## 4. SETUP AND INSTALLATION

---

The Vtopmart Hat Organizer is designed for easy assembly. Follow the steps below or refer to the installation video for a visual guide.

1. **Attach Non-Slip Pads:** Locate the non-slip pads and attach them to the designated spots on the bottom panel of each organizer.
2. **Install Side Panels:** Carefully install the LEFT and RIGHT side panels into the grooves of the bottom panel. Ensure they are oriented correctly as indicated by the arrows or labels.
3. **Slide in Back Panel:** Slide the back panel into the grooves of the side panels. Ensure all panels are aligned in the same direction.
4. **Install Front Door:** Attach the front door by aligning its hinges with the corresponding slots on the top edge of the front opening.
5. **Install Top Cover:** Place the top cover onto the assembled structure, ensuring it snaps securely into place.
6. **Insert Drawer Tray:** Slide the drawer tray into the bottom track of the organizer. Ensure the tray is positioned lower than the track for smooth operation.

## 5. USAGE AND OPERATION

---

Using your Vtopmart Hat Organizer is straightforward and designed for convenience.

### 5.1 Storing Hats

- Gently open the magnetic front door.
- Pull out the sliding tray.
- Place your baseball caps neatly on the tray. For optimal storage and to maintain hat shape, arrange them side-by-side. Each tray can comfortably hold up to 12 caps.
- Push the sliding tray back into the organizer until it locks into place.
- Close the magnetic front door.

## 5.2 Stacking Organizers

To save space, multiple Vtopmart Hat Organizers can be stacked securely.

- Ensure the bottom organizer is placed on a flat, stable surface.
- Align the grooves on the bottom of the upper organizer with the ridges on the top of the lower organizer.
- Gently lower the upper organizer until it securely interlocks with the one below.
- Repeat for additional units.

## 6. MAINTENANCE

To keep your Vtopmart Hat Organizer in optimal condition, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the clear panels and white trays with a soft, damp cloth. For stubborn marks, a mild soap solution can be used. Avoid abrasive cleaners or harsh chemicals, as these may scratch or damage the material.
- **Dusting:** Regularly dust the exterior to maintain clarity and appearance.
- **Avoid Overloading:** Do not exceed the recommended capacity of 12 hats per box to prevent strain on the sliding mechanism and maintain the shape of your hats.

## 7. TROUBLESHOOTING

If you encounter any issues with your hat organizer, please refer to the following common solutions:

- **Drawer Not Sliding Smoothly:**
  - Check for any obstructions (e.g., hat brims, debris) in the drawer tracks.
  - Ensure the drawer tray is correctly seated in the tracks and not misaligned.

- Clean the tracks with a damp cloth to remove any dust buildup.

- **Boxes Not Stacking Securely:**

- Verify that the top and bottom surfaces of the boxes are clean and free of debris.
- Ensure the boxes are perfectly aligned, with the grooves of the upper box fitting into the ridges of the lower box.

- **Magnetic Door Not Closing Properly:**

- Check if any hats are protruding and obstructing the door's closure.
- Ensure the door is correctly hinged and not damaged.
