functionality of your smart watch, download the **Boulton Fit** application from your smartphone's app store (available for Android and iOS). Follow these steps to pair your watch:

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the Boulton Fit app and create an account or log in.
3. Navigate to the device pairing section within the app.
4. Select "Boulton Dire" from the list of available devices.
5. Confirm the pairing request on both your watch and smartphone.

MAINTENANCE

Water and Dust Resistance (IP67)

The Boult Dire Smart Watch is rated IP67, meaning it is resistant to dust and can withstand immersion in water up to 1 meter for 30 minutes. It is suitable for daily use, including splashes, sweat, and rain. Avoid prolonged immersion or use in hot water/steam.

Cleaning and Care

To maintain your watch, regularly wipe the screen and strap with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used. Avoid using harsh chemicals or abrasive materials.

Strap Care

The Boult Dire Smart Watch features detachable straps, allowing for easy replacement or cleaning. Ensure the straps are securely attached after removal. The watch is compatible with both steel and silicon straps.

TROUBLESHOOTING

Watch Not Powering On

- Ensure the watch is fully charged. Connect it to the charging cable and a power source for at least 30 minutes.
- Press and hold the side button for 10-15 seconds to attempt a forced restart.

Charging Issues

- Verify the charging cable is securely connected to both the watch and the power adapter.
- Ensure the magnetic pins on the charger align correctly with the charging contacts on the watch.
- Try a different USB power adapter or USB port.
- Clean the charging contacts on the watch and cable with a dry cloth to remove any dust or debris.

Bluetooth Connectivity Problems

- Ensure Bluetooth is enabled on your smartphone and the watch.
- Restart both your smartphone and the smart watch.
- Unpair the watch from your smartphone's Bluetooth settings and then re-pair it through the Boul't Fit app.
- Ensure the Boul't Fit app is updated to the latest version.

Inaccurate Health Data

- Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone.
- Clean the sensors on the back of the watch.
- Avoid excessive movement during measurements.

Notifications Not Appearing

- Check notification settings within the Boul't Fit app to ensure desired apps are enabled.
- Verify that notification permissions are granted for the Boul't Fit app in your smartphone's system settings.
- Ensure the watch is connected via Bluetooth to your smartphone.
